1. Emotional Control and Resilience

One of the defining traits of what McNab calls a “good psychopath” is the ability to regulate emotions effectively. Unlike the stereotype of cold-heartedness, this is about managing fear, anxiety, and stress to maintain clarity in difficult situations. Emotional resilience allows these individuals to think clearly, make quick decisions, and stay focused on goals without being derailed by panic or self-doubt.

3. Charm and Social Influence

Contrary to popular belief, good psychopaths are often highly charming and persuasive. They know how to read people, communicate effectively, and build alliances.
