oh the places you will go poem: *Hold on* Peter Toohey, 2020 What do you do when you're not asleep and not eating? You're most likely waiting - to finish work, to get home, to finish your duties. This book aims to describe how many people experience waiting and how important this is, in popular and highbrow culture and in real life and how we cope with it.

oh the places you will go poem: *The Theory and Practice of Creative Coaching* Arthur Turner, 2023-07-04 The Theory and Practice of Creative Coaching has been long in development and is not meant as an end-view of creativity in this field. It is, however, a stimulating collection of ideas (with detailed views from both practice and education) that seeks to provide stimulus to trainee coaches as well as those whose practice is well-established. With topics as wide-ranging as walking to line-drawing this book seeks to change the practice of practitioners, new and old, and helps to articulate the ways in which David Clutterbuck has called for a move from the use of models towards mastery by embracing new ways of working with the clients of coaching. With a wide-ranging scope, examples, ideas and a strong link to academic understanding, this book will provide a stimulus to the coaches, supervisors and educationalists to open their eyes to alternative ways of practicing their craft.
