

how to draw dresses step by step for beginners

How to Draw Dresses Step by Step for Beginners

how to draw dresses step by step for beginners might sound like a daunting task if you're new to fashion illustration or just starting to explore drawing clothing. But with a bit of patience, practice, and the right approach, anyone can learn to sketch beautiful dresses that bring characters to life or simply serve as a creative outlet. Whether you're interested in fashion design, character art, or just want to improve your drawing skills, this guide will walk you through the fundamental steps to make the process approachable and enjoyable.

Getting Started with the Basics of Dress Drawing

Before diving into complex patterns or fabric textures, it's important to understand the foundational elements of drawing dresses. This includes grasping the human figure, proportions, and how fabric behaves on a body. Many beginners find it helpful to start by sketching simple silhouettes and gradually adding details.

Why Understanding the Human Form Matters

A dress doesn't exist in isolation—it wraps around a body. So, knowing the basic anatomy and proportions of the figure you're dressing is crucial. You don't have to become an anatomy expert, but learning how the torso, waist, hips, and shoulders relate to each other will help your dress look natural and well-fitted.

Try practicing quick figure sketches or using basic mannequins to serve as your dress's framework. This approach allows you to focus on the garment's flow and fit instead of struggling with the body shape itself.

Step-by-Step Guide: How to Draw Dresses Step by Step for Beginners

Let's break down the process into manageable stages that make drawing dresses straightforward and fun.

Step 1: Sketch the Basic Body Outline

Start by lightly drawing the body outline or mannequin that will wear your dress. Use simple shapes like ovals and rectangles to mark the torso, hips, and shoulders. Pay attention to

proportions—typically, fashion sketches use elongated figures, but beginners can stick to more realistic proportions.

This skeleton helps you visualize how the dress will fit and flow.

Step 2: Define the Dress Silhouette

Next, decide on the type of dress you want to draw—whether it's an A-line, bodycon, ball gown, or something else. Sketch the outer lines of the dress around the body outline. At this point, focus on the general shape without worrying about details.

Keep your lines light so you can adjust the shape easily as you go.

Step 3: Add Structural Details and Seams

Once the silhouette feels right, start adding structural elements like waistlines, necklines, sleeves, and hemlines. These details help define the dress style and give it character.

For example, if you're drawing a wrap dress, sketch the overlapping fabric lines; for a strapless dress, emphasize the bust line and upper edge.

Step 4: Introduce Fabric Folds and Flow

Clothing isn't flat—it folds, drapes, and moves with the body. To bring your dress to life, sketch gentle folds and creases where the fabric naturally bunches or falls.

Focus on areas like the waist, under the arms, and around the hips. Remember, the direction of folds depends on the fabric type and the body's movement.

Step 5: Refine and Add Texture

Now it's time to clean up your lines and add texture or patterns. You can shade areas to imply different materials, add lace details, or sketch buttons and zippers.

Don't rush this stage—take your time to enhance the dress's realism and style.

Step 6: Finalize Your Drawing

Go over your sketch with a darker pencil or ink pen to finalize the lines you want to keep. Erase any unnecessary sketches or construction lines.

Optionally, you can add color using markers, colored pencils, or digital tools to complete

your dress illustration.

Helpful Tips for Beginners Drawing Dresses

Drawing dresses can be tricky, but these tips can make the process smoother and more enjoyable:

- **Use reference images:** Study photos or fashion sketches to understand different dress styles and fabric behaviors.
- **Practice folds separately:** Fabric folds are challenging. Practice drawing them on plain shapes before applying them to your dress sketches.
- **Experiment with various dress styles:** Trying out different silhouettes like maxi dresses, cocktail dresses, or casual wear helps broaden your skills.
- **Keep your pencil strokes light initially:** This makes it easier to make corrections and adjust proportions.
- **Learn basic shading techniques:** Adding shadows can give your dress dimension and make the fabric look more realistic.

Exploring Different Dress Styles for Your Drawings

Once you've mastered the basics, you can challenge yourself by exploring various dress styles. Each style has unique shapes and details, which can help you improve your versatility as an artist.

Casual Dresses

Casual dresses often have simpler shapes and lighter fabrics. They're great for beginners because the silhouettes are straightforward and don't require intricate detailing. Think of t-shirt dresses, sundresses, or shift dresses.

