Archive of American Television Interviews: Preserving the Voices Behind the Screen

archive of american television interviews serves as a vital repository that captures the rich history and personal stories of the people who have shaped the television industry. For anyone fascinated by the evolution of television, the Archive offers an unparalleled window into the lives and careers of actors, producers, writers, directors, and other influential figures. This treasure trove of interviews not only preserves these firsthand accounts for posterity but also provides valuable insights into the cultural impact of television across decades.

What Is the Archive of American Television Interviews?

The Archive of American Television Interviews is a digital and physical collection dedicated to recording and preserving oral histories from television professionals. It was established to document the stories behind the scenes—stories that traditional history books or biographies might overlook. Through in-depth interviews, the archive captures candid conversations about the creative processes, challenges, and triumphs experienced by television pioneers and contemporary artists alike.

Unlike scripted content, these interviews provide a humanizing perspective that brings the industry's history to life. For students, researchers, and enthusiasts, the archive is a goldmine for understanding television's development and the shifts in storytelling, technology, and cultural norms over time.

The Importance of Preserving Television History

Television has been a powerful medium influencing society for over 70 years, reflecting and shaping public opinion and culture. The archive's interviews preserve memories that might otherwise be lost as generations pass. This documentation helps:

- Capture the evolution of television genres and formats.
- Highlight the contributions of underrepresented groups in television history.
- Showcase the creative decision-making behind iconic shows.
- Offer inspiration and lessons for new generations of television creators.

Without such archives, much of this invaluable history could fade, leaving gaps in our understanding of how television became the cultural force it is today.

Exploring the Content: What You'll Find in the Archive

The Archive of American Television Interviews contains thousands of interviews covering a broad spectrum of television roles and eras. From early television pioneers in the 1940s and 1950s to

contemporary stars, the collection is incredibly diverse.

Key Categories of Interviews

- **Actors and Actresses:** Hear behind-the-scenes stories from legendary performers who brought beloved characters to life.
- **Directors and Producers:** Learn about the creative vision, logistical challenges, and innovation involved in producing television content.
- **Writers and Showrunners:** Gain insight into the scripting, character development, and storytelling that shape television narratives.
- **Technical Crew and Innovators:** Discover the technological advances and behind-the-camera contributions that transformed television production.

These interviews are often accompanied by transcripts and sometimes video footage, making them accessible to a wide audience. For educators, this means they can integrate authentic voices from the television industry into their curriculum.

How the Archive Benefits Researchers and Enthusiasts

Whether you're a media scholar, a film student, or simply a television fan, the archive offers a wealth of knowledge. It provides:

Authentic Primary Sources

Primary source interviews allow researchers to analyze the television industry's history without relying solely on secondary interpretations. This direct access to personal narratives enriches academic projects and documentaries.

Educational Resources

Teachers and professors use the interviews to bring history to life, illustrating how television evolved alongside social and political changes. The archive supports learning in fields such as media studies, history, and cultural studies.

Inspiration for Creators

For aspiring writers, actors, and producers, hearing the challenges and successes of experienced professionals offers motivation and practical advice. The archive reveals the perseverance behind many iconic television careers.

Tips for Navigating and Using the Archive of American Television Interviews

Navigating such a vast collection can be overwhelming without some guidance. Here are some tips to make the most out of exploring the archive:

1. **Use Specific Search Terms:** Narrow your search by focusing on particular shows, time periods, or roles within the industry.
2. **Look for Thematic Collections:** Some interviews are grouped by themes such as comedy, drama, or technical innovation, which can help contextualize your research.
3. **Read Transcripts Alongside Videos:** Transcripts can be useful for quick reference or citation, while videos provide tone and nuance.
4. **Explore Related Interviews:** Many interviews reference other industry figures, leading to a broader understanding of interconnected careers.
5. **Check for Updates:** The archive is continually expanding, so revisit periodically to discover new interviews and content.

The Archive's Role in Celebrating Television's Cultural Impact

Television is more than entertainment; it's a mirror reflecting societal values, struggles, and transformations. The archive highlights how television has addressed issues like civil rights, gender equality, and political change through its programming and personalities.

By preserving these interviews, the archive helps us appreciate television's role as a cultural storyteller and social commentator. It also honors the individuals who dared to innovate and push boundaries within the medium.

