nelson eddy and jeanette macdonald: *Poetic Memories Volume 4* , 2021-07-28 Poetic Memories is a compilation of eight scrapbooks lovingly compiled in the 1940s by a fan with an inside connection to Nelson Eddy's mother, Isabel. The original scrapbooks are reproduced in color. Each page features vintage magazine or greeting card clippings to complement a quote from the writings of Nelson Eddy, Jeanette MacDonald or his mother's unpublished memoirs. If you have read the biography *Sweethearts* by Sharon Rich, you may recognize some of the quotes, but many more are revealed here for the first time. Most of Nelson's quotes come from private diaries he wrote for Jeanette, often describing their intimate moments in graphic sexual detail, often in Victorian style. Nelson wrongly expected Jeanette to outlive him as he was seriously injured during WWII and later nearly died of pneumonia. He called his journals insurance to keep memories of their passion alive for Jeanette when he was gone. After his marriage to Ann Franklin in 1939, Nelson had kept a room at his mother's residence and set up a shrine to Jeanette MacDonald, his singing partner and off-screen love. Over the years he filled the room with his own artwork: nude drawings, paintings and sculptures of Jeanette. In the mid 1940s, Isabel began writing her memoirs and snooped into her son's private papers, including Jeanette's letters to Nelson. Perhaps unwisely, Isabel shared much of this very intimate information with a close friend. Isabel was eventually caught when lengthy pages of Nelson's writings were copied and leaked to the wrong people. While publicly forced to deny their veracity, Nelson was personally angry and felt betrayed. He moved his collection out of Isabel's house and distanced himself from her as a confidante. From a historical perspective, even though the poetic memories were never meant for public view, they and hundreds of letters providing insight into these years were miraculously not destroyed.

Abrams, 2014-11-21 Between 1917 and 1941, Hollywood studios, gossip columnists and novelists featured an unprecedented number of homosexuals, cross-dressers, and adulterers in their depictions of the glamorous Hollywood lifestyle. Actress Greta Garbo defined herself as the ultimate serial bachelorette. Screenwriter Mercedes De Acosta engaged in numerous lesbian relationships with the Hollywood elite. And countless homosexual designers brazenly picked up men in the hottest Hollywood nightclubs. Hollywood's image grew as a place of sexual abandon. This book demonstrates how studios and the media used images of these sexually adventurous characters to promote the industry and appeal to the prurient interests of their audiences.

nelson eddy and jeanette macdonald: *The Fixers* E.J. Fleming, 2015-01-28 Eddie Mannix and Howard Strickling are virtually unknown outside of Hollywood and little-remembered even there,

but as General Manager and Head of Publicity for Metro-Goldwyn-Mayer Studios, they lorded over all the stars in Hollywood's golden age from the 1920s through the 1940s—including legends like Garbo, Dietrich, Gable and Garland. When MGM stars found themselves in trouble, it was Eddie and Howard who took care of them—solved their problems, hid their crimes, and kept their secrets. They were the Fixers. At a time when image meant everything and the stars were worth millions to the studios that owned them, Mannix and Strickling were the most important men at MGM. Through a complex web of contacts in every arena, from reporters and doctors to corrupt police and district attorneys, they covered up some of the most notorious crimes and scandals in Hollywood history, keeping stars out of jail and, more importantly, their names out of the papers. They handled problems as diverse as the murder of Paul Bern (husband of MGM's biggest star, Jean Harlow), the studio-directed drug addictions of Judy Garland, the murder of Ted Healy (creator of The Three Stooges) at the hands of Wallace Beery, and arranging for an unmarried Loretta Young to adopt her own child—a child fathered by a married Clark Gable. Through exhaustive research and interviews with contemporaries, this is the never-before-told story of Eddie Mannix and Howard Strickling. The dual biography describes how a mob-related New Jersey laborer and the quiet son of a grocer became the most powerful men at the biggest studio in the world.

Vaudeville was both a forerunner of modern mass entertainment and a rich site of popular Indigenous performance and notions of Indianness at the turn of the twentieth century. Tracing the stories of artists Native to Turtle Island (North America) performing across the continent and around the world, Bold illustrates a network of more than 300 Indigenous and Indigenous-identifying entertainers, from Will Rogers to Go-won-go Mohawk to Princess Chiniquilla, who upend vaudeville's received history. These fascinating stories cumulatively reveal vaudeville as a space in which the making of western modernity both denied and relied on living Indigenous presence, and in which Indigenous artists negotiated agency and stereotypes through vaudeville performance.