Evening and Formal Dresses

These typically involve more complex designs such as flowing skirts, embellishments, and structured bodices. Practicing these styles can teach you how to draw different fabric

textures like silk, satin, or lace.

Historical and Vintage Dresses

Drawing historical dress styles adds an exciting challenge, as these often have unique silhouettes and elaborate details like corsets, petticoats, or ruffles. This practice can enhance your understanding of garment construction.

Using Tools and Materials to Enhance Your Dress Drawings

While pencil and paper are classic, exploring various tools can improve your drawing experience and final results.

Pencils and Erasers

Start with a range of pencils from hard (H) to soft (B) for different shading effects. A kneaded eraser is excellent for lightening areas without damaging your paper.

Inking Pens

Fine liners or brush pens help finalize your drawings by creating clean, bold lines. Experiment with different nib sizes for varied line weights.

Coloring Materials

Colored pencils, markers, watercolor paints, or digital software can bring your dress designs to life. Choose materials that feel comfortable and inspire you.

Digital Tools

Many artists use tablets and software like Procreate or Adobe Illustrator to create polished fashion illustrations. Digital tools offer flexibility with layers, undo options, and a wide range of brushes and effects.

Practice Exercises to Improve Your Dress Drawing Skills

Consistency is key when learning how to draw dresses step by step for beginners. Here are a few exercises to build your confidence and skill:

1. **Quick Silhouette Sketching:** Set a timer and draw as many dress outlines as you can in 5 minutes. Focus on different shapes and proportions.
2. **Fabric Fold Studies:** Draw simple cloth pieces hanging or draped to understand how folds form.
3. **Copy from Fashion Magazines:** Try replicating dress illustrations or photos to analyze details and shading.
4. **Create a Dress Collection:** Design a series of dresses with varying styles and colors to practice creativity and technical skills.

By dedicating time to these exercises, you'll notice improvements in your ability to depict dresses with accuracy and flair.

Drawing dresses is a rewarding skill that combines creativity, observation, and technical drawing ability. With the right approach and practice, how to draw dresses step by step for beginners becomes an enjoyable journey rather than a challenge. Embrace your mistakes, learn from each sketch, and soon you'll be confidently illustrating stunning dresses that showcase your unique artistic voice.

Frequently Asked Questions

What are the basic materials needed to start drawing dresses for beginners?

To start drawing dresses, beginners need basic materials such as pencils, erasers, drawing paper or sketchbook, colored pencils or markers, and a ruler. Having reference images or dress templates can also be very helpful.

How do I start drawing a dress step by step for beginners?

Begin by sketching a simple mannequin or figure outline to serve as the base. Next, lightly draw the basic shape of the dress over the figure, starting with simple lines and shapes. Gradually add details like sleeves, waistline, and skirt folds. Finally, refine the sketch, add patterns or textures, and color your drawing.

What are some easy dress styles to practice for beginners?

Beginners should start with simple dress styles such as A-line dresses, shift dresses, or sheath dresses. These styles have straightforward shapes and fewer details, making them easier to draw and understand before moving on to more complex designs.

How can I improve the proportions when drawing dresses on a figure?

To improve proportions, use guidelines and basic shapes to map out the figure first. Study the human body proportions and how clothing fits on it. Practice drawing the dress on different poses and use reference images to understand how fabric drapes and fits naturally on the body.

Are there any step-by-step tutorials or resources recommended for beginners learning to draw dresses?

Yes, many online platforms like YouTube, Pinterest, and art websites offer free step-by-step tutorials specifically for drawing dresses. Books on fashion illustration and beginner drawing courses can also provide structured guidance and helpful tips.

How do I add folds and fabric texture to make the dress look realistic?

To add folds and fabric texture, observe real dresses or reference photos to understand how fabric behaves. Use curved lines to indicate folds and shading to create depth. Lightly sketch the folds and then darken the areas where shadows fall to enhance realism.

What are common mistakes beginners make when drawing dresses and how to avoid them?

Common mistakes include ignoring body proportions, drawing stiff or unrealistic fabric, and overcomplicating details too early. To avoid these, start with simple shapes, practice figure drawing, study fabric flow, and gradually add details as you gain confidence.

How to Draw Dresses Step by Step for Beginners: A Detailed Guide

how to draw dresses step by step for beginners is a topic that resonates with aspiring artists, fashion enthusiasts, and anyone interested in the creative process of fashion illustration. Understanding the fundamentals of sketching dresses is crucial not only for developing artistic skills but also for expressing design ideas effectively. This article explores the step-by-step methodology tailored for beginners, emphasizing techniques, tools, and practical tips that facilitate the learning curve in fashion drawing.