Connecting with the Archive Today

Thanks to digital technology, much of the archive is accessible online, allowing a global audience to dive into the history of American television. Many universities, libraries, and media organizations promote the archive as a resource for public engagement and educational programming.

For those looking to explore television history in a deep and meaningful way, the Archive of American Television Interviews offers an authentic, engaging, and comprehensive portal into the stories behind the screen. Whether you're researching a favorite show, studying television's impact on culture, or seeking inspiration from industry legends, the archive is an invaluable resource that keeps the voices of television alive for generations to come.

Frequently Asked Questions

The Archive of American Television Interviews is a collection of recorded interviews with television industry pioneers, including actors, producers, writers, and directors, preserving the history of American television.

Where can I access the Archive of American Television Interviews?

The interviews are available online through the official Archive of American Television website and also through platforms like the Paley Center for Media and the Television Academy Foundation's website.

Who conducts the interviews for the Archive of American Television?

The interviews are typically conducted by historians, journalists, and industry experts who specialize in television history and culture.

What types of television professionals are featured in the Archive of American Television Interviews?

The archive features a wide range of professionals including actors, writers, producers, directors, showrunners, and network executives who have contributed to the development of American television.

How can the Archive of American Television Interviews be used for research?

Researchers and students can use the archive as a primary source for studying television history, production processes, cultural impact, and personal experiences of television industry figures.

Are the Archive of American Television Interviews available for public use and educational purposes?

Yes, the interviews are generally accessible to the public and are often used by educators, students, and scholars for educational and research purposes.

When was the Archive of American Television Interviews established?

The Archive of American Television was established in 1997 to document and preserve the history of the American television industry through first-person interviews.

Additional Resources

Archive of American Television Interviews: A Comprehensive Exploration

archive of american television interviews represents a vital cultural and historical resource that captures the essence of American television history through candid conversations with industry pioneers, actors, producers, and other influential figures. This extensive collection offers invaluable insight into the evolution of television as a medium, its impact on society, and the personal narratives behind some of the most iconic moments in broadcast history. For researchers, students, and enthusiasts alike, these interviews serve as a rich repository of firsthand accounts and reflections that illuminate the behind-the-scenes workings of American television.

Understanding the Archive of American Television Interviews

The archive of American television interviews is more than just a collection of recorded dialogues; it is a curated anthology that preserves the legacies of television's most pivotal contributors. Spanning decades, this archive delves into the personal and professional lives of actors, writers, directors, and executives who shaped the television landscape. The interviews are typically conducted with a focus on storytelling, historical context, and industry evolution, making them an indispensable asset for anyone seeking an authentic glimpse into the medium's development.

One of the distinguishing features of this archive is its commitment to oral history—a method that prioritizes personal testimony and narrative over secondary interpretation. By preserving the voices and memories of television's key players, the archive ensures that their experiences remain accessible for future generations. This approach also allows for a nuanced understanding of television history that goes beyond traditional documentation.

The Role of Oral Histories in Television Documentation

Oral histories have become a cornerstone in documenting media history, and the archive of American television interviews exemplifies their importance. Unlike written records, these

interviews capture the tone, emotion, and spontaneity of memories, offering a more vivid and engaging account. For scholars, this means access to authentic perspectives and anecdotes that might otherwise be lost.

Moreover, oral histories can reveal the cultural and social dynamics that influenced television programming and production. Through these interviews, researchers can identify shifts in societal attitudes, technological advancements, and industry challenges as narrated by those who experienced them firsthand.

Features and Scope of the Archive

The archive encompasses a broad range of interviews, covering various genres from sitcoms and dramas to news broadcasting and reality television. It includes conversations with legendary actors like Lucille Ball and James Garner, influential producers such as Norman Lear, and pioneering news anchors like Walter Cronkite. The breadth of this archive provides a comprehensive overview of the medium's multifaceted nature.

In terms of accessibility, many archives related to American television interviews are hosted by reputable institutions such as the Television Academy Foundation and university libraries. These platforms often provide searchable databases, transcripts, and sometimes video footage, making it easier for users to locate specific interviews or topics.

Comparing the Archive of American Television Interviews with Other Media Archives

When juxtaposed with other media archives, the archive of American television interviews stands out for its specialized focus on television as opposed to film or radio. While film archives may prioritize visual elements and production details, television interview archives emphasize storytelling and the medium's unique challenges, such as episodic production schedules and network constraints.

