

anti judaism in early christianity stephen g wilson

****Understanding Anti-Judaism in Early Christianity: Insights from Stephen G. Wilson****

anti judaism in early christianity stephen g wilson is a subject that invites deep reflection and scholarly inquiry. The complex relationship between early Christian communities and Judaism has long been a topic of study, and Stephen G. Wilson's work provides a nuanced perspective on the roots and development of anti-Judaism during Christianity's formative years. Exploring his insights helps us grasp how theological, social, and historical factors intertwined to shape attitudes that would echo through centuries.

Stephen G. Wilson and the Study of Early Christian Anti-Judaism

Stephen G. Wilson, a noted scholar in early Christian studies and patristics, has contributed significantly to understanding the origins and nature of anti-Judaism in early Christianity. His research goes beyond simplistic explanations, emphasizing the complexity of early Christian identity formation and its often fraught relationship with Judaism.

Wilson's approach focuses on how early Christians defined themselves in opposition to Judaism as they sought to establish a distinct religious identity. This identity formation was not merely a matter of theology but was also influenced by social and political realities within the Roman Empire. His work encourages readers to view anti-Judaism not just as outright hostility but as a multifaceted phenomenon with theological debates, cultural misunderstandings, and power dynamics all playing a role.

Historical Context: Early Christianity and Judaism

To appreciate Wilson's analysis, it's essential to understand the historical backdrop. Early Christianity emerged from within the Jewish milieu of the first century CE. Jesus and his earliest followers were Jews, and the initial Christian movement was often seen as a Jewish sect. However, as the movement expanded, particularly among Gentiles, tensions grew over religious practices, beliefs, and identity.

The Jewish Roots of Christianity

Christianity's beginnings are deeply rooted in Jewish tradition, scripture, and messianic expectations. Early Christians initially observed Jewish laws and customs, but as

theological interpretations developed—especially regarding Jesus as the Messiah and the reinterpretation of the Law—divergences became more pronounced.

Growing Distinctions and Emerging Conflict

Wilson highlights that as Christianity distanced itself from Jewish practices, partly due to the influx of Gentile believers and the destruction of the Second Temple in 70 CE, conflicts arose. These differences were often framed in theological terms, with Christian texts at times portraying Jews as rejecting Jesus and, by extension, the “true” covenant.

Anti-Judaism in Early Christian Texts

One of the key areas where Wilson sheds light is the role of early Christian writings in shaping anti-Jewish attitudes. These texts, including the New Testament and early Church Fathers’ writings, contain passages that have been interpreted as critical or hostile toward Judaism.

Interpreting Scriptural Passages

Wilson warns against reading these scriptures solely as expressions of hatred or bigotry. Instead, he suggests they reflect intra-community debates and struggles over religious authority and identity. For example, the Gospel of John contains passages that have been historically used to justify anti-Jewish sentiment, but Wilson encourages a contextual understanding that considers the polemical nature of these texts within their own time.

The Role of the Church Fathers

Early Church Fathers like Justin Martyr, Origen, and Augustine also contributed to theological arguments that positioned Christianity as the fulfillment of Judaism, often dismissing or criticizing Jewish practices. Wilson’s scholarship reveals how these theological positions were intertwined with broader social and political currents, influencing Christian attitudes toward Jews for centuries.

Factors Driving Anti-Judaism in Early Christianity

Wilson’s exploration goes beyond textual analysis to examine the broader factors that fostered anti-Judaism in early Christian communities.

Theological Motivations

Theological conflict was central. As Christianity sought to establish itself as the true faith, it reinterpreted Jewish scriptures and traditions in ways that often delegitimized Judaism. The idea of supersessionism—the belief that Christianity supersedes Judaism—played a crucial role in this dynamic.

Social and Political Pressures

Early Christians often faced marginalization within the Roman Empire. Distancing themselves from Judaism, which was viewed with suspicion by Roman authorities, became a survival strategy. Wilson points out that this distancing sometimes manifested as hostility toward Jewish communities to gain acceptance or avoid persecution.

Identity Formation and Group Boundaries

Wilson emphasizes that anti-Judaism functioned as a boundary marker. By defining what Christians were not, early believers solidified their own group identity. This process, while common in the formation of religious and social groups, had lasting consequences in shaping Christian-Jewish relations.

Repercussions and Legacy of Early Christian Anti-Judaism

Understanding Wilson's insights helps illuminate how early Christian anti-Judaism set patterns for future interactions between Christians and Jews.