Understanding the Basics of Drawing Dresses

Before diving into the actual drawing process, it is essential to grasp the foundational concepts that influence the final illustration. How a dress fits, flows, and interacts with the human form depends on several factors such as fabric texture, body posture, and design structure. Beginners often encounter challenges in capturing these dynamics, which is why a structured approach helps in breaking down complex shapes into manageable components.

The Importance of Proportions and Human Anatomy

One of the first steps when learning how to draw dresses step by step for beginners is mastering human anatomy and proportions. The dress is inherently tied to the figure it adorns; thus, the accuracy of the body sketch significantly impacts the dress's realism. Most fashion sketches use elongated figures with exaggerated proportions to emphasize the garment's flow and design details. Starting with a simple mannequin or croquis sketch provides a framework upon which the dress can be built.

Choosing the Right Tools for Beginners

Selecting appropriate drawing tools influences both the quality of the sketches and the ease of the learning process. Pencil and paper remain the most accessible mediums for beginners, offering flexibility to erase and modify lines. Additionally, fine liners and colored pencils can enhance the detailing as skills progress. Digital tools like drawing tablets and software (e.g., Adobe Illustrator, Procreate) are increasingly popular but may require a steeper learning curve.

Step-by-Step Process to Draw Dresses for Beginners

Breaking down the dress drawing process into clear, actionable steps is instrumental for beginners to build confidence and competence. The following method outlines a systematic approach, focusing on simplicity and gradual complexity.

Step 1: Sketching the Body Outline

Start with a light pencil sketch of the human figure, concentrating on the posture and basic proportions. Use simple shapes—ovals for the head, rectangles for the torso, and cylinders for limbs. This skeletal guide sets the stage for the dress, ensuring that the garment's placement aligns naturally with the figure.

Step 2: Defining the Dress Silhouette

Next, outline the general shape of the dress. Is it an A-line, sheath, ball gown, or wrap dress? Beginners should begin with simple silhouettes that don't require intricate folds or layers. Lightly sketch the outline over the body frame, paying attention to how the dress falls or clings to the body.

Step 3: Adding Details and Design Elements

Once the silhouette is established, start incorporating design details such as necklines, sleeves, waistlines, and hemlines. This phase introduces texture and character to the dress. Beginners should observe real dresses or fashion illustrations to understand how fabric behaves and where to place seams or embellishments.

Step 4: Drawing Fabric Folds and Drapes

Fabric folds and drapes give garments a sense of movement and realism. For beginners, understanding where tension points exist—such as under the arms, at the waist, or around the skirt—is critical. Light shading and curved lines can simulate the softness or stiffness of different materials. Practicing how to draw pleats, gathers, and ruffles enhances the visual appeal.

Step 5: Refining and Inking the Sketch

After completing the pencil sketch, refine the lines by erasing unnecessary marks and darkening the definitive outlines. If preferred, use fine liners to ink the drawing, which adds clarity and sharpness. This step prepares the illustration for coloring or further digital editing.

Step 6: Coloring and Shading

Coloring brings life to the dress sketch. Beginners can use colored pencils, markers, or digital tools. Focus on how light interacts with the fabric, incorporating highlights and shadows to create depth. Experimenting with different color palettes also helps in understanding mood and style conveyed through garments.

Tips for Beginners Learning to Draw Dresses

Mastering how to draw dresses step by step for beginners goes beyond following instructions—it requires practice, observation, and patience. Here are several tips to

accelerate the learning process:

- **Use Reference Images:** Studying photographs and fashion illustrations sharpens the eye for detail and variety in dress styles.
- **Practice Different Fabrics:** Drawing chiffon, denim, silk, or lace requires understanding their unique textures and how they fold.
- **Start Simple:** Begin with basic dress shapes before attempting complex designs with multiple layers or accessories.
- **Experiment with Poses:** Drawing dresses on figures in various poses helps in capturing realistic fabric behavior.
- **Join Drawing Communities:** Feedback from peers and professionals can provide constructive criticism and motivation.