Additionally, archives like the American Film Institute's oral histories or the Paley Center for Media collections complement the television interviews by offering broader media context. However, the archive of American television interviews remains unparalleled in its concentrated examination of television's cultural and industrial impact.

Utilizing the Archive for Research and Education

The archive of American television interviews is an essential tool for academic research, media studies, and public education. Educators often incorporate these interviews into curricula to provide students with primary source material that enhances understanding of television history and media theory.

Researchers benefit from the depth of information available, which supports studies in areas such as media representation, technological innovation, and industry economics. The interviews often reveal

the decision-making processes behind landmark television shows, shedding light on the intersection of creativity and commerce.

Potential Challenges in Using the Archive

Despite its wealth of information, utilizing the archive of American television interviews may present certain challenges. Access restrictions or limited digitization can hinder the availability of some interviews. Additionally, the subjective nature of oral histories means that recollections may sometimes be influenced by personal bias or selective memory.

Researchers must approach the archive with critical analysis, corroborating interview content with other sources when possible. Nevertheless, the firsthand nature of these interviews remains a compelling advantage that outweighs these limitations.

Significance in Preserving Television's Legacy

Preservation of television history through interviews plays a crucial role in maintaining cultural heritage. The archive of American television interviews not only honors the contributions of industry figures but also documents the medium's role in shaping American identity and societal values.

By capturing the voices behind landmark shows and historic broadcast moments, the archive ensures that television's evolution is recorded not just as a technological or commercial phenomenon but as a deeply human story. This ongoing documentation supports a richer appreciation of television's influence on global entertainment and information dissemination.

Future Directions and Digital Innovations

With advancements in digital technology, the archive of American television interviews is increasingly accessible online, enabling a wider audience to engage with these historical testimonies. Efforts to digitize and index interviews improve searchability and user experience, while integration with multimedia platforms allows for enriched content presentation.

Artificial intelligence and machine learning are also beginning to play a role in cataloging and analyzing large interview databases, offering new possibilities for research and interactive exploration. As the archive continues to expand, these innovations will likely enhance its value as an educational and cultural resource.

The archive of American television interviews remains a dynamic and evolving repository, reflecting not only the past achievements of the medium but also its ongoing transformation. For those passionate about television history, media studies, or cultural preservation, this archive offers an unparalleled window into the stories that shaped an industry and a nation.

archive of american television interviews: Hanna-Barbera Jared Bahir Browsh, 2022-01-11 With careers spanning eight decades, William Hanna and Joseph Barbera were two of the most prolific animation producers in American history. In 1940, the two met at MGM and created Tom and Jerry, who would earn 14 Academy Award nominations and seven wins. The growth of television led to the founding of Hanna-Barbera's legendary studio that produced countless hours of cartoons, with beloved characters from Fred Flintstone, George Jetson and Scooby-Doo to the Super Friends and the Smurfs. Prime-time animated sitcoms, Saturday morning cartoons, and Cartoon Network's cable animation are some of the many areas of television revolutionized by the team. Their productions are critical to our cultural history, reflecting ideologies and trends in both media and society. This book offers a complete company history and examines its productions' influences, changing technologies, and enduring cultural legacy, with careful attention to Hanna-Barbera's problematic record of racial and gender representation.

archive of american television interviews: *The Adventures of Ozzie Nelson* John R. Holmes, 2021-09-28 When Ozzie Nelson died in 1975, he was no longer a household name. For a guy who had created the longest-running TV sitcom in history, invented the rock video, and fronted one of the most successful big bands of the 1930s, it's baffling that Nelson has faded so far from American media memory. Larger than life offscreen--an attorney, college football star, cartoonist, songwriter, major band leader--Ozzie created a smaller-than-life TV persona, the bumbling average Dad who became known to the rock generation (which included his teen idol son Rick Nelson) as the essence of blandness. But America also saw Ozzie as their iconic Dad: not a father knows best, since his pontifications usually proved flawed by the end of each episode, but the father who tried his best. This book is the only full-length biography of Ozzie Nelson since he published his memoirs in 1973. It treats the big band and early TV icon with affection and hints that American pop culture may owe more to Ozzie than is generally acknowledged.