The Transition to Christian Europe

As Christianity became the dominant religion in Europe, theological anti-Judaism evolved into social and political forms of antisemitism. Wilson's scholarship provides a foundation for tracing these developments, highlighting how early theological disputes laid groundwork for enduring prejudices.

Modern Reflections and Scholarship

Wilson's work encourages modern readers and scholars to approach early Christian anti-Judaism critically and thoughtfully. Recognizing the historical context and complexity can prevent simplistic or anachronistic judgments and foster more informed interfaith dialogue.

Why Stephen G. Wilson's Perspective Matters Today

In a world still grappling with religious intolerance and historical misunderstandings, Wilson's nuanced approach is invaluable. It reminds us that early Christian anti-Judaism was not a monolithic phenomenon but a product of its time, shaped by diverse influences.

- **Encourages Contextual Understanding:** By situating anti-Judaism within historical and social contexts, Wilson's work helps avoid oversimplification.
- **Promotes Interfaith Dialogue:** Insight into early Christian attitudes can foster empathy and mutual respect between Christian and Jewish communities today.
- **Highlights the Danger of Theological Exclusivism:** The legacy of supersessionism warns against religious claims that invalidate others' beliefs.

Tips for Engaging with This Topic

If you're interested in exploring anti-Judaism in early Christianity through the lens of Stephen G. Wilson's scholarship, consider these approaches:

1. **Read Primary Sources Thoughtfully:** Engage with early Christian texts alongside modern scholarly interpretations to appreciate their complexity.
2. **Explore Historical Contexts:** Understanding the Roman Empire's political and social climate enriches comprehension of early Christian-Jewish relations.
3. **Reflect on Modern Implications:** Think about how historical attitudes continue to influence contemporary religious and cultural dynamics.

Engaging with Wilson's work opens a path toward a balanced and informed understanding of a challenging chapter in religious history.

Exploring anti-Judaism in early Christianity through Stephen G. Wilson's scholarship reveals a multifaceted and deeply human story of faith, identity, and conflict. His work invites us to look beyond polarizing narratives and appreciate the complexities that shaped one of history's most significant religious relationships.

Frequently Asked Questions

Who is Stephen G. Wilson in the context of anti-Judaism in early Christianity?

Stephen G. Wilson is a scholar specializing in early Christian studies, known for his work on the origins and development of anti-Judaism in early Christian texts and communities.

What is the main focus of Stephen G. Wilson's research on anti-Judaism in early Christianity?

Wilson's research primarily focuses on how early Christian writings and communities distinguished themselves from Judaism, often resulting in negative portrayals and the development of anti-Judaic attitudes.

How does Stephen G. Wilson explain the origins of anti-Judaism in early Christian texts?

Wilson argues that anti-Judaism in early Christian texts emerged from theological conflicts and the desire to establish a distinct Christian identity separate from Jewish traditions.

What role do early Christian scriptures play in the development of anti-Judaism according to Stephen G. Wilson?

According to Wilson, certain interpretations of early Christian scriptures contributed to anti-Judaism by depicting Jews as opponents of Jesus and Christianity, which influenced later Christian attitudes.

How does Wilson's work contribute to understanding the historical context of anti-Judaism?

Wilson provides a nuanced analysis of the social, religious, and political contexts that shaped early Christian attitudes toward Jews, helping to explain why anti-Judaism developed during this period.

Does Stephen G. Wilson address the impact of anti-Judaism in early Christianity on later history?

Yes, Wilson discusses how early Christian anti-Judaism laid foundations for subsequent Christian-Jewish relations and influenced attitudes that persisted throughout history.

What methodologies does Stephen G. Wilson use in

studying anti-Judaism in early Christianity?

Wilson employs historical-critical methods, textual analysis, and comparative studies of early Christian and Jewish texts to explore the emergence and nature of anti-Judaism in the early Christian period.

****Anti Judaism in Early Christianity: An Analytical Review of Stephen G. Wilson's Perspectives****

anti judaism in early christianity stephen g wilson represents a critical focal point in the study of religious history and interfaith dynamics. Stephen G. Wilson, a prominent scholar in early Christian studies, offers a nuanced exploration of how anti-Judaism manifested in the formative years of Christianity. His work delves into the complexities of scriptural interpretation, socio-political tensions, and theological developments that contributed to the evolving relationship between early Christians and Jewish communities. This article investigates Wilson's analysis, situating it within broader academic discourse on early Christian attitudes toward Judaism, while integrating relevant thematic keywords such as early Christian anti-Judaism, Jewish-Christian relations, and scriptural polemics.