Comparing Traditional vs. Digital Methods in Dress Drawing

In the context of how to draw dresses step by step for beginners, it is worth examining the pros and cons of traditional and digital drawing techniques. Traditional drawing offers tactile feedback and simplicity but can be less forgiving when mistakes occur. On the other hand, digital drawing provides tools like undo, layers, and easy color adjustments, which can be advantageous for beginners but may require investment in hardware and software.

Both methods have unique benefits, and many artists combine them, starting with pencil sketches and finishing with digital enhancements. The choice depends on personal preference, budget, and long-term goals in fashion illustration.

Common Challenges and How to Overcome Them

Beginners often face obstacles such as difficulty in maintaining proportions, rendering realistic folds, or capturing fabric movement. Addressing these challenges involves consistent practice and targeted exercises:

1. Practice gesture drawing to improve figure dynamics.
2. Use grid techniques to maintain proportions accurately.
3. Study fabric behavior by observing clothes on mannequins or models.
4. Break down complex dresses into simple shapes to understand structure.

5. Seek tutorials and step-by-step guides to reinforce learning.

Incorporating Creativity and Personal Style

While technical proficiency is foundational, developing a personal style is equally important in fashion drawing. How to draw dresses step by step for beginners often starts with imitation but gradually evolves into unique expressions. Experimenting with colors, exaggerated proportions, abstract shapes, or cultural influences can differentiate an artist's work.

Fashion illustration is a dynamic field where trends shift rapidly. Staying informed about current styles, materials, and industry demands enriches the drawing process and relevance.

The journey into learning how to draw dresses step by step for beginners is both challenging and rewarding. Through a disciplined approach, a focus on fundamentals, and continuous exploration, beginners can progress from simple sketches to detailed fashion illustrations that communicate elegance, style, and innovation.

how to draw dresses step by step for beginners: Fashion Drawing For Dummies Lisa Arnold, Marianne Egan, 2012-05-08 The fast and easy way to learn the art of fashion drawing This fun guide gives you dozens of step-by-step diagrams that walk you through the process of preparing creative illustrations that you can later develop into dynamic presentations for your design portfolio. Plus, you'll not only learn how to draw clothes and fabric, but also how to show details that make up the total look: faces and hairstyles, fashion accents, and a wide variety of textures. If you're an aspiring fashion designer, you know it's essential to be able to draw, prepare, and present a fashion drawing. Whether you have little or no prior drawing experience, Fashion Drawing For Dummies gives you easy-to-follow, non-intimidating instructions for mastering the drawing skills you need to design like a pro. Learn the rules and techniques of fashion drawing Draw the fashion figure in different poses and from multiple angles Discover how to complement your drawings with accessories, clothing, and style If you're a fledgling designer looking for non-intimidating guidance on learning the ins and outs of fashion drawing, this friendly guide has you covered!

how to draw dresses step by step for beginners: [How to Draw Dresses for Kids - Volume 1](#) Sonia Rai, 2020-05-16 How to Draw Dresses for Kids includes 33 Dresses in easy step by step drawings. These drawing tutorials are very easy and simple for kids and adults. An easy way to teach drawing skills for any age group. At the end of each tutorial a practice page is included in paperback edition with and with grid to make it easier to copy the drawing.

how to draw dresses step by step for beginners: *How to Draw Women's Wear* Irina V Ivanova, 2019-12-09 How to Draw Women's Wear is a hands-on, actionable guide to fashion drawing for busy fashion professionals who want to develop a highly productive drawing process; for fashion students who are in the process of developing their drawing style; and for clothing designers who want to make illustrations properly interpreted by all team members. The book focuses on drawing

by hand (pencil and black marker), demonstrating methods and techniques of illustrating clothing and structural elements of design. Created for visual learners; the book contains virtually no text, only captions. The book includes a collection of fashion drawing templates for main women's wear figure types allowing you to focus on apparel drawing to illustrate clothing the way it is actually designed. Avoid mistakes in clothing design illustration; the book includes a special section with dos and don'ts of garment drawing. The book combines features of a reference book, a visual guide, tutorial, and template book. Figure templates, garment templates, terminological references, step-by-step drawing demos, sketching examples illustrating a progression of an idea from a sketch to completed illustration: all are parts of the same book. Irina V. Ivanova is a fashion designer by trade, a classically trained visual artist, and an experienced educator. *How to Draw Women's Wear* is the latest book in the Fashion Croquis book series.

