Brian Weiss Past Life Regression: Exploring Healing Through Time

brian weiss past life regression is a fascinating approach that has gained widespread attention for its unique blend of psychotherapy and spiritual exploration. Dr. Brian Weiss, a prominent psychiatrist, introduced this technique to help individuals uncover memories from their past lives, often leading to profound healing and personal insight. If you've ever wondered about the mysteries of reincarnation or how past experiences might influence your present life, understanding Brian Weiss's method of past life regression could open new doors to self-discovery.

Who Is Brian Weiss and What Is Past Life Regression?

Brian Weiss is a well-known figure in the field of hypnotherapy and past life regression therapy. With a background in traditional psychiatry, Weiss transitioned into exploring spiritual dimensions of healing after an extraordinary experience with one of his patients. During a hypnosis session, the patient unexpectedly began recalling vivid details of a previous lifetime. This breakthrough prompted Weiss to delve deeper into past life regression, eventually shaping his career around this innovative therapeutic approach.

Past life regression is a hypnotherapy technique designed to access memories from previous incarnations. By guiding clients into a relaxed, trance-like state, therapists like Weiss help individuals explore experiences that transcend their current lifetime. The goal is not only to satisfy curiosity about past lives but also to address unresolved emotional issues, fears, and phobias rooted in those earlier experiences.

The Process of Brian Weiss Past Life Regression Therapy

Unlike traditional psychotherapy that focuses solely on current life experiences, Brian Weiss's method gently leads clients into uncovering past life memories through hypnosis. Here's how the process generally unfolds:

Initial Consultation and Setting Intentions

Before beginning regression sessions, the therapist works with the client to understand their concerns and set clear intentions. Whether someone is dealing with anxiety, relationship challenges, or unexplained physical symptoms, the purpose is to approach the hypnosis with an open mind and a willingness to explore.

The Hypnosis Session

During the session, the client is guided into a deeply relaxed state, often described as between waking and sleeping. In this trance-like condition, the conscious mind becomes less dominant, allowing access to deeper memories and impressions. Weiss's technique includes gentle prompts encouraging the client to visualize scenes, people, or events that may relate to past lifetimes.

Exploration and Healing

As memories arise, clients often describe vivid images, emotions, and sometimes physical sensations. These recollections are then discussed with the therapist to uncover patterns or unresolved traumas that might be influencing the client's current life. Many find this experience profoundly healing, as it offers new perspectives on fears, habits, or relationship dynamics.

Benefits of Brian Weiss Past Life Regression

The therapeutic value of past life regression goes beyond mere curiosity. Brian Weiss's approach highlights several key benefits that make this technique appealing to many seeking personal growth:

- **Emotional Healing:** Past life memories can reveal the root causes of fears or emotional wounds, allowing individuals to release long-standing blocks.
- **Understanding Relationships:** Regression can shed light on karmic connections or recurring patterns in relationships, helping clients foster forgiveness and compassion.
- **Physical Symptom Relief:** Some clients report relief from chronic pain or psychosomatic ailments after uncovering related traumas in past lives.
- **Spiritual Growth:** The process often expands one's awareness of the soul's journey, encouraging a deeper sense of purpose and interconnectedness.

Is Past Life Regression Safe?

One common question about Brian Weiss past life regression pertains to its safety. When conducted by a trained and experienced therapist, past life regression is generally considered safe and non-invasive. It's important to work with professionals who create a supportive environment and respect the client's emotional boundaries. While some memories or emotions might be intense, the therapist's guidance ensures a balanced approach to processing these experiences.

Brian Weiss's Influence and Legacy

Brian Weiss has authored several influential books on past life regression, including the bestseller "Many Lives, Many Masters," which chronicles his early experiences and the transformative impact of this therapy. His work helped popularize past life regression worldwide, inspiring countless therapists and seekers.

Beyond his writing, Weiss has developed workshops and training programs to teach other professionals his methods. His legacy lies not only in expanding the understanding of reincarnation but also in highlighting the therapeutic potential of exploring the soul's history.

How Brian Weiss's Approach Differs From Other Regression Therapies

While past life regression is practiced by various therapists, Brian Weiss's approach is distinct in its compassionate and gentle style. Weiss emphasizes the importance of love, forgiveness, and acceptance throughout the healing process. He encourages clients to view past life memories not as mere stories but as opportunities for spiritual growth and emotional liberation.

Additionally, Weiss integrates traditional psychiatric knowledge with spiritual insight, bridging the gap between science and metaphysics. This balanced perspective appeals to those who are curious yet cautious about exploring past lives.