The Framework of Anti-Judaism in Early Christianity

Stephen G. Wilson's scholarship emphasizes that anti-Judaism in early Christianity cannot be understood merely as hostile sentiment but must be contextualized within a matrix of theological differentiation and identity formation. Early Christianity, emerging from a Jewish milieu, increasingly defined itself in opposition to Jewish traditions, a process that Wilson identifies as central to the development of Christian doctrine.

Wilson's approach highlights how early Christian texts, particularly the New Testament writings, reflect a complex engagement with Jewish law and customs. Passages that have historically been interpreted as anti-Judaic, such as certain narratives in the Gospels and Pauline epistles, are critically examined to understand their original intent and subsequent reception. This perspective challenges simplistic readings that portray early Christianity as inherently hostile toward Judaism from the outset.

Historical and Theological Contexts

Wilson stresses the importance of the socio-political realities of the first and second centuries CE. The destruction of the Second Temple in 70 CE, the rise of Roman imperial power, and the divergent trajectories of Jewish sects and Christian communities created fertile ground for both cooperation and conflict. Within this environment, early Christian leaders sought to establish a distinct identity, often by contrasting their beliefs with Jewish practices.

Wilson points out that the polemics found in early Christian literature served dual purposes: reinforcing community cohesion among Christians and responding to external pressures from Jewish authorities and Roman governance. This dual function complicates the narrative of anti-Judaism, revealing it as part of a broader strategy of religious self-definition rather than purely antagonistic intent.

Stephen G. Wilson's Contributions to the Study of Early Christian Anti-Judaism

One of Wilson's significant contributions is his methodical examination of primary sources alongside contemporary scholarly interpretations. He offers a balanced critique that neither excuses nor condemns early Christian authors for their portrayals of Jews but rather seeks to understand the factors shaping these portrayals.

Scriptural Interpretation and Polemics

Wilson's analysis of scriptural texts sheds light on how key New Testament passages have been historically leveraged to justify anti-Judaic attitudes. He explores, for example, the Johannine literature and Pauline letters, where themes of rejection and opposition to Jewish law are prominent. Wilson argues that these texts must be read with sensitivity to their rhetorical context and the polemical environment of early Christian communities.

Moreover, Wilson discusses how later Christian tradition often amplified and recontextualized these texts, sometimes resulting in the perpetuation of anti-Judaic stereotypes. Understanding this trajectory is crucial for modern scholars and religious leaders aiming to address the legacy of early Christian attitudes toward Judaism.

Interreligious Dynamics and Identity Formation

Wilson's work also focuses on the role of identity formation in shaping early Christian anti-Judaism. He posits that the differentiation from Judaism was not merely antagonistic but also a necessary element for early Christianity to emerge as a distinct religious movement. This process involved selective appropriation and rejection of Jewish beliefs and practices.

He further explores how early Christian leaders navigated their Jewish heritage, sometimes affirming continuity with Jewish tradition, while at other times emphasizing discontinuity. This ambivalence is a recurring theme in Wilson's scholarship, illustrating the fluid and contested nature of early religious identities.

Implications for Contemporary Scholarship and

Interfaith Dialogue

Stephen G. Wilson's insights into anti-Judaism in early Christianity have profound implications for both academic research and modern interfaith relations. His balanced and contextual approach encourages scholars to move beyond one-dimensional interpretations and to appreciate the historical complexities involved.

Challenges in Modern Interpretation

Wilson warns against anachronistic readings that impose modern categories of racism or religious intolerance onto ancient texts. While acknowledging the real harm that anti-Judaic rhetoric has caused throughout history, he advocates for a historically informed understanding that differentiates between ancient polemic and contemporary prejudice.

This distinction is vital for contemporary Christian-Jewish dialogue, enabling a recognition of past wrongs without perpetuating simplistic blame. Wilson's scholarship provides a foundation for informed conversations that respect the integrity of both religious traditions.

Educational and Theological Applications

The detailed analysis of anti-Judaism in early Christian texts offered by Wilson also serves as an invaluable resource for educators, theologians, and clergy. By unpacking the origins and functions of early Christian anti-Judaism, his work supports efforts to combat anti-Semitism and promote mutual respect.