how to draw dresses step by step for beginners: How to Draw Clothing for Manga Naoto Date, 2022-11-08 Take your manga drawings to the next level with amazing outfits and creative costumes. It just takes two details—wrinkles and shadows. In *How to Draw Clothing for Manga*, you'll discover how adding a tuck here, a gather there, and hiding some areas in shadow will take your drawings from flat sketches to fantastic illustrations. What you'll find inside: Basic techniques for drawing a variety of fabric details, including pulled wrinkles, gathered folds, tucked shapes, and more! Plus, learn how to express the differences between stiff, thick fabric and soft fabric with drape. 35+ outfits shown side by side with modeled photos to easily break down exactly what to draw for a realistic finished look. From slim-fit tees to skirts that twirl, every style is covered across all genders. Practice line art to get you started mastering wrinkles and shadows before adding details to your own work. With hundreds of sample illustrations and step-by-step guidance, this is your must-have guide to drawing clothes and costumes for your manga characters. What are you waiting for? Grab your supplies and get started drawing with style!

how to draw dresses step by step for beginners: Fashion Illustration for Designers Kathryn Hagen, 2017-05-03 Fashion design begins in the designer's creative mind, and drawing is the crucial next step to communicating creative ideas to others to bring those ideas to reality. Clear, expressive drawings engage and bring together people in patternmaking, production, marketing, and all other facets of the fashion business, ensuring that everyone shares the same vision that originates with the designer. Kathryn Hagen brings decades of experience teaching design students how best to translate their ideas into drawings. She opens with basic drawing skills using both hand tools and computer techniques before moving on to applying those skills to both the human figure and the specifics of various types of clothing. Throughout the book she exposes designers to myriad techniques and styles, encouraging each individual to discover what works best for him or her. Each chapter ends with practice exercises as well as visual references to review and reinforce material learned in the chapter lessons. Videos demonstrating hands-on examples can be viewed at waveland.com/Hagen, with emphasis on distressed fabrics and novelty treatments. 84 pages of color present a wide variety of rendering techniques.

how to draw dresses step by step for beginners: Haute Couture Fashion Illustration Resource Book Irina V Ivanova, 2016-09-16 Complexity made easy! Illustrate Haute Couture style dress or bridal gown without unnecessary stress and mistakes. This book is for everyone who designs, illustrates, or works with haute couture style fashion. With the *Haute Couture Fashion Illustration Resource Book*, you will Be more productive. The book is for busy professionals who value their time and effort. The book includes figure drawing templates, so you do not have to draw your fashion illustration from scratch! Select a croquis from the book and sketch over it. Jumpstart your project! This book breaks through creative blocks by offering ideas of dress silhouettes and inspiring step-by-step drawing demos. Be focused on the practical aspects of fashion design. You need to illustrate your dress with an understanding of sewing and fabrics. All illustrations of the dress elements in this book were created with the expert knowledge of Haute Couture construction. Learn how to draw accurately. All drawings in this book

are simple pencil drawings with step-by-step demos, making it easier to see the illustration process. Learn visually. Are you a visual learner? Then this book is for you! The book has almost no text, just terms, and captions. The Haute Couture resource book is not a book to read; it is a tool to practice. Stay focused on details. In many cases, Haute couture-style dress is all about intricate details. To draw complex design elements accurately and fast could be an intimidating task, and this book contains a series of clearly depicted details. It is easier to get your project done with this book on your desk. In the Haute Couture Fashion Illustration Resource Book, you will find 700+ hand-drawn pencil illustrations collection of dress silhouettes with examples and analytics 18 haute couture style figure templates basic terminology of wedding dresses and evening gowns step by step drawing tutorials gallery of dress elements such as necklines, sleeves, hemlines, waistlines, trains gallery of headwear details such as veils, blushers, hair decorations, and flowers collection of structural elements of dresses and gowns such as cascade, drapery, gathers, pleats, ruffles, flares Save time and effort and achieve professional-grade results with the Fashion Illustration Resource Book. This book will be equally valuable to advanced designers and novices in fashion illustration.