Tips for Those Interested in Brian Weiss Past Life Regression

If you're considering past life regression therapy, here are some helpful tips to make the most of the experience:

1. **Choose a Qualified Practitioner:** Look for therapists trained specifically in Brian Weiss's methodology or reputable regression therapy certifications.
2. **Keep an Open Mind:** Approach the sessions with curiosity rather than skepticism to allow memories to surface naturally.
3. **Be Patient:** Sometimes, memories take time to emerge, and multiple sessions may be needed for deeper insight.
4. **Journal Your Experiences:** Writing down impressions after sessions can help clarify thoughts and integrate healing.
5. **Practice Self-Care:** Emotional releases can be intense; ensure you have supportive practices like meditation or counseling in place.

Understanding the Skepticism Surrounding Past Life Regression

It's important to acknowledge that Brian Weiss past life regression, like many spiritual therapies, has its share of skeptics. Critics often question the validity of recovered memories, suggesting they might be influenced by imagination or suggestion during hypnosis. Scientific research on reincarnation remains inconclusive, and the subjective nature of regression experiences makes empirical validation challenging.

However, many clients and practitioners emphasize the practical benefits of the therapy rather than debating the literal truth of past lives. The emotional and psychological healing that occurs can be valuable regardless of one's beliefs about reincarnation.

Balancing Belief and Experience

Whether or not you fully embrace the idea of past lives, Brian Weiss's approach encourages an open, exploratory attitude. The therapy invites individuals to explore their inner landscapes, confront hidden fears, and embrace healing in a compassionate environment. This flexibility allows people from diverse backgrounds to benefit from the process on their own terms.

Final Thoughts on Brian Weiss Past Life Regression

Exploring Brian Weiss past life regression offers a unique journey into the depths of the human psyche and spirit. This therapy combines hypnosis, spirituality, and psychology to unlock memories that might hold the keys to personal transformation. For those drawn to understanding their soul's path or seeking resolution to deep-seated issues, past life regression provides a compelling avenue of exploration.

Whether you view it as a tool for healing, spiritual growth, or simply a fascinating experience, Brian Weiss's contributions to this field have opened doors to new possibilities in psychotherapy and consciousness studies. As more people become curious about the connections between past and present, past life regression continues to inspire hope and insight across the globe.

Frequently Asked Questions

Who is Brian Weiss and what is his contribution to past life regression?

Brian Weiss is a prominent psychiatrist and author known for his work in past life regression therapy. He popularized the concept through his bestselling book 'Many Lives, Many Masters,' where he

documented his experiences using hypnosis to help patients access memories of past lives for healing purposes.

How does Brian Weiss conduct past life regression therapy?

Brian Weiss conducts past life regression therapy using guided hypnosis to help patients enter a deep state of relaxation. In this state, individuals are encouraged to recall memories from previous lifetimes, which can provide insights into current emotional or physical issues and facilitate healing and personal growth.

What are the claimed benefits of Brian Weiss's past life regression therapy?

The claimed benefits include resolving unexplained fears, phobias, and emotional issues, understanding recurring relationship patterns, reducing anxiety and depression, gaining spiritual insights, and promoting overall mental and emotional healing by uncovering and addressing traumas from past lives.

Is Brian Weiss's past life regression therapy scientifically validated?

While many patients report positive experiences, Brian Weiss's past life regression therapy is considered controversial and lacks strong empirical scientific validation. Mainstream psychology regards past life regression as a form of guided imagery or hypnosis without conclusive evidence supporting the existence of actual past life memories.

Can anyone undergo Brian Weiss's past life regression therapy?

Most people can undergo past life regression therapy if they are open to hypnosis and introspective experiences. However, it is not recommended for individuals with certain mental health conditions such as psychosis or severe dissociative disorders, and it should be conducted by a trained and qualified therapist to ensure safety and effectiveness.

Brian Weiss Past Life Regression: Exploring the Legacy and Methodology of a Pioneer

brian weiss past life regression represents one of the most prominent names in the field of past life therapy and reincarnation studies. As a psychiatrist turned spiritual author and hypnotherapist, Dr. Weiss has been instrumental in popularizing the therapeutic technique known as past life regression (PLR), which aims to access memories of previous incarnations to address psychological and emotional issues. This investigative review delves into the origins, methodology, scientific reception, and practical applications of Brian Weiss's approach to past life regression, offering a balanced perspective on its significance within both clinical and metaphysical communities.

