fort benning basic training start dates 2023: William F. Buckley Jr. Lee Edwards, 2023-11-07 The modern-day Renaissance man who built the conservative movement The polysyllabic vocabulary, the wit, the charm, the sailing adventures, the spy novels—all of these have become part of the William F. Buckley Jr. legend. But to consider only Buckley's charisma and ceaseless energy is to miss that, above all, he was committed to advancing ideas. Now, noted conservative historian Lee Edwards, who knew Bill Buckley for more than 40 years, delivers a much-needed intellectual biography of the man who has been called the most important public intellectual in the United States in the past half century. In this concise and compelling book, Edwards reveals how Buckley did more to build the conservative movement than did any other person. Once derided as a set of irritable mental gestures, conservatism became, under Buckley's guidance, a political and intellectual force that transformed America. As conservatives debate the ideas that should drive their movement, William F. Buckley Jr.: The Maker of a Movement reminds us of the principles that animated Buckley, as well as the thinkers who inspired him. Having dug deep into the voluminous Buckley papers, Edwards also illuminates the profound influence of Buckley's close-knit family and his unwavering Catholic faith. Edwards brilliantly captures the free spirit and unbounded energy of the conservative polymath, but he also shows that Buckley did not succeed merely on the strength of a winning personality. Rather, Buckley's achievements were the result of a long series of quite deliberate political acts—many of them overlooked today. William F. Buckley Jr.: The Maker of a Movement tells the incredible story of a man who could have been a playboy, sailing his yacht and skiing in Switzerland, but who chose to be the St. Paul of the conservative movement, carrying the message far and wide. Lee Edwards shows how and why it happened—and the remarkable results.

fort benning basic training start dates 2023: The Grandfathers' Promise Michael Strong, 2023-12-01 During the post-WW2 period, change came about swiftly. Money, opportunity, and jobs were available for most who wanted to benefit. However, there were those in society who still played race against race and country against country. During a challenging time in 1958, much would

happen, and an evil secret Caucus of seven men became formed to influence and control an ever-changing modern society. Over many decades, this secret Caucus built its domination, success, and financial strength through strategic partnerships and streams of well-calculated decisions that only benefitted them. Whether the benefits gained were by peaceful means or subtle barbarism. The name applied to this seven-person Caucus was—The Grandfathers. The Rebel Brigade denounced everything The Grandfathers represented, fighting in vain for many years against the brutal consequences of The Grandfathers' calculating, self-serving interests. Often, in the dark-of-the-night, silent raids by The Effectuators, The Grandfathers' loyal and elite Police Force, would punish the Rebel Brigade and their sympathizers, dragging them off to secret Stewardship Farms and Detention Centers, for re-education before releasing them back into a changing society. The struggle continues until a man who once served The Grandfathers and now seeks revenge for lives lost and promises broken unwittingly becomes a driving force for justice. But can this reluctant stranger bind together a tattered Rebel force? Or must he first continue his struggle to discover redemption from his past sins?

fort benning basic training start dates 2023: Mirth, Medicine and the Military Eugene Edynak MD, 2023-11-10 Tale of a disgruntled doctor drafted before he could finish the 1st year of surgical residency. Not able to face treating colds and STD's in healthy 18-25 year-olds, he chose Airborne-Special Forces. Upon completion of his airborne training, the school's commanding general designated him as the most outstanding officer completing Airborne training. During Special Forces(SF) training he poked fun at the military hierarchy by flour bombing his forward air control instructor and "poisoning" the 82nd Airborne anti-guerrilla forces with Senna, a stool softener that stained urine blood red. In Vietnam he developed a mini-trauma unit for the SF mercenary support troops. His senior medic equipped the unit by trading "authentic" Viet Cong battle flags coated with chicken blood made by a local seamstress for truckloads of surgical supplies. The mountain tribesmen(Montagnards) gave him an incredible testimonial banquet and presented him with the chief's tiger skin, killed by spear in the early 1950's. The doctor left Vietnam as one of the most highly decorated drafted physicians. Laced with humor even in the most trying circumstances, this memoir serves as a candid firsthand account of a military doctor serving in the field, dedicated to his fellow men and country. Capt. Eugene M. Edynak, M.D., is a board-certified surgeon. He has been an academic surgeon for several universities and has published multiple medical papers regarding cancer and the immune system.