archive of american television interviews: Jim Henson Brian Jay Jones, 2016-05-10 NEW YORK TIMES BESTSELLER • For the first time ever—a comprehensive biography of one of the twentieth century's most innovative creative artists: the incomparable, irreplaceable Jim Henson. He was a gentle dreamer whose genial bearded visage was recognized around the world, but most people got to know him only through the iconic characters born of his fertile imagination: Kermit the Frog, Bert and Ernie, Miss Piggy, Big Bird. The Muppets made Jim Henson a household name, but they were just part of his remarkable story. This extraordinary biography—written with the generous cooperation of the Henson family—covers the full arc of Henson's all-too-brief life: from his childhood in Leland, Mississippi, through the years of burgeoning fame in America, to the decade of international celebrity that preceded his untimely death at age fifty-three. Drawing on hundreds of hours of new interviews with Henson's family, friends, and closest collaborators, as well as unprecedented access to private family and company archives, Brian Jay Jones explores the creation of the Muppets, Henson's contributions to Sesame Street and Saturday Night Live, and his nearly

ten-year campaign to bring *The Muppet Show* to television. Jones provides the imaginative context for Henson's non-Muppet projects, including the richly imagined worlds of *The Dark Crystal* and *Labyrinth*—as well as fascinating misfires like Henson's dream of opening an inflatable psychedelic nightclub. An uncommonly intimate portrait, Jim Henson captures all the facets of this American original: the master craftsman who revolutionized the presentation of puppets on television, the savvy businessman whose dealmaking prowess won him a reputation as "the new Walt Disney," and the creative team leader whose collaborative ethos earned him the undying loyalty of everyone who worked for him. Here also is insight into Henson's intensely private personal life: his Christian Science upbringing, his love of fast cars and expensive art, and his weakness for women. Though an optimist by nature, Henson was haunted by the notion that he would not have time to do all the things he wanted to do in life—a fear that his heartbreaking final hours would prove all too well founded. An up-close look at the charmed life of a legend, Jim Henson gives the full measure to a man whose joyful genius transcended age, language, geography, and culture—and continues to beguile audiences worldwide. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BOOKPAGE "Jim Henson vibrantly delves into the magnificent man and his Muppet methods: It's an absolute must-read!"—Neil Patrick Harris "An exhaustive work that is never exhausting, a credit both to Jones's brisk style and to Henson's exceptional life."—The New York Times "[A] sweeping portrait that is a mix of humor, mirth and poignancy."—Washington Independent Review of Books "A meticulously researched tome chock-full of gems about the Muppets and the most thorough portrait of their creator ever crafted."—Associated Press

archive of american television interviews: *The 1960s* James S. Olson, Mariah Gumpert, 2018-04-19 This volume serves as an invaluable study guide covering all of the key political, social, and cultural concepts of the turbulent 1960s. The 1960s were a polarizing decade, beginning brightly and with hope but ending in disappointment and disarray. By the end, traditional values had been subverted, political institutions had been overturned, and marginalized groups had battled their own government to win equal rights and freedoms. The clear-cut foreign policies of the postwar era brought mixed results, and the world's mightiest nation became mired in a war it could not win. This overview of the 1960s covers all of the key political, social, and cultural concepts of the decade through topical and biographical entries, primary documents, a sample document-based essay question and top tips, and period-specific learning objectives. The book contains an Introduction that presents the historical themes of the period. Alphabetical encyclopedic entries relating to the period specific themes comprise the core reference material in the book. The book also contains a range of primary documents with their own introductions and a sample document-based essay question. Other features include a list of Top Tips, a thematically tagged chronology, and a list of specific learning objectives readers can use to gauge their working knowledge and understanding of the period.

archive of american television interviews: *Focus On: 100 Most Popular English-language Film Directors* Wikipedia contributors,

archive of american television interviews: *Cosby* Mark Whitaker, 2014-09-16 The first major biography of an American icon, comedian Bill Cosby. Based on extensive research and in-depth interviews with Cosby and more than sixty of his closest friends and associates, it is a frank, fun and fascinating account of his life and historic legacy. Far from the gentle worlds of his routines or TV shows, Cosby grew up in a Philadelphia housing project, the son of an alcoholic, largely absent father and a loving but overworked mother. With novelistic detail, award winning journalist Mark Whitaker tells the story of how, after dropping out of high school, Cosby turned his life around by joining the Navy, talking his way into college, and seizing his first breaks as a stand-up comedian. Published on the 30th anniversary of *The Cosby Show*, the book reveals the behind-the-scenes story of that groundbreaking sitcom as well as Cosby's bestselling albums, breakout role on *I Spy*, and pioneering place in children's TV. But it also deals with professional setbacks and personal dramas, from an affair that sparked public scandal to the murder of his only son, and the private influence of his wife of fifty years, Camille Cosby. Whitaker explores the roots of Cosby's controversial stands on

race, as well as “the Cosby effect” that helped pave the way for a black president. For any fan of Bill Cosby’s work, and any student of American television, comedy, or social history, *Cosby: His Life and Times* is an essential read.