The Origins and Evolution of Brian Weiss's Past Life Regression Approach

Brian Weiss, an American psychiatrist, initially embarked on his career grounded in conventional psychotherapy. His encounter with past life regression began somewhat serendipitously in the 1980s during sessions with one of his patients, Catherine. Under hypnosis, Catherine began recounting memories that appeared to transcend her current lifetime, describing detailed past life experiences. Weiss's documented sessions with Catherine led to a profound shift in his professional outlook, culminating in the publication of his groundbreaking book, **Many Lives, Many Masters** (1988). This work not only introduced the concept of past life regression to a wider audience but also framed reincarnation as a potential therapeutic tool rather than a mere spiritual curiosity.

Weiss's method integrates classical hypnosis techniques with a focus on exploring subconscious memories that may originate from past incarnations. His approach is distinctive for combining psychiatric principles with metaphysical elements, thereby appealing to both clinical practitioners interested in alternative therapies and spiritual seekers.

Core Principles of Brian Weiss Past Life Regression

At the heart of Weiss's past life regression therapy is the belief that unresolved traumas—often originating from earlier lifetimes—manifest as psychological distress in the present. By guiding patients into a hypnotic trance state, Weiss's technique facilitates access to these hidden memories, enabling emotional catharsis and cognitive reframing. Key components include:

- **Hypnotic Induction:** Patients are gently guided into a deeply relaxed state conducive to accessing subconscious material.
- **Memory Exploration:** Through suggestive questioning and rapport-building, therapists encourage the spontaneous recall of past life scenes.
- **Emotional Integration:** Patients confront and process lingering emotional wounds, often leading to relief from phobias, anxieties, or psychosomatic symptoms.
- **Spiritual Insights:** Sessions sometimes reveal karmic connections or spiritual lessons that aid personal growth.

Scientific Perspective and Criticisms

The scientific community remains divided on the validity of past life regression, including the iterations popularized by Brian Weiss. Critics argue that memories recovered during hypnosis are susceptible to suggestion, confabulation, and the therapist's influence, which can lead to fabricated or distorted recollections. Furthermore, empirical verification of reincarnation claims is inherently challenging, as the subjective nature of the experiences defies conventional scientific measurement.

Nevertheless, Weiss's work has garnered attention for its therapeutic outcomes. Some psychologists acknowledge that even if the past life memories are symbolic or metaphorical rather than literal, the process may still facilitate psychological healing through narrative restructuring and emotional release. The placebo effect, hypnosis-induced relaxation, and the therapeutic alliance itself may contribute significantly to symptom improvement.

Comparative Analysis with Other Hypnotherapy Practices

Compared to mainstream hypnotherapy, which often targets current-life traumas or behavioral modifications, Brian Weiss past life regression uniquely emphasizes spiritual dimensions and reincarnation. Other forms of regression therapy might focus on early childhood memories or subconscious blocks without invoking past lifetimes. Weiss's approach also differs in the way it frames the therapist's role—not only as a mental health professional but as a facilitator of spiritual awakening.

In contrast, skeptics and many clinical psychologists prioritize evidence-based methods with clear, replicable outcomes. This divergence highlights an ongoing tension between empirical science and experiential spirituality in therapeutic contexts.

Applications and Benefits of Brian Weiss Past Life Regression

Brian Weiss past life regression has been employed for various purposes, ranging from personal development to addressing deep-seated psychological issues. Common applications include:

- **Healing Emotional Trauma:** Clients report resolution of phobias, anxieties, and unexplained fears after regression sessions.
- **Enhancing Self-Awareness:** Exploring past lives can provide individuals with a broader perspective on their current life challenges and patterns.
- **Spiritual Growth:** Many seek past life regression to explore concepts of karma, soul purpose, and reincarnation, facilitating a sense of meaning and connection.
- **Relationship Insights:** Some regressions reveal karmic ties or unresolved issues with significant others, offering opportunities for reconciliation.

While anecdotal reports and client testimonials often highlight transformative experiences, measurable clinical data remains limited. Nevertheless, the subjective benefits reported have sustained interest in Weiss's methods within holistic and integrative therapy circles.

Potential Limitations and Ethical Considerations

Despite its popularity, past life regression is not without limitations. Hypnosis can sometimes trigger distressing or false memories, which require careful handling by trained practitioners. Ethical issues arise regarding informed consent, especially in ensuring clients understand the speculative nature of past life recall.

Additionally, patients with severe mental illness or certain psychological conditions may not be suitable candidates for regression therapy, underscoring the need for rigorous screening.