In academic settings, Wilson's research encourages critical engagement with foundational religious texts, fostering a more nuanced understanding of scriptural interpretation and its consequences. Theologically, his work invites Christian communities to reflect on their historical narratives and to embrace interpretive approaches that affirm positive interfaith relations.

Key Themes in Stephen G. Wilson's Study of Early Christian Anti-Judaism

- **Contextualization of Anti-Judaism:** Understanding anti-Judaism within the historical and socio-political realities of the first centuries CE.
- **Textual Analysis:** Critical examination of New Testament texts that have been used to justify anti-Judaic attitudes.
- **Identity Formation:** Exploration of how early Christians defined themselves in

relation to Judaism.

- **Legacy and Reception:** Tracing the impact of early Christian anti-Judaism on subsequent Christian theology and interfaith relations.
- **Contemporary Relevance:** Addressing the implications for modern scholarship, education, and interreligious dialogue.

Stephen G. Wilson's scholarship on anti Judaism in early Christianity provides a vital lens through which to understand the complex origins of Christian attitudes toward Judaism. His work is characterized by a commitment to historical accuracy, critical analysis, and an awareness of the enduring impact of these early dynamics. Through this lens, scholars and practitioners alike can approach the subject with a balanced perspective that honors both the historical realities of early Christian development and the importance of fostering respectful interfaith understanding today.

[Anti Judaism In Early Christianity Stephen G Wilson](#)

anti judaism in early christianity stephen g wilson: [Anti-Judaism and Early Christian Identity](#) Miriam S. Taylor, 2022-06-08 Against the scholarly consensus that assumes early Christians were involved in a rivalry for converts with contemporary Jews, this book shows that the target of patristic writers was rather a symbolic Judaism, and their aim was to define theologically the young church's identity. In identifying and categorizing the hypotheses put forward by modern scholars to defend their view of a Jewish-Christian conflict, this book demonstrates how current theories have generated faulty notions about the perceptions and motivations of ancient Christians and Jews. Beyond its relevance to students of the early church, this book addresses the broader question of Christian responsibility for modern anti-Semitism. It shows how the focus on a supposedly social rivalry, obscures the depth and disquieting nature of the connections between early anti-Judaism and Christian identity.

anti judaism in early christianity stephen g wilson: **Anti-Judaism in Early Christianity** , 1986 The second volume in this two-volume work studying the initial developments of anti-Judaism within the church examines the evolution of the Christian faith in its social context as revealed by evidence such as early patristic and rabbinic writings and archaeological findings.

anti judaism in early christianity stephen g wilson: **Crossing Boundaries in Early Judaism and Christianity** Kimberley Stratton, Andrea Lieber, 2016-10-11 This volume celebrates the scholarship of Alan Segal. During his prolific career, Alan published ground-breaking studies that shifted scholarly conversations about Christianity, rabbinic Judaism, Hellenism and Gnosticism. Like the subjects of his research, Alan crossed many boundaries. He understood that religions do not operate in academically defined silos, but in complex societies populated by complicated human beings. Alan's work engaged with a variety of social-scientific theories that illuminated ancient sources and enabled him to reveal new angles on familiar material. This interdisciplinary approach enabled Alan to propose often controversial theories about Jewish and Christian origins. A new generation of scholars has been nurtured on this approach and the fields of early Judaism and Christianity emerge radically redefined as a result.

anti judaism in early christianity stephen g wilson: *A Companion to Second-Century Christian 'Heretics'* Antti Marjanen, Petri Luomanen, 2005-07-01 The book deals with thinkers and

movements that were embraced by many second-century religious seekers but which are now largely forgotten or known only as “heretics”: Basilides, Sethianism, Valentinus’ school, Marcion, Tatian, Bardaisan, Montanists, Cerinthus, Ebionites, Nazarenes, Jewish-Christianity of the Pseudo-Clementines, and Elchasites.