how to draw dresses step by step for beginners: Learn How to Draw Human Figures - For the Absolute Beginner John Davidson, 2013-05-15 Learn How to Draw Human Figures - For the Absolute Beginner Table of Contents Introduction: Drawing Tools Body Proportions -Body Shape -Polygonal Form -Ball Joints Arms Legs Muscle Structure Heads Clothing Proportioning the body structure properly is important when drawing a person. A disproportionate body will mislead the portrayed perspective of your subject. Or worse, the subject might look distorted and deformed. Knowing the proper length for your subject (the person or character you are drawing) can be easily achieved by drawing the head first. In this way, the traditional method in laying out the proper proportion of the body can be initiated. The traditional method of approximating the body proportion of a subject is by using its head's size. The height of an average man is approximately eight to ten head's size tall, while a women's height is about seven to nine head's size. If your subject/character is eight heads tall then the proportions should be as follows: • The distance of the head/face to crotch is about four heads long. • The arms including the hands from the shoulders are closely four heads long. • An average opened hand is usually equal to or almost one head size. While the length of a small hand can be compared to the length of the eyebrows to chin. • The wrists are aligned or right above the level of crotch. • The lower extremities/legs are about four heads long. Adjustments are most effective by decreasing or increasing the length of each part by half head-size depending on your preferred height. The wideness of the chest is usually two horizontal head's size or more (two and half) depending on the body built you prefer for your subject. A subject having less than two head's size will make its actual head look too big or a body proportion too skinny. Take note that these proportions are just an approximation of an average person's body structure. The measurements can change depending on the body type you prefer to portray, such as a long-legged subject would obviously have legs longer than four heads, or perhaps a shorter upper body to give his or her lower extremities more length. Adjustments are done according to the certain body characteristic of your subject based on his/ her function or purpose. The body proportion should also match the age of your subject. A person that is eight-heads tall effectively portrays an average adult, but it is most unlikely the case when portraying a pre-teen. Considering that the subject will have a smaller head which will be used to approximate his/her height, the number of heads used to convey how tall he/she is must be decreased as well. Considering that an average man is eight heads tall... • A young adult can be seven to seven and half heads tall • A teenager can be six to seven heads tall. • A young child can be five to six and half head tall. • A toddler can be four to five heads tall. Notice how the head measurements adjust according to their age. An individual's growth gradually decreases as he/she reaches adulthood. But certain measurements and alignments are still implied no matter how old the subject is, such as the comparative length (per head's size) of arms and legs and the same level of wrists to the crotch.

how to draw dresses step by step for beginners: Teaching Art with Books Kids Love Darcie Clark Frohardt, 1999 Easy-to-use art lessons with award-winning books.

how to draw dresses step by step for beginners: *Pen and Pencil Drawing Techniques* Harry Borgman, 2012-07-16 Compact but comprehensive, this manual contains the best information available on pencil and ink techniques. Written and beautifully illustrated by an acclaimed artist and advertising illustrator, it's the perfect companion for artists seeking a guide to the variety of techniques and media for rendering their ideas on paper. Pencil drawing and ink drawing receive separate treatments; both sections stress materials and tools — including graphite pencils, charcoal and pastel pencils, wax pencils, pens, brushes, marking pens, scratching tools, and more. They also explore different methods of handling strokes and lines, techniques for stabling and conveying tones and shadows, and technical tips. The 28 step-by-step demonstrations — many of them exquisitely illustrated in full color — range from techniques of fine penwork and cross-hatching to drawing with colored inks and colored markers. In addition, a series of multipart exercises will prove extraordinarily useful to the student. The profusion of skillful illustrations throughout the book, over 540 in all, constitute a treasure in themselves, covering a great diversity of subjects — from portraits and still lifes to landscapes and cityscapes worldwide.

how to draw dresses step by step for beginners: *Figure Drawing For Dummies* Kensuke Okabayashi, 2011-01-31 *Figure Drawing For Dummies* appeals to both new art students and veteran artists who find it difficult to proportionally draw the human form. The illustrations and examples in *Figure Drawing For Dummies* are designed to help readers capture this elusive figure.

how to draw dresses step by step for beginners: *A Proper Bit of Frock* Ivan Whomes, 2019-07-02 Feisty, Jess isn't... When Jess, an East End urchin finds himself transplanted to a rich uncle's country house to be brought up as a girl, he has a choice: go along with it, or rebel. Unorthodox it might be, but Jess has always been happy for others to make decisions for him, and accepts the life he has been given. He grows to enjoy the security and comfort of his daily routine and becomes content with, and interested in, the clothes he is given to wear. Change will, however, come to Jess whether he seeks it or not. The reign of Queen Victoria is over and his new governess has progressive ideas. His safe, pampered life may be coming to an end. Is Jess ready for independence, which would bring danger, excitement and terror? Might he have the resources to assert his true identity - what ever that may be?