The Enduring Influence of Brian Weiss on Past Life Regression Therapy

Brian Weiss's contributions have undeniably shaped the perception and practice of past life regression worldwide. His books, seminars, and workshops have inspired countless therapists to integrate spiritual dimensions into their work, fostering a wider acceptance of alternative healing modalities.

Moreover, Weiss's accessible writing style and willingness to share personal case studies have demystified reincarnation for many, bridging the gap between science and spirituality. While controversies persist, his legacy continues to provoke meaningful dialogue on the intersections of consciousness, memory, and healing.

In the evolving landscape of psychotherapy and holistic wellness, Brian Weiss past life regression remains a compelling, if debated, approach—inviting both practitioners and clients to explore the mysteries of the mind and the potential continuity of the soul.

Discovering the power of regression therapy to erase trauma and transform mind, body, and relationships--Cover subtitle.

brian weiss past life regression: Miracles Happen Brian L. Weiss, M.D., Amy Weiss, 2012-10-01
The New York Times bestselling author of *Many Lives, Many Masters*, Brian Weiss MD delivers a powerful revolutionary teaching on the physical, emotional and spiritual healing available to all through embracing the reality of reincarnation. Filled with incredible true stories, *Sometimes Miracles Happen* is a remarkable teaching tool that can be used by all to improve their lives, to evolve along their spiritual paths, to experience more joy, love and happiness in the present moment, and to ultimately understand that there is no need to fear death as we are all immortal and innately spiritual beings. Dr Brian Weiss' conversion from skepticism towards reincarnation to confirmed belief has had a profound effect worldwide. Now Brian's readers complete the cycle as they explain how his works allowed them to understand the 'space between lives'. Each story is used to illustrate practical lessons for how you too can comprehend this revelation and draws upon Brian's and his daughter Amy's practices as past-life regression experts. Our past lives are the key to

a blissful, secure future and this book is the ultimate guide from two of its top practitioners.

brian weiss past life regression: My Mystical Past Life Venu Murthy M. K., 2013-12-24 This is a highly readable personal journal of how destiny mystically designs circumstances, from planting a seed of Near Death Experience, Reincarnation and such to nurturing these ideas with the conviction of personal experience and finally integrating it all under the expert guidance of Dr. Brian Weiss. Below are few words from an eminent author and publisher introducing this book:-The book starts in a very dramatic way and from the very first sentence draws you immediately to the series of events those are going to unfold. As you read along the book, the kindness of an American African touches your heart. Dr. Brian Weiss comes in front of you alive. You yourself really start hearing Dr. Weiss speak. There is a touch of humour also in the narrative to enliven you and lot of wisdom pours in. You will surely love this book. Well, here is the book itself in your hand. Go ahead and experience it for yourself. I always felt within my heart, the mystical side of Venu's personality. He is one of the rare individuals, who love to read great books and absorb the noble ideas and ideals contained in them. He is truthful, sincere to the core in his quest for God and has passed through amazing range of experiences in his life which makes him a very good channel of goodness and compassion through past life therapy. I have not found many persons with such pure, altruistic motives that Mr. Venu Murthy carries in his heart. The book has been dedicated at the holy feet of the all pervading eternal master of the universe. I bow down to that Guru and offer my salutations to that eternal master along with Venu Murthy. This narrative is written with noblest of the motives. It is highly readable and as you read along, you won't feel you are reading a book, you will be travelling and experiencing everything that happens along with the author!!!! And it will be a harbinger of a change in many people's lives. May the blessings of God be showered on all those who read it and on all those who come in contact with Venu Murthy is my earnest prayer to God and Guru Deva. - Divakar

B.R.*****Strange that things which are mystical happen even, in the lives of Software Engineers! While the former is for the highly developed right brain, the latter demands an exploding amount of left brain activity! Venu Murthy wonders on how mystical his journey has been—from being a techie who bangs his head on computers, to being a Past Life Regression Therapist, systematically trained by the master on this subject Dr. Brian Weiss M.D, the ever compassionate Masters and his year old cute little daughter!