anti judaism in early christianity stephen g wilson: Jewish-Christian Relations Abel Mordechai Bibliowicz, 2019-03-01 I am in fundamental agreement with Bibliowicz's thesis (that the anti-Jewish polemic in the New Testament reflects debates between Jewish and Gentile followers of Jesus - not a polemic between Christians and Jews), and with the implications which he has drawn for Christian theology... May this book find a wide readership among people devoted to the cause of the healing of memories between Jews and Christians. —Peter C. Phan, Professor. Chair of Catholic Social Thought, Georgetown University; President of the Catholic Theological Society of America ‘Standing on a brilliant and insightful reconstruction of Paul, and on a quite shocking (but perhaps compelling) reading of Mark—the author offers a number of original and, in some cases, quite compelling theoretical reconstructions of the context and purposes of early Christian texts... a work of sublime moral passion.’ —David P. Gushee, Distinguished University Professor of Christian Ethics and Director, Center for Theology and Public Life, Mercer University. President-elect American Academy of Religion. Author of Kingdom Ethics: Following Jesus in Contemporary Context ‘An intrepid excursion into the Christian discourse... The quest of an intellectual, a humanist... Interesting and, in fact overwhelming... A timely and honest engagement of the Christian texts, authors, and scholars by a Jewish intellectual.’ —Burton L. Mack, - Professor of Early Christianity, Claremont School of Theology, California; author of A Myth of Innocence: Mark and Christian Origins “There is great merit to Bibliowicz's approach... I highly recommend this book for anyone interested in the Jewish-Christian dialogue.... Scholars may disagree with a number of Bibliowicz' conclusions, as I do with his interpretation of the Epistle to the Hebrews. But even in disagreeing, scholars in the field of Jewish-Christian studies, will learn new ways of challenging and thinking about old presumptions. —Eugene J. Fisher, Distinguished Professor of Theology, Saint Leo University. Former staff person for Catholic-Jewish relations for the U.S. Conference of Catholic Bishops, Consultor to the Vatican Commission for Religious Relations with the Jews, member of the International Catholic-Jewish Liaison Committee representing the Holy See. ‘An important work... Sensitive and deeply researched... In the deepest sense, a profound theological work.’ —Clark M. Williamson, Professor. Christian Theological Seminary, Indiana; author of Way of Blessing, Way of Life: A Christian Theology ‘I very much appreciated the depth and scope of the scholarship, accompanied by the kind and humble spirit of the author...it may also prove to be one of the formidable and formative scholarly contributions of the decade for both biblical and historical scholars. ‘ —Michael Thompson, Professor. Religious Studies - Oklahoma State University ‘In methodical and precise fashion Bibliowicz takes the reader through the relevant ancient Christian texts bearing on the question at hand. In so doing, he proposes an intriguing, compelling thesis. The book should prove to be a major voice in the ongoing debate.’ —Brooks Schramm, Professor of Biblical Studies, Lutheran Theological Seminary ‘Impressive work... With this impassioned study available to us, it will no longer be possible for us to ignore the unintended ways the unthinkable came to be and still say ‘we did not know.’ —Didier Pollefeyt, Professor. Faculty of Theology and Religious Studies, Katholieke Universiteit Leuven Belgium; coauthor of Anti-Judaism and the Fourth Gospel and Paul and Judaism ‘An original and plausible claim that goes beyond most of modern scholarship... a solid contribution to the study of anti-Judaism in early Christianity.’ —Joseph B. Tyson, Professor. Religious Studies, Southern Methodist University; author of Marcion and Luke-Acts: A Defining Struggle ‘Well-researched and thorough. Intelligent and thoughtful... accessible, the argumentation compelling.’ —Michele Murray, Professor. Bishop’s University, Canada; author of Playing a Jewish Game: Gentile Christian Judaizing in the First and Second Centuries C.E. ‘A detailed and insightful exploration of the writings of the early Jesus movement... argues convincingly that the origins of Christian anti-Judaism are to be found among early non-Jewish followers of Jesus who were in conflict with Jesus’s disciples and first followers... a must

read.’ —Tim Hegedus, Professor of New Testament, Waterloo Lutheran Seminary, Wilfrid Laurier University, Canada ‘Bibliowicz uses solid scholarship to engage large and difficult topics while managing to be balanced and clear... invites Christians to walk a deep journey toward truth... and suggests a compelling nuance that the conflicts in the early texts were between Jewish and Gentile followers of Jesus, not between Jews and Christians.’ —David L. Coppola, Executive Director, Center for Christian-Jewish Understanding, Sacred Heart University ‘A meticulous study... a mammoth endeavor... goes beyond others in his interpretation of the evidence, tracing and documenting distinctions and tensions in the early Jesus movement.’ —N. A. Beck, Professor of Theology and Classical Languages, Texas Lutheran University; author of *Mature Christianity in the 21st Century: The Recognition and Repudiation of the Anti-Jewish Polemic of the New Testament* ‘The topics Bibliowicz engages are complex. Although some of his interpretations are controversial... Gentile Christians should set aside apologetical agendas and honestly ponder the challenges put forward by the author.’ —Dale C. Allison, Jr. Professor of New Testament, Princeton Theological Seminary; author of *Constructing Jesus: History, Memory, and Imagination*

