the life of mahatma gandhi louis fischer: Gandhi's African Legacy: Phoenix Settlement 1904 to 2024. A History Through Letters Uma Dhupelia-Mesthrie, 2024-10-01 "This is an epic work which gives us another deep insight not just into the South African Gandhi but also into his colleagues at the settlement and an ongoing biography of the settlement itself. This is the first book telling the history of Phoenix Settlement from its founding to now. It provides us with a view into the lives of the residents and supporters, rather than merely a history of the buildings. This is a goldmine for researchers. It very skilfully presents the role of the settlement in the campaigns against apartheid in the early 1950s and the international recognition of its actions and the stimulus they provided for international campaigns. The story of the settlement as a haven for multi-racial gatherings in the time of apartheid, and, regardless of this, the disaster that followed is wonderfully told." - Thomas Weber, Emeritus Professor, La Trobe University, Melbourne "Another magisterial book from Dhupelia-Mesthrie, this time on Phoenix, told through deeply researched contextual chapters and the letters of those who lived there. Informed by a lifetime's work on Gandhi and drawing on archives and personal papers from across the world, this monumental work will be treasured by grateful scholars and readers for decades to come." - Isabel Hofmeyr, Emeritus Professor, University of the Witwatersrand "The book provides a major, new, in-depth understanding of a major initiative in Gandhi's life, an initiative which laid the ground for his work in South Africa and in India, and whose resonances are still being felt in the world." - Ramachandra Guha, Eminent biographer of Gandhi

the life of mahatma gandhi louis fischer: The Wild-Bird Child Derick Bingham, 2019-08-02 She has become a legend. Brilliant, personable and passionate, she is arguably the most gifted of all Irish woman writers of Christian literature. During the time of the Raj in India, Amy Carmichael discovered a custom of the time in which children were 'married to gods' and so introduced to a life of prostitution. With a mixture of courage and heartbreak, she began to uncover the facts, sometimes under disguise, for the government. After independence, the Indian government courageously prohibited the practice by law. Against difficult circumstances, Amy and her colleagues provided a safe home for these children against awesomely difficult circumstances at Dohnavur in South India. Until her death in 1951, she devoted fifty years of her life to rescuing babies and children from dangerous backgrounds in India. Amy, a Christian missionary, social reformer and writer of thirty-five books, once described herself as a 'Wild-bird child and in no wise tame': her life proved her observation to be hauntingly accurate. Millions of people have been influenced by her life and writing. For this biography, the first by anyone from her home County, Derick Bingham carefully researched Amy Carmichael's original letters now placed by the Dohnavur Fellowship and Miss Margaret Wilkinson in the Northern Ireland Public Records Office. As Bingham tried to uncover the heart and conscience of this extraordinarily self-effacing legend, he is on record as saying that it proved to be one of the greatest spiritual experiences of his life, and in this biography, readers will find spiritual gold.

"The walls of Western Christianity are collapsing. In many parts of the West that collapse can only be described as seismic.... There are three main responses or reactions to this collapse. The first is to deny that it is happening. The second is to frantically try to shore up the foundations of the old thing. The third, which I invite us into, is to ask what is trying to be born that requires a radical reorientation of our vision. What is the new thing that is trying to emerge from deep within us and from deep within the collective soul of Christianity?" —from the Introduction In the midst of dramatic changes in Western Christianity, internationally respected spiritual leader, peacemaker and scholar John Philip Newell offers the hope of a fresh stirring of the Spirit among us. He invites us to be part of a new holy birth of sacred living. Speaking directly to the heart of Christians—those within the well-defined bounds of Christian practice and those on the disenchanting edges—as well as to the faithful and seekers of other traditions, he explores eight major features of a new birthing of Christianity: Coming back into relationship with the Earth as sacred Reconnecting with compassion as the ground of true relationship Celebrating the Light that is at the heart of all life Reverencing the wisdom of other religious traditions Rediscovering spiritual practice as the basis for transformation Living the way of nonviolence among nations Looking to the unconscious as the wellspring of new vision Following love as the seed-force of new birth in our lives and world
