What better than three years in which to explore the inner you, establish a feasible worldview, and maybe get on Blockbusters.' After an idyllic provincial 1970s childhood, the 1980s took Andrew Collins to London, art school and the classic student experience. A synth-soundtracked rite of passage that's often painfully funny, it traces one teenager's metamorphosis from sheltered suburban innocent to semi-mature metropolitan male through the pretensions and confusions of trying to stand alone for the first time in your own kung fu pumps in a big bad city.