anti judaism in early christianity stephen g wilson: *The Orthodox Corruption of Scripture* Bart D. Ehrman, 1996-02-29 Victors not only write history: they also reproduce the texts. Bart Ehrman explores the close relationship between the social history of early Christianity and the textual tradition of the emerging New Testament, examining how early struggles between Christian heresy and orthodoxy affected the transmission of the documents over which many of the debates were waged. He makes a crucial contribution to our understanding of the social and intellectual history of early Christianity and raises intriguing questions about the relationship of readers to their texts, especially in an age when scribes could transform the documents they reproduced. This edition includes a new afterword surveying research in biblical interpretation over the past twenty years.

anti judaism in early christianity stephen g wilson: *Faithfulness and the Purpose of Hebrews* Matthew J Marohl, 2010-07-01 'Faithfulness and the Purpose of Hebrews' offers fresh answers to several unresolved questions by employing that branch of social psychology known as social identity theory. The author of *Hebrews* describes the faithfulness of Jesus as prototypical and relates the faithfulness of all other to Jesus' faith. Utilizing a model of present temporal orientation, the study interprets the dynamic relationship between the

anti judaism in early christianity stephen g wilson: *The Case for Christianity* Robert M. Haddad, 2010-09-16 This analysis of St Justin's approach in appealing to the Romans functions as both a fascinating historical exploration of what Haddad argues is the work of the founder of effective apologetics, and as a sourcebook for study for Christians who must defend their faith—just as St Justin's work itself in the second century AD.

anti judaism in early christianity stephen g wilson: *The Gospel of Peter and Early Christian Apologetics* Timothy P. Henderson, 2011 Slightly revised version of the author's thesis (Ph.D.)--Marquette University, 2010.

anti judaism in early christianity stephen g wilson: *The Early Church at Work and Worship - Volume 2* Everett Ferguson, 2014-06-27 This is the second volume of Ferguson's collected essays, and includes some of his most memorable work, especially on laying on of hands.

anti judaism in early christianity stephen g wilson: *The Early Church at Work and Worship, Vol II* Everett Ferguson, 2014-12-25 This is the second volume of Ferguson's collected essays, and includes some of his most memorable work.

anti judaism in early christianity stephen g wilson: *Surpassing Wonder* Donald H. Akenson, 2001-09-29 Elegant and inventive, *Surpassing Wonder* uncovers how the ancient Hebrew scriptures, the Christian New Testament, and the Talmuds of the Rabbis are related and how, collectively, they make up the core of Western consciousness. Donald Harman Akenson provides an incisive critique of how religious scholars have distorted the holy books and argues that it was actually the inventor of the Hebrew scriptures who shaped our concept of narrative history—thereby founding Western culture.

anti judaism in early christianity stephen g wilson: The Trinitarian Testimony of the Spirit Kyle Hughes, 2018-05-29 In *The Trinitarian Testimony of the Spirit*, Kyle R. Hughes offers a new approach to the development of early Christian pneumatology by focusing on how Justin, Irenaeus, and Tertullian linked the Holy Spirit with testimony to the deity and lordship of the Father and the Son. Drawing extensively on recent studies of prosopological exegesis and divine testimony in the ancient world, Hughes demonstrates how these three pre-Nicene Christian writers utilized Scripture and the conventions of ancient rhetoric and exegesis to formulate a highly innovative approach to the Holy Spirit that would contribute to the identification of the Spirit as the third person of the Trinity.