brian weiss past life regression: Mirrors of Time Brian L. Weiss, M.D., 2002-02-01 The benefits of regression therapy extend far beyond the clearing of symptoms. Often, the result is healing at all levels—physical, emotional, and spiritual. *Mirrors of Time*, by Brian Weiss, M.D., allows you to take regression therapy to the next level. Now you can go back through time by recalling past events that may have led to difficulties in the present. Through the process of remembering, symptoms diminish, and a strong sense of relaxation and well-being often emerges. Even past-life memories can be elicited by these exercises, and regular practice will enhance your physical and emotional health and open up spiritual vistas that can bring new meaning to your life. An audio download is included that goes beyond meditation and visualization exercises—it contains the actual regression techniques Dr. Weiss uses with his patients. By reading *Mirrors of Time* and practicing the exercises on the accompanying audio, you'll find that you'll be filled with more peace, joy, and love—and virtually all aspects of your everyday life will benefit!

brian weiss past life regression: Regression to Times and Places Brian Weiss, 2008-05 *Regression to Times and Places* is the first CD in Brian's new meditation series. This series helps you to discover and learn meditation and regression techniques. This CD uses several visualizations to access the mind-body connection for healing; for releasing negative thoughts, feelings, and emotions; and for replacing them with positive energy, peace, wisdom, love, and joy. Dr. Brian L. Weiss uses a technique of recounting different historical time periods and suggesting the visualization of geographical places to trigger past-life memories. The regressions provide different techniques for retrieval of memories from this lifetime and prior lifetimes, as well as methods to access spiritual states and inner wisdom.

brian weiss past life regression: Many Lives, Many Masters Brian L. Weiss, 1988-07-15

Describes the case of a young woman suffering from anxiety attacks, explains how hypnosis revealed her memories of past lives, and discusses the usefulness of regression therapy.

brian weiss past life regression: Past Life Regression Therapy Uma Devi, 2023-03-09 Past life regression therapy (PLRT), based on the concept of reincarnation, is a modality for healing physical and mental ailments, most of which are believed to result from memories of past (life) traumatic experiences stored as blockages in our energy system. By reliving the experience, PLRT helps the subject dissolve and release the blockages through catharsis, thus restoring their health. This book describes the healing effects of PLRT, with empirical data from twenty-five case studies from the author's own experience demonstrating PLRT's efficacy in resolving diverse chronic health issues, including physical diseases like asthma, allergies, thyroid disorders, unexplained body pain, etc. This method can be successfully employed and can benefit even those who do not believe in past lives or reincarnation. The simple language, easy-to-comprehend presentation and explanations given at the end of the chapters are sure to make the subject appealing to the readers. About the author P. Uma Devi, Ph. D., F.N.A.Sc., C.Ht. is an internationally recognized radiation biologist with an illustrious career spanning over thirty-five years. With over three hundred scientific papers and review articles published in reputed journals worldwide, she is the recipient of several awards, including the prestigious Pandit Jawaharlal Nehru National Award for Science and the Hanns Langendorff Medal (Germany) for her outstanding contribution to biomedical research. She holds a diploma in clinical hypnotherapy of the California Hypnosis Institute, USA. As the founder of the Institute of Clinical Hypnosis, she has been practising hypnotherapy for the last seventeen years and conducting training courses in clinical hypnotherapy. She endeavours to demystify hypnosis and popularise hypnotherapy through writing, lectures, seminars and workshops. This is her second book on the subject.

brian weiss past life regression: Meditation Brian L. Weiss, 2015-01-05 Meditation is a technique that can be used to experience peace, tranquility, and an inner beauty, leading us to rethink everything around us, even ourselves. It prompts us to trust in the ability we have to use and direct our energies to purify our bodies and minds . . . so that we can discover and develop our spirituality. Brian Weiss, M.D., has written a very special book to help with the practice of meditation (an audio download is also included to guide you through the process). *Meditation: Achieving Inner Peace and Tranquility in Your Life* includes the techniques Dr. Weiss uses on his patients, many of whom have conquered insomnia, anxiety, phobias, weight issues, and disease. Meditation can also lower blood pressure, strengthen the immunological system, and reduce stress. As Dr. Weiss says, It all starts by closing our eyes, relaxing our muscles, and slowing down our breathing. Little by little, we ask our minds to block out the clamoring voices that usually bombard it. . . . This means living this moment intensely, letting go, and surrendering. This book is the first step on a more peaceful, relaxing journey through life.