Giles Campbell, 2023-01-30 From a battered old trunk in the basement, to the crumpled scrapbook in the bookcase, to an aging envelope in an unused jewelry box, they marched to the pages of this book to join the chorus to remember. Telegrams, letters, taped interviews and voices from decades ago joined in to provide a chilling description of World War II. Red was a Red Cross lady, her brother lost in the confusion of war. Some were courageous soldiers, others became prominent heroes. The author weaves common lives and historic events into an emotional explanation of what war was like for everyday Americans. By Colonel Ronald Losee, US Marines (Ret.) Retired Marine Colonel Ron Losee is a graduate of the University of Illinois, School of Journalism. His 31-year career took him to the Far East, from Korea to South Vietnam and many places in between. Later, as a Marine Reservist, when on vacation found him as a newspaper city editor. He served 20 years in the United States Air Force and his last Air Force assignment was the Commander of the San Antonio Data Services. He was awarded numerous medals which included Vietnam Service Medal with four bronze stars. The best way to teach history is to tell a story and that's what this book does. This is not your normal war book as it tells a story about friends and neighbors fighting in WWII and their families at home. It tells a different story about the War to End all Wars. By Lieutenant Colonel James O'Donnell, USA (Ret.) Infantry combat commander from Company to Battalion and to Army level and a Distinguished member of the 16th Infantry Regiment. Family photographs, V-mails, and other memorabilia help tell the story of these incredible heroes as they face the perils of war. The wartime experiences affected each of them in many ways, both good and bad. As they survived each experience, their reasons for serving changed in many ways; and when they returned home, they had to re-build their lives physically and emotionally if they were to achieve happy lives again. Their stories mostly in their own words are long overdue.

fort benning basic training start dates 2023: Blanche Ames Ames (1878-1969) and Oakes Ames (1874-1950) Elizabeth F. Fideler, 2023-05-04 Blanche Ames Ames and Oakes Ames advanced women's suffrage, reproductive rights, artistic expression, and scientific knowledge, among other accomplishments, in the first half of the twentieth century. Blanche was part of women's history for nearly seven decades and deserved to be better known for that and other reasons. Oakes's contributions to the women's suffrage movement and his extraordinary scientific accomplishments might have received greater recognition had he not avoided the spotlight so successfully. Their story is one of mutual enabling. Believing in gender equality, even if outside the bounds of what was

considered socially acceptable, they named their home "Borderland" to represent boundary pushing. One lasting influence is found in the social justice arena. The Harvard professor of botany and supervisor of the university's major botanical institutions and his sociable, highly independent wife were both active in the fight to secure the vote for women, with Blanche contributing original political cartoons to newspapers. Blanche led the Birth Control League of Massachusetts for nearly twenty years, then used her position and skills on behalf of the New England Hospital for Women and Children. Unity Church and Memorial Hall in Easton, Massachusetts, were family gifts, as was their home, now Borderland State Park.

fort benning basic training start dates 2023: Homegrown Jeffrey Toobin, 2023-05-02 The definitive account of the 1995 Oklahoma City bombing and the enduring legacy of Timothy McVeigh, leading to the January 6 insurrection—from acclaimed journalist Jeffrey Toobin. Timothy McVeigh wanted to start a movement. Speaking to his lawyers days after the Oklahoma City bombing, the Gulf War veteran expressed no regrets: killing 168 people was his patriotic duty. He cited the Declaration of Independence from memory: "Whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it." He had obsessively followed the siege of Waco and seethed at the imposition of President Bill Clinton's assault weapons ban. A self-proclaimed white separatist, he abhorred immigration and wanted women to return to traditional roles. As he watched the industrial decline of his native Buffalo, McVeigh longed for when America was great. New York Times bestselling author Jeffrey Toobin traces the dramatic history and profound legacy of Timothy McVeigh, who once declared, "I believe there is an army out there, ready to rise up, even though I never found it." But that doesn't mean his army wasn't there. With news-breaking reportage, Toobin details how McVeigh's principles and tactics have flourished in the decades since his death in 2001, reaching an apotheosis on January 6 when hundreds of rioters stormed the Capitol. Based on nearly a million previously unreleased tapes, photographs, and documents, including detailed communications between McVeigh and his lawyers, as well as interviews with such key figures as Bill Clinton, *Homegrown* reveals how the story of Timothy McVeigh and the Oklahoma City bombing is not only a powerful retelling of one of the great outrages of our time, but a warning for our future.