anti judaism in early christianity stephen g wilson: Brothers Estranged Adiel Schremer, 2010-01-20 The emergence of formative Judaism has traditionally been examined in light of a theological preoccupation with the two competing religious movements, 'Christianity' and 'Judaism' in the first centuries of the Common Era. In this book Ariel Schremer attempts to shift the scholarly consensus away from this paradigm, instead privileging the rabbinic attitude toward Rome, the destroyer of the temple in 70 C.E., over their concern with the nascent Christian movement. The palpable rabbinic political enmity toward Rome, says Schremer, was determinative in the emerging construction of Jewish self-identity. He asserts that the category of heresy took on a new urgency in the wake of the trauma of the Temple's destruction, which demanded the construction of a new self-identity. Relying on the late 20th-century scholarly depiction of the slow and measured growth of Christianity in the empire up until and even after Constantine's conversion, Schremer minimizes the extent to which the rabbis paid attention to the Christian presence. He goes on, however, to pinpoint the parting of the ways between the rabbis and the Christians in the first third of the second century, when Christians were finally assigned to the category of heretics.

anti judaism in early christianity stephen g wilson: Travel and Religion in Antiquity Philip A. Harland, 2011-03-08 *Travel and Religion in Antiquity* considers the importance of issues relating to travel for our understanding of religious and cultural life among Jews, Christians, and others in the ancient world, particularly during the Hellenistic and Roman eras. The volume is organized around five overlapping areas where religion and travel intersect: travel related to honouring deities, including travel to festivals, oracles, and healing sanctuaries; travel to communicate the efficacy of a god or the superiority of a way of life, including the diffusion of cults or movements; travel to explore and encounter foreign peoples or cultures, including descriptions of these cultures in ancient ethnographic materials; migration; and travel to engage in an occupation or vocation. With interdisciplinary contributions that cover a range of literary, epigraphic, and archeological materials, the volume sheds light on the importance of movement in connection with religious life among Greeks, Romans, Nabateans, and others, including Judeans and followers of Jesus.

anti judaism in early christianity stephen g wilson: The Moral Psychology of Clement of Alexandria Kathleen Gibbons, 2016-10-04 In *The Moral Psychology of Clement of Alexandria*, Kathleen Gibbons proposes a new approach to Clement's moral philosophy and explores how his construction of Christianity's relationship with Jewishness informed, and was informed by, his philosophical project. As one of the earliest Christian philosophers, Clement's work has alternatively been treated as important for understanding the history of relations between Christianity and Judaism and between Christianity and pagan philosophy. This study argues that an adequate examination of his significance for the one requires an adequate examination of his significance for the other. While the ancient claim that the writings of Moses were read by the philosophical schools was found in Jewish, Christian, and pagan authors, Gibbons demonstrates that Clement's use of this claim shapes not only his justification of his authorial project, but also his philosophical argumentation. In explaining what he took to be the cosmological, metaphysical, and ethical implications of the doctrine that the supreme God is a lawgiver, Clement provided the theoretical justifications for his views on a range of issues that included martyrdom, sexual asceticism, the status of the law of Moses, and the relationship between divine providence and human autonomy. By contextualizing Clement's discussions of volition against wider Greco-Roman debates about

self-determination, it becomes possible to reinterpret the invocation of “free will” in early Christian heresiological discourse as part of a larger dispute about what human autonomy requires.

anti judaism in early christianity stephen g wilson: The Grammar of Messianism Matthew V. Novenson, 2017 In this book, Novenson gives a revisionist account of messianism in antiquity. He shows that, for the ancient Jews and Christians who used the term, a messiah was not an article of faith but a manner of speaking: a scriptural figure of speech useful for thinking kinds of political order.

anti judaism in early christianity stephen g wilson: Jewish Women in Historical Perspective Judith Reesa Baskin, 1998 This collection of revised and new essays explores Jewish women's history. Topics include portrayals of women in the Hebrew Bible, the image and status of women in the diaspora world of late antiquity, and Jewish women in the Middle Ages.

anti judaism in early christianity stephen g wilson: *Comprehending Antisemitism through the Ages: A Historical Perspective* Armin Lange, Kerstin Mayerhofer, Dina Porat, Lawrence H. Schiffman, 2021-08-23 This volume traces the history of antisemitism from antiquity through contemporary manifestations of the discrimination of Jews. It documents the religious, sociological, political and economic contexts in which antisemitism thrived and thrives and shows how such circumstances served as support and reinforcement for a curtailment of the Jews’ social status. The volume sheds light on historical processes of discrimination and identifies them as a key factor in the contemporary and future fight against antisemitism.

anti judaism in early christianity stephen g wilson: A History of Catholic Antisemitism R. Michael, 2008-03-31 Moving from the Catholic Church's pagan origins, through the Roman era, middle ages, and Reformation to the present, Robert Michael here provides a definitive history of Catholic antisemitism.