archive of american television interviews: Richard Matheson's Monsters June M. Pulliam, Anthony J. Fonseca, 2016-02-02 Richard Matheson was one of the leading writers of science fiction, fantasy, and horror in the twentieth century. Matheson’s most famous early works, the novels *I Am Legend* (1954) and *The Shrinking Man* (1956), both depict traditionally masculine figures thrust into extraordinary situations. Other thought-provoking novels, including *Hell House* (1971), *Bid Time Return* (1975), and *What Dreams May Come* (1978)—as well as short stories and screenplays—convey the ambiguous status of masculinity: how men should behave vis-à-vis women and what role they should occupy in the family dynamic and in society at large. In *Richard Matheson’s Monsters: Gender in the Stories, Scripts, Novels and Twilight Zone Episodes*, June M. Pulliam and Anthony J. Fonseca examine how this groundbreaking author’s writings shed light on society’s ever-shifting attitudes on masculinity and domesticity. In this first full-length critical study of Matheson’s entire literary output, the authors discuss how *I Am Legend*, *The Shrinking Man*, and other works question traditional male roles. The authors examine how Matheson’s scripts for *The Twilight Zone* represented changing expectations in male behavior with the onset of the sexual and feminist revolutions, industrialization and globalization, and other issues. In a society where gender roles are questioned every day, Matheson’s work is more relevant than ever. *Richard Matheson’s Monsters* will be of interest to scholars of literature, film, and television, as well those interested in gender and masculinity studies.

archive of american television interviews: The Loudest Voice in the Room Gabriel Sherman, 2017-02-14 A revelatory journey inside the world of Fox News and Roger Ailes—the brash, sometimes combative network head who helped fuel the rise of Donald Trump **NEW YORK TIMES BESTSELLER • NOW A SHOWTIME LIMITED SERIES • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR** When Rupert Murdoch enlisted Roger Ailes to launch a cable news network in 1996, American politics and media changed forever. With a remarkable level of detail and insight, *Vanity Fair* magazine reporter Gabriel Sherman puts Ailes’s unique genius on display, along with the outsize personalities—Bill O’Reilly, Sean Hannity, Megyn Kelly, Sarah Palin, Karl Rove, Glenn Beck, Mike Huckabee, Gretchen Carlson, Bill Shine, and others—who have helped Fox News play a defining role in the great social and political controversies of the past two decades. From the Clinton-Lewinsky scandal to the Bush-Gore recount, from the war in Iraq to the Tea Party attack on the Obama presidency, Roger Ailes developed an unrivaled power to sway the national agenda. Even more, he became the indispensable figure in conservative America and the man any Republican politician with presidential aspirations had to court. How did this man become the master strategist of our political landscape? In revelatory detail, Sherman chronicles the rise of Ailes, a frail kid from an Ohio factory town who, through sheer willpower, the flair of a showman, fierce corporate politicking, and a profound understanding of the priorities of middle America, built the most influential television news empire of our time. Drawing on hundreds of interviews with Fox News insiders past and present, Sherman documents Ailes’s tactical acuity as he battled the press, business rivals, and countless real and perceived enemies inside and outside Fox. Sherman takes us inside the morning meetings in which Ailes and other high-level executives strategized Fox’s presentation of the news to advance Ailes’s political agenda; provides behind-the-scenes details of Ailes’s crucial role as finder and shaper of talent, including his sometimes rocky relationships with Fox News stars such as O’Reilly, Hannity, and Carlson; and probes Ailes’s fraught partnership with his equally brash and mercurial boss, Rupert Murdoch. Roger Ailes’s life is a story worthy of *Citizen Kane*. Featuring an afterword about Ailes’s epic downfall during the extraordinary 2016 election, *The Loudest Voice in the Room* is an extraordinary feat of reportage with a compelling human drama at its heart.