brian weiss past life regression: Death - What will we think about the ultimate truth of life..... siddhesh chindarkar , People have a wide range of beliefs and attitudes about death. Some may view it as a natural part of life, while others may fear it. Many religious or spiritual beliefs involve an afterlife, while others view death as the end of consciousness. Some people may find comfort in knowing that death is a release from suffering, while others may find solace in the idea of being reunited with loved ones who have passed away. Grief and mourning are common reactions to the death of a loved one, and people may also experience feelings of fear, anxiety, or uncertainty about their own mortality. Ultimately, people's thoughts and feelings about death are deeply personal and can be influenced by a variety of factors, including culture, religion, and individual life experiences

brian weiss past life regression: Dying to Know: Is There Life After Death? Josh Langley, 2022-07-28 Determined to find out what happens when we die, Josh Langley takes readers on an extraordinary journey to uncover the secrets to the age-old question pondered by all of humanity. Visiting crematoriums, conducting out-of-body experiments and entering conversations with the deceased, you're invited on this daring and intriguing afterlife investigation for a humorous and compelling ride. Following Langley's lifelong obsession with the afterlife, his surprising and thought-provoking conclusions will leave you spiralling long after the last page. Fans of 'Paranormal Activity' will revel in the findings. Author, cartoonist and daydreamer, Australian Josh Langley is an award-winning radio broadcaster and advertiser with over 20 years' experience. Having started his own creative agency in 2000, he turned to painting as a form of self-expression at the same time, resulting in an exhibition at the 2002 Perth Fringe Festival. In 2010, he began drawing cartoons for Big Sky Publishing and has since published 2 ground-breaking self-help books, 'Dying to Know: is there life after death', and 'Turning Inside Out: what if everything we've been taught about life is wrong.' He is also the author of numerous self-help children's titles, including 2018's ABIA Small Publisher's Children's Book of the Year award winner 'It's Ok to Feel the Way You Do'. He lives in South West Australia with his partner and chickens.

brian weiss past life regression: The Past Life Perspective Ann Barham, 2016-06-07 Previously published as: Nine lives (and counting).

brian weiss past life regression: The Magdalene Awakening L. Shannon Andersen, 2006 This book is the result of a deep and profound quest for origins, meaning, and healing, written at a time when the human condition appears more fractured from within than at any other time in history. In writing *The Magdalene Awakening*, Shannon Anderson has successfully journeyed to that sacred space and has lifted the veil for her readers revealing the atrium of immortality and enticing them to come and join her on her high mission. The smooth narrative style of the book weaves together a magical journey through the author's quest for the true Magdalene energy, the origins of the

Cathars, the Gematria that holds the sacred key, and in the end, a call for transformation. This story is a page turner written by someone who knows, and who allows her readers the rare opportunity to discover these mysteries for themselves, but with the benefit of her company and wisdom to help them on their path. Maria Magdalena Colavito, Ph.D., author of *The Pythagorean Intertext in Ovid's Metamorphoses & The New Theogony: Mythology for the Real World*.

brian weiss past life regression: The Unclouded Mind Laura McGee-Chiusano, 2015-11-25
In this compassionate and easy-to-read guide for cultivating an unclouded mind, Laura McGee-Chiusano shares the deep insights she has learned to assist you as you respond to your higher self and embark on your spiritual journey. She illustrates how, through changing your perceptions, you can heal from the debilitating symptoms of anxiety and depression and improve the quality of your relationships. Laura interweaves the spiritual teachings of ancient philosophers, occultists of the early twentieth century, and the more new-age and metaphysical teachings of today's most highly respected spiritual teachers to help you realize the greatness of who you truly are. We are glad to suggest the reader to read this book with an open mind because it helps us to lead a spiritual life, to be happy and peaceful in the present moment. Living in the present moment is the teaching of the Buddha. The present moment is the most precious moment. We wish blessings upon Laura for the success of her life and finally the realization of Supreme Bliss! May all beings be well, happy, and peaceful! Ven. Bhikkhu T. Seelananda, vice president and vice abbot of Bhavana Society, West Virginia

brian weiss past life regression: A Touch of Love from Heaven Angel Love, 2005-11
Standing in the Great Room at my home, I see a rainbow, appearing between the mirrors on my living room wall. I note that the six colors of the chakra system are in the correct sequence: red, orange, yellow, green, blue, and lilac at the top of the rainbow. Looking at my watch, the time is 5:50 p.m. The rainbow disappears, and now, none can be seen. The time is 5:55 p.m. Next, almost immediately, two rainbows appear. The first one is on the back of the Great Room Wall to the right above the sofa while I stand there facing the mirrors. The second rainbow appears on the lamp. Both of them contain the six colors of the chakra system in the chronological order. I am left wondering if these visuals are the light of God giving me the go ahead for putting my writings into the hands of the people. Since the chakra system and the rainbow are both utilized in my writings, I believe this sign is from God and no accident.

Related to brian weiss past life regression
