New Maisie Dobbs 2023

Mythologists work as cultural animateurs, tracking patterns and trends, identifying archetypal and symbolic wounds and remedies. Reading cultural and environmental events via texts and patterns from such a perspective enables dynamic dialogue and action. *Regenerating the Feminine: Psyche, Culture, and Nature* examines the history of the lost and degraded archetypal feminine of Western cultures, whose resurgence in scholarship, the arts, and social justice practices is now on the rise. Drawing on various methodologies to deepen our understanding of this regenerative phenomenon, author April C. Heaslip charts the significance of interconnected expressions dramatically impacting our sense of self, community, history, health, culture, and creativity. This study examines the feminine's resurgence via emerging imaginal archetypal paradigms in literary fiction, memoir, and cinematic expression. Utilizing literary and film studies, depth psychology, archaeomythology, history, and religious studies to examine the cultural and personal phenomenon of feminine renewal, this book explores how remythologizing regeneration—as well as remapping complex and neglected personal and collective wasteland landscapes—revitalizes the relationship between psyche, culture, and nature. Tending to the return of the feminine and the complex cultural and eco wastelands, this post-Jungian inquiry remythologizes notions of wholeness, amplifies feminist revisions of Joseph Campbell's "hero's" journey, and provides transdisciplinary best practices in support of personal individuation, cultural revitalization, and ecological healing.

new maisie dobbs 2023: The Internationalization of Higher Education Marina Apaydin, John D Branch, Michael M. Dent, Otto Regalado-Pezúa, 2023-01-01 The internationalization of higher education is as old as the university itself. Indeed, the University of Karueein, which is the world's oldest higher education institution, has welcomed Muslim students from across the Islamic world since its founding in 859. But the internationalization of higher education continues to be a subject of immense interest, to scholars and practitioners alike, as both its substance and scope transform and transfigure in concert with political, social, and economical changes. Consider the growth of the so-called 'virtual exchange' which has been enabled by the internet, and which has accelerated as a result of the COVID-19 pandemic. This anthology presents contemporary concepts, cases, and challenges of the internationalization of higher education. Its 14 chapters span the aim to contribute to our understanding of the nature of the internationalization of higher education, of the mechanisms of the internationalization of higher education, and of the applications of the internationalization of higher education. For scholars, the anthology will enliven the discourse on the internationalization of higher education; for both higher education policy-makers, administrators, and leaders, it will serve as both an inspiration and a practical guidebook.

new maisie dobbs 2023: Contemporary European Crime Fiction Monica Dall'Asta, Jacques Migozzi, Federico Pagello, Andrew Pepper, 2023-04-20 This book represents the first extended consideration of contemporary crime fiction as a European phenomenon. Understanding crime fiction in its broadest sense, as a transmedia practice, and offering unique insights into this practice in specific European countries and as a genuinely transcontinental endeavour, this book argues that the distinctiveness of the form can be found in its related historical and political inquiries. It asks how the genre's excavation of Europe's history of violence and protest in the twentieth century is informed by contemporary political questions. It also considers how the genre's progressive reimagining of new identities forged at the crossroads of ethnicity, gender, and sexuality is offset by its bleaker assessment of the corrosive effects of entrenched social inequalities, political corruption,

and state violence. The result is a rich, vibrant collection that shows how crime fiction can help us better understand the complex relationship between Europe's past, present, and future. new maisie dobbs 2023: Piccole bugie Jacqueline Winspear, 2023-03-14T00:00:00+01:00 Londra, 1930. Maisie Dobbs, caschetto nero lucido e un velo di rossetto, è ormai una detective affermata. Accompagnata dal fedele assistente Billy Beale, risolve i suoi casi con grazia e intelligenza, battendo spesso sul tempo Scotland Yard e l'ispettore Stratton, cui la lega un rapporto misto di corteggiamento educato e conflittualità. Nei primi anni del nuovo decennio il mondo sfavilla di luci e divertimento, ma in Inghilterra le ferite della Grande Guerra non sono ancora del tutto rimarginate. Sono in molti a rivolgersi a sensitivi e spiritisti, nel disperato tentativo di scambiare ancora una parola con i cari perduti. È il caso della compianta moglie di Sir Cecil Lawton che, per via dell'intervento di una medium particolarmente priva di scrupoli, si era convinta che il figlio Ralph non fosse davvero deceduto in battaglia. È per questo che Sir Cecil ingaggia Maisie Dobbs: per avere conferma una volta per tutte che Ralph, disperso durante l'esplosione del suo aereo in Francia, non è più tra i vivi. Il caso, potenzialmente lucroso, turba però Maisie, che intuisce dietro la richiesta di Sir Cecil un conflitto irrisolto e un dolore ambiguo, carico di reticenza e paura. Per quanto tormentata dal dubbio, la donna decide comunque di accettare, ma a una condizione: che Sir Cecil difenda Avril Jarvis, una tredicenne che, accusata di omicidio da Scotland Yard, ha bisogno di un «avvocato miracoloso»: proprio ciò che Sir Cecil, barrister di alto rango, è. Con la sua prosa vivida e arguta, Jacqueline Winspear restituisce al lettore il fascino intatto di un'epoca remota, e i tormenti, le passioni, i dolori che la animano, così prossimi ai nostri. «Dopo il trionfo di Piume bianche, Piccole bugie si rivela ancora più convincente dei capitoli precedenti della saga. Maisie Dobbs è un'eroina da celebrare». The New York Times Book Review «Con la saga di Maisie Dobbs, Jacqueline Winspear ci ha fatto un vero regalo. Maisie Dobbs non è stata creata - è stata scoperta. Persone come lei si aggirano perennemente tra noi, in attesa che qualcuno come Winspear le scopra e le faccia conoscere al mondo». Alexander McCall Smith «Jacqueline Winspear ha un futuro radioso come autrice di crime». Daily Mail