archive of american television interviews: Mister Rogers' Neighborhood Fred Rogers Productions, Tim Lybarger, Melissa Wagner, Jenna McGuiggan, 2019-10-29 A visual celebration of

Mister Rogers' Neighborhood, America's most beloved children's television show, including a foreword by Tom Hanks and a peek at the making of the feature film *A Beautiful Day in the Neighborhood*, in theaters Thanksgiving weekend. Go behind the scenes of Mister Rogers' Neighborhood with this unprecedented dive into its storied history. More than fifty years ago, Fred Rogers, a modest television host, revolutionized children's entertainment with a simple set design, quiet dialogue, and a few hand puppets playing out everyday situations. The effect was extraordinary: Mister Rogers created a relationship with millions of young viewers, each of whom felt as if they were visiting with a trusted friend. His radical kindness, acceptance, and empathy created a sacred place where everyone felt safe and valued. Featuring exclusive photographs; a guide to the characters, puppets, and episodes; original interviews; and rare ephemera, *Mister Rogers' Neighborhood: A Visual History* reveals how the show came together to have a deep impact on American culture. Discover wonderful anecdotes from Yo-Yo Ma and Wynton Marsalis as well as the actors, directors, art designers, producers, studio musicians, and more who devoted their careers to working with Fred. Chronicling the show's complete timeline—from its humble beginnings on WQED in Pittsburgh to its commemoration on the big screen in the feature film *A Beautiful Day in the Neighborhood*, starring Tom Hanks, based on a screenplay written by Micah Fitzerman-Blue and Noah Harpster and directed by Marielle Heller—this incredibly comprehensive book celebrates both Fred Rogers and the wonderful legacy of Mister Rogers' Neighborhood.

archive of american television interviews: Street Gang Michael Davis, 2008-12-26 Now an acclaimed documentary from Screen Media, the New York Times bestselling account of the story behind one of the most influential, durable, and beloved shows in the history of television: *Sesame Street*. "Davis tracks down every Sesame anecdote and every Sesame personality in his book . . . Finally, we get to touch Big Bird's feathers." —The New York Times Book Review *Sesame Street* is the longest-running-and arguably most beloved- children's television program ever created. Today, it reaches some six million preschoolers weekly in the United States and countless others in 140 countries around the world. *Street Gang* is the compelling, comical, and inspiring story of a media masterpiece and pop-culture landmark. Television reporter and columnist Michael Davis-with the complete participation of Joan Ganz Cooney, one of the show's founders-unveils the idealistic personalities, decades of social and cultural change, stories of compassion and personal sacrifice, and miraculous efforts of writers, producers, directors, and puppeteers that together transformed an empty soundstage into the most recognizable block of real estate in television history.

archive of american television interviews: What America Watched Marsha Ann Tate, Earl Houser, 2022-01-28 Although television critics have often differed with the public with respect to the artistic and cultural merits of television programming, over the last half-century television has indubitably influenced popular culture and vice versa. No matter what reasons are cited--the characters, the actors, the plots, the music--television shows that were beloved by audiences in their time remain fondly remembered. This study covers the classic period of popular television shows from the 1960s through the 1990s, focusing on how regular viewers interacted with television shows on a personal level. Bridging popular and scholarly approaches, this book discovers what America actually watched and why through documents, footage, visits to filming locations, newspapers, and magazine articles from the shows' eras. The book features extensive notes and bibliography.

archive of american television interviews: The Evolution of Black Women in Television Imani M. Cheers, 2017-07-20 This book seeks to interrogate the representation of Black women in television. Cheers explores how the increase of Black women in media ownership and creative executive roles (producers, showrunners, directors and writers) in the last 30 years affected the fundamental cultural shift in Black women's representation on television, which in turn parallels the political, social, economic and cultural advancements of Black women in America from 1950 to 2016. She also examines Black women as a diverse television audience, discussing how they interact and respond to the constantly evolving television representation of their image and likeness, looking specifically at how social media is used as a tool of audience engagement.

archive of american television interviews: Quincy Jones Clarence Bernard Henry,

2014-06-05 Quincy Jones: A Research and Information Guide is an annotated bibliography and discography on one of the most prolific composers, arrangers, and conductors in American music. This reference work will appeal to wide range of musicologists, ethnomusicologists and cultural studies scholars.