His brother Ken and I (who was one of his fellow residents) have added our own vignettes, to flesh out the flavor of these formative years. References to well-known, contemporaneous events add additional historical context. When substantial physical adversities took Dr. Weitzel from active medical practice, he continued to serve his fellow men as a pastor and author. While this book is really a love story for friends and family to treasure, it provides a deeply moving insight into Christian faith.

fort benning basic training start dates 2023: *Soldier Secretary* Christopher C. Miller, 2023-02-07 President Trump's last secretary of defense shares harrowing stories of missions in Iraq and Afghanistan, gives an important insider look at the tumultuous final days of the administration, and issues a stark warning about the readiness of the military under President Biden (Sean Hannity). If you know one thing about Chris Miller, it's that he was President Donald Trump's final Secretary of Defense, elevated to that position in the days after the 2020 election. If you know a second thing about Chris Miller, it's that he oversaw the U.S. Armed Forces during one of the most controversial and tumultuous periods the military has experienced in decades, culminating in the shocking events at the U.S. Capitol on January 6, 2021. Yet Chris Miller is no political partisan. On the contrary, Miller has spent his adult life in the crosshairs of America's most dangerous enemies--from Middle

Eastern deserts to the bowels of U.S. intelligence agencies--and emerged as one of the leading national security minds of his generation. Needless to say, Chris Miller has stories to tell. In *Soldier Secretary*, he reveals for the first time everything he saw--in a book that is candid, thought-provoking, and like that of no Secretary of Defense before him. This book is not just the inside story of what happened during the Trump administration--it's the inside story of what happened to America, its military, and its institutions during the two decades after September 11, 2001. Part badass, part iconoclast, Miller is an irreverent, heterodox, and always-fascinating thinker whose personal journey through war and the White House has led him to some shocking conclusions about the state of American power in 2021. With a perspective that will surprise and interest both Republicans and Democrats, Miller argues for a radical rethinking of U.S. national security strategy unlike anything since the creation of the joint armed forces in the 1980s. He offers a roadmap for how the United States can win in the era of unrestricted warfare by shedding the bloated defense bureaucracy, bringing American forces home from endless conflicts, renewing our national unity, and beating China at its own game. Miller is a true American warrior whose incredible journey from Iowa to Afghanistan to Iraq to the White House endeared him to the troops, prepared him for the unprecedented crisis of January 6, and left him deeply concerned about the future of our military and the future of our nation.

fort benning basic training start dates 2023: Look Out Below! A Story of the Airborne by a Paratrooper Padre Francis L. Sampson, 2023-03-03 A veteran of the Second World War and the Korean War, Francis L. Sampson was a real-life hero whose exploits inspired one of the most famous war films of all time, *Saving Private Ryan*. From rural beginnings in northwestern Iowa, Sampson's life would take him from the University of Notre Dame to the battlefields of Normandy on D-Day, the ambitious failure of Operation Market Garden, the harshness of a winter as a POW of the Germans during the closing stages of the Second World War, to the fall of North Korean capital Pyongyang in the early stages of the Korean War. Part of the very rare breed of Parachute Chaplains, in his case with the 101 st Airborne Division, Sampson spent much of his career as an army chaplain in the center of maelstroms of the 20 th century. Throughout it all, Sampson offered a valuable Christian witness in the darkest of times and the most difficult of circumstances. This second edition of his memoirs, *Look Out Below!* contains material on his service during the Korean War and occupation duty in Germany and Japan as well as the Second World War, with a new historical introduction by University of Scranton Professor Sean Brennan.