new maisie dobbs 2023: Messaggero di verità Jacqueline Winspear, 2023-11-24T00:00:00+01:00 Sono i primi giorni del 1931 quando nell'ufficio della psicologa e investigatrice privata Maisie Dobbs mette piede l'intrepida e controversa reporter di guerra Georgina Bassington-Hope, diventata famosa quando, ancora molto giovane, si era travestita da uomo per osservare più da vicino la linea del fronte nelle Fiandre. Qualche settimana prima il fratello gemello Nick, la persona a lei più cara, è stato trovato morto. L'uomo era un artista di fama internazionale i cui dipinti troppo realistici ispirati alla Grande guerra avevano fatto infuriare più di una persona ai piani alti. Al lavoro prima dell'inaugurazione della sua prossima mostra, è precipitato dall'impalcatura montata nella galleria. Il caso è stato liquidato come morte accidentale dall'ispettore Stratton di Scotland Yard, primo a giungere sul luogo della tragedia. Ma Georgina è sicura che qualcuno l'abbia invece spinto giù dal ponteggio di proposito. Non ci sono prove ad avvalorare la sua tesi, ed è per questo che ha deciso di rivolgersi proprio a Maisie, perché lei sa porre le domande giuste e scorgere dettagli altrimenti invisibili. Maisie, per deformazione

professionale, non si ferma mai all'apparenza delle cose, e la frettolosa conclusione di Stratton, con cui l'investigatrice intrattiene un rapporto fatto di rivalità e schermaglie sentimentali, non può certo soddisfarla. Ma mentre indaga per scoprire cosa sia davvero accaduto al noto pittore, la psicosi post-traumatica che la tormenta dalla fine del conflitto torna a lambirla con la sua ombra funesta, costringendola a guardare in faccia il suo passato. «Ben prima della Downton-Abbey-mania, Winspear aveva già scritto splendidi romanzi che raccontavano l'Inghilterra della Prima guerra mondiale» New York Journal of Books «Maisie Dobbs, la brillante investigatrice nata dalla penna di Winspear, torna nella sua quarta avventura: un mistero dai risvolti politici e psicologici» Daily News «Una serie di gialli da assaporare» Time «Ciò che rende Winspear tanto speciale è la sua capacità di ricostruire gli anni Venti e Trenta, e popolarli di personaggi veri, dalla ricchissima vita interiore» USA Today «Una serie che migliora a ogni nuova puntata» Wall Street Journal

nostro percorso, attraverso un volume collettivo che per un verso racconta la vicenda della Rivista, e per un altro fa il punto sullo stato della ricerca storica, e in particolare sul rapporto tra la storia e le altre discipline. Soprattutto il libro vuol essere un mattone nella barricata in difesa della storia, un bene comune fondamentale, contro i tentativi ricorrenti di delegittimarla e svilarla.

new maisie dobbs 2023: Condor James Grady, 2023-05-16 Decades after his adventure in the classic *Six Days of the Condor*, the eponymous spy reflects on his life while awaiting his next target in this tense novella. Ronald Malcolm, codename Condor, is still in the spy game. He may be older now, but in a world where hardly anybody sees anybody, nobody sees old. He's the perfect choice to sit in New York City's Penn Station and wait for what he calls "the killing train." And while he waits for someone to take a life, he reflects on his own life. He wonders what has brought him to this moment. He looks back over memories of his childhood, his recruitment to the CIA, and that bloody day at the American Literary Historical Society that changed everything for him. But he must be careful not to get too lost on memory lane. The clock is ticking, and targets are on the move. He can't afford to get caught with his head in the clouds . . . Praise for James Grady "A chilling novel of top security gone berserk . . . Breakneck . . . Not a slow minute." —Library Journal on *Six Days of the Condor* "Grady's writing has changed dramatically over the years, evolving into a literary, impressionistic style . . . [It] is a perfect fit for the aging, unhinged, yet still-lethal Condor. This is an author writing at the top of his, or anyone else's, game." —Publishers Weekly (starred review) on *Condor: The Short Takes*

new maisie dobbs 2023: Repairman Jack F. Paul Wilson, 2023-05-16 The New York Times-bestselling author of *The Keep* tells the real and fictional origins of the mysterious man who battles criminals and the supernatural. In 1984, *Repairman Jack* debuted in F. Paul Wilson's horror thriller *The Tomb*. Jack would go on to star in twenty-three novels, ten short stories, and a graphic novel. But how did the antithesis of James Bond and Jason Bourne get his start in the battle between good and evil? In this essay, Wilson lets his readers in on how his beloved hero came to be. Wilson begins his personal story after he scored a hit with *The Keep*, when he found his inspiration for his next book in a dream. He discusses selecting and researching a monster, as well as developing Jack, his supporting cast, and settling on a villain. He also shares how the first title in the series came to be—it wasn't always *The Tomb*. Wilson closes with Jack's fictional backstory and his thoughts on Jack's potential future—if there is one . . . Praise for *Repairman Jack* "One of the all-time great characters in one of the all-time great series." —Lee Child, #1 New York Times-bestselling author of the *Jack Reacher* series "Repairman Jack is one of the most original and intriguing characters to arise out of contemporary fiction in ages. His adventures are hugely entertaining." —Dean Koontz, #1 New York Times-bestselling author of *Strangers*