archive of american television interviews: Television's Moment Christina von Hodenberg, 2015-07-01 Television was one of the forces shaping the cultural revolution of the 1960s and 1970s, when a blockbuster TV series could reach up to a third of a country's population. This book explores television's impact on social change by comparing three sitcoms and their audiences. The shows in focus - *Till Death Us Do Part* in Britain, *All in the Family* in the United States, and *One Heart and One Soul* in West Germany - centered on a bigoted anti-hero and his family. Between 1966 and 1979 they saturated popular culture, and managed to accelerate as well as deradicalize value changes and collective attitudes regarding gender roles, sexuality, religion, and race.

archive of american television interviews: Primary Research and Writing Lynée Lewis Gaillet, Michelle F. Eble, 2015-08-20 Developed for emerging academic writers, *Primary Research and Writing* offers a fresh take on the nature of doing research in the writing classroom. Encouraging students to write about topics for which they have a passion or personal connection, this text emphasizes the importance of primary research in developing writing skills and abilities. Authors Lynée Lewis Gaillet and Michelle F. Eble have built a pedagogical approach that makes archival and primary research interesting, urgent, and relevant to emerging writers. Students are able to explore ways of analyzing their findings and presenting their results to their intended readers. With in-text features to aid students in understanding primary research and its role in their writing, chapters include special elements such as: *Communities in Context* - Profiles of traditional and digital communities that help students understand the characteristics of communities and group members *Profiles of Primary Researchers* - Spotlights on professionals, giving an illuminating look into the role primary research plays in real-world research and writing *Student Writing* - Examples of exemplary student writing that demonstrate how research can be relevant, engaging, and interesting, with annotations. *Invention Exercises* - Exercises designed to help students locate primary investigation within communities that they already understand or find appealing *Writing Exercises* - Writing exercises that offer students practice in exploring communities and investigating primary materials. *Readings* - Annotated readings with questions to guide analysis, pulled from a variety of rich sources, that give students inspiration for undertaking their own research projects. This text has a robust companion website that provides resources for instructors and students, with sample syllabi, chapter overviews, lecture outlines, sample assignments, and a list of class resources. *Primary Research and Writing* is an engaging textbook developed for students in the beginning stages of their academic writing careers, and prepares its readers for a lifetime of research and writing.

archive of american television interviews: Beyond Genius Eric Elfmar, Scott Griffiths, 2012-12-29 What do Richard Branson, Quincy Jones, Yvon Chouinard, David E. Stewart, Elon Musk, Frank Nuovo, John Paul DeJoria and Steve Jobs have in common with Benjamin Franklin, Leonardo da Vinci, Teddy Roosevelt, Thomas Jefferson and Sir Isaac Newton? They all share the 12 Essential Traits of the Renaissance Man. BEYOND GENIUS travels through history to determine the 12 essential traits that define a Renaissance Man, then applies those attributes to determine some of the Renaissance Men of today. We tell their stories of determination and perseverance, their expertise in a variety of fields, their insatiable curiosity, the infusion of their wisdom and creativity into our culture. We explore the making of a Renaissance Man and the deep connection these men have to advancements in the sciences, the arts and our way of being. Scott Griffiths & Eric Elfman, and their team, have put more than 1,000 hours of research into studying the history of the Renaissance Man, identifying common attributes that are constant throughout time, and identifying a select group today's most successful Renaissance Men. By understanding these traits, identifying and developing them, the innerRenaissance Man can be unleashed in more men for the betterment of the world.

archive of american television interviews: From Memory to History Jim Cullen, 2021-04-16

Our understanding of history is often mediated by popular culture, and television series set in the past have provided some of our most indelible images of previous times. Yet such historical television programs always reveal just as much about the era in which they are produced as the era in which they are set; there are few more quintessentially late-90s shows than *That '70s Show*, for example. From *Memory to History* takes readers on a journey through over fifty years of historical dramas and sitcoms that were set in earlier decades of the twentieth century. Along the way, it explores how comedies like *M*A*S*H* and *Hogan's Heroes* offered veiled commentary on the Vietnam War, how dramas ranging like *Mad Men* echoed current economic concerns, and how *The Americans* and *Halt and Catch Fire* used the Cold War and the rise of the internet to reflect upon the present day. Cultural critic Jim Cullen is lively, informative, and incisive, and this book will help readers look at past times, present times, and prime time in a new light.
