Woody Guthrie John S. Partington, 2016-09-17 Woodrow Wilson Guthrie (1912-67) has had an immense impact on popular culture throughout the world. His folk music brought traditional song from the rural communities of the American southwest to the urban American listener and, through the global influence of American culture, to listeners and musicians alike throughout Europe and the Americas. Similarly, his use of music as a medium of social and political protest has created a new strategy for campaigners in many countries. But Guthrie's music was only one aspect of his multifaceted life. His labour-union activism helped embolden the American working class, and united such distinct groups as the rural poor, the urban proletariat, merchant seamen and military draftees, contributing to the general call for workers' rights during the 1930s and 1940s. As well as penning hundreds of songs (both recorded and unrecorded), Guthrie was also a prolific writer of non-sung prose, writing regularly for the American communist press, producing volumes of autobiographical writings and writing hundreds of letters to family, friends and public figures. Furthermore, beyond music Guthrie also expressed his creative talents through his numerous pen-and-ink sketches, a number of paintings and occasional forays into poetry. This collection provides a rigorous examination of Guthrie's cultural significance and an evaluation of both his contemporary and posthumous impact on American culture and international folk-culture. The volume utilizes the rich resources presented by the Woody Guthrie Foundation.

this land is your land collection of woody guthrie songs: My Greenwich Village Terri Thal, 2023-09-27 Terri Thal was very much a part of the folk music world in 1960s Greenwich Village, New York. Few people know that she was 21-year-old Bob Dylan's first manager prior to his contract with Albert Grossman and Columbia Records. She also managed musician Dave Van Ronk (who was her husband), and others to include the Roche sisters, Paul Geremia and The Holy Modal Rounders. She booked performances at coffee houses, clubs and basket houses. On 6 September 1961, she recorded a set from a young Bob at The Gaslight Café – it is the first known live recording of his original songs - known to Dylan fans as the First Gaslight Tape! Terri took this 'audition' tape to clubs to try to get him gigs – and she still owns the original reel-to-reel tape! She had many friends in Greenwich Village including Suze Rotolo and a number of seminal 1960s folk musicians. When Dave Van Ronk first saw young Bob performing in a club in Greenwich Village he said 'I just heard this kid who's a fucking genius. You've got to hear him.' Within a few days I heard him play and agreed with Dave. Bob Dylan asked me, 'Would you get me gigs?' Terri Thal has two passions: folk music and social justice. This is a personal story of the world of folk music in 1960s New York written by a Jewish woman from Brooklyn who, although not a musician, was an intrinsic part of this scene. Terri describes Greenwich Village as a community that was supportive, musically exciting and one in which people had fun. Terri tells us what it was like to hang out in the Village coffee houses, to host folk singers like Tom Paxton and Phil Ochs who hung out at her apartment, and to be a manager. We hear her view and involvement of the 1960s socialist organizations, and how she later merged her professional work in not-for-profit agencies.

this land is your land collection of woody guthrie songs: Transatlantic Roots Music Jill Terry, Neil A. Wynn, 2012-07-02 This book presents a collection of essays on the debates about origins, authenticity, and identity in folk and blues music. The essays had their origins in an international conference on the Transatlantic routes of American roots music, out of which emerged common themes and questions of origins and authenticity in folk music, black and white, American and British. The central theme is musical influences, but issues of identity—national, local, and racial—are also recurring subjects. The extent to which these identities were invented, imagined, or constructed by the performers, or by those who recorded their work for posterity, is also a prominent concern and questions of racial identity are particularly central. The book features a new essay on the blues by Paul Oliver alongside an essay on Oliver's seminal blues scholarship. There are also several essays on British blues and the links between performers and styles in the United States and Britain and new essays on critical figures such as Alan Lomax and Woody Guthrie. This volume uniquely offers perspectives from both sides of the Atlantic on the connections and interplay of

influences in roots music and the debates about these subjects drawing on the work of eminent established scholars and emerging young academics who are already making a contribution to the field. Throughout, the contributors offer the most recent scholarship available on key issues.
