Movies Like The Exam: Thrilling Mind Games and Psychological Puzzles on Screen

movies like the exam have carved out a unique niche in the thriller and psychological suspense genres. The 2009 British film "The Exam" captivated audiences with its tense atmosphere, minimalistic setting, and a riveting plot centered around a high-stakes test where candidates are pushed to their mental limits. If you enjoyed the nail-biting tension and intellectual challenges of this movie, you're probably on the lookout for similar films that blend psychological drama, suspense, and intense character dynamics. Let's dive into some gripping movies like The Exam that keep you guessing until the very end.

What Makes Movies Like The Exam So Captivating?

Before we explore specific titles, it's worth considering why movies like The Exam resonate with viewers. These films typically fall under psychological thrillers, mystery, or survival genres and share common elements such as:

- **Confined Settings:** Many take place in limited or claustrophobic environments, amplifying the tension.
- **Mental Challenges:** Characters often face puzzles, riddles, or moral dilemmas that test intelligence and resolve.
- **High Stakes:** The consequences of failure are severe, whether it's life, freedom, or sanity.
- **Character-driven Plot:** The focus is on interactions, alliances, and conflicts between a small group of individuals.
- **Twists and Suspense:** Unexpected revelations keep audiences engaged and guessing.

If you appreciate movies that make you think and keep the suspense tight, these elements are key ingredients for a thrilling experience.

Top Movies Like The Exam to Watch

Here's a curated list of films that capture the essence of The Exam, each offering a unique spin on psychological tension and mind games.

1. Cube (1997)

"Cube" is a cult classic that shares the confined, puzzle-filled setting similar to The Exam. A group of strangers wakes up trapped in a maze-like structure composed of deadly rooms. They must work together to solve mathematical puzzles to survive. The film masterfully combines tension, paranoia, and human psychology under pressure. If you like the mix of intellect and survival, Cube's minimalistic yet eerie atmosphere is a must-watch.

2. The Platform (2019)

This Spanish sci-fi thriller revolves around a vertical prison where food descends through levels, forcing inmates to compete for survival. The Platform is a sharp social allegory wrapped in a claustrophobic setting with intense character dynamics. Like The Exam, it explores human behavior under extreme pressure and moral dilemmas, making it a fascinating psychological study.

3. Exam (2009)

While technically the original, it's worth revisiting the film itself if it's been a while. The Exam's simple premise—eight candidates vying for a job face a mysterious, rule-bound test in a single room—creates an intense atmosphere focused on strategy, deception, and group dynamics. It's the perfect blend of minimalism and suspense that inspired this genre of psychological test movies.

4. Saw (2004)

The “Saw” franchise is known for its brutal “games” where characters must solve puzzles or endure physical trials to survive. The original film’s tight setting, moral tests, and twisted mind games echo the tense vibe of The Exam. While Saw leans more into horror, the psychological elements and the emphasis on intellect and choices make it relevant for fans of cerebral thrillers.

5. Coherence (2013)

If you’re drawn to movies that challenge your perception of reality and feature small groups navigating complex situations, “Coherence” is an excellent pick. During a dinner party, strange cosmic events cause reality to unravel. The film’s tension builds through character interactions and mysterious circumstances, much like The Exam’s focus on psychological pressure and uncertainty.

6. The Belko Experiment (2016)

In this high-stakes thriller, employees of a corporation are locked in their office building and forced into a deadly game where they must kill or be killed. The film combines survival thriller elements with psychological twists and group dynamics reminiscent of The Exam’s intense character interplay and moral quandaries.

Exploring Themes in Movies Like The Exam

Understanding the underlying themes in these films can deepen your appreciation for the genre and provide insight into why they are so engaging.

Psychological Pressure and Human Nature

Movies like *The Exam* often delve into how individuals respond when pushed to their limits. The confined settings strip away distractions, placing characters under intense psychological pressure. This environment exposes raw human nature—fear, greed, trust, and betrayal all come to the surface. Watching these interactions unfold is both thrilling and thought-provoking.

Intellectual Challenges as a Plot Device

Unlike action-packed thrillers, these films rely heavily on brainpower—riddles, logic puzzles, or moral tests. This emphasis on intellect invites viewers to engage actively, trying to solve the challenges alongside characters. It's a refreshing change from typical chase scenes and gunfights, making the narrative richer and more immersive.

Social Commentary and Ethical Dilemmas

Several of these movies embed social critiques within their plots. For example, *The Platform* addresses class disparity, while *Saw* touches on themes of justice and punishment. *The Exam* itself raises questions about corporate ethics and the nature of competition. These layers add depth beyond mere entertainment.

Tips for Enjoying Psychological Thriller Movies Like *The Exam*

If you're new to this genre or looking to enhance your viewing experience, here are some tips:

- ****Pay Attention to Details:**** These films often hide clues in dialogue or visuals. Staying alert can make the experience more rewarding.

- ****Watch with Friends:**** Discussing theories and motives can enrich understanding and enjoyment.
- ****Research After Viewing:**** Sometimes, reading analyses or fan theories can reveal hidden layers you missed.
- ****Embrace Ambiguity:**** Not all questions will have clear answers. Part of the appeal is the uncertainty and moral complexity.
- ****Prepare for Tension:**** These movies are designed to induce stress and suspense, so choose an appropriate time to watch.

Why Movies Like The Exam Are Perfect for Mind Game

Enthusiasts

If you enjoy puzzles, strategic thinking, and psychological drama, movies like The Exam offer a unique cinematic experience. Unlike traditional thrillers that rely on physical action, these films engage the mind, challenging your perceptions and reasoning skills. They also often feature small casts and limited settings, emphasizing character study and narrative depth.

Additionally, the moral questions posed in these movies encourage viewers to reflect on their own values and decision-making processes. This intellectual engagement makes the genre particularly satisfying for audiences looking for more than just surface-level entertainment.

Whether it's solving cryptic tests, navigating life-or-death scenarios, or unraveling complex interpersonal dynamics, movies like The Exam provide a compelling mix of suspense, intellect, and human drama that keeps viewers hooked long after the credits roll.

Frequently Asked Questions

What are some movies similar to 'The Exam' in terms of psychological thriller elements?

Movies like 'Exam' that feature psychological thriller elements include 'Cube', 'The Belko Experiment', and 'Coherence', as they all involve characters in confined spaces facing intense mental challenges.

Which films feature a similar setting to 'The Exam' with characters trapped in a single room?

Films similar in setting to 'The Exam' with confined spaces include 'Cube', 'Phone Booth', and 'Buried', where the tension arises from limited environments.

Are there any movies like 'The Exam' that involve high-stakes tests or competitions?

Yes, movies such as 'Battle Royale', 'The Hunger Games', and 'The Circle' involve high-stakes competitions or tests that challenge the characters' survival and wits.

What are some mind-bending movies like 'The Exam' that focus on puzzles and mental challenges?

Mind-bending movies similar to 'The Exam' include 'The Prestige', 'Inception', and 'Exam' itself, which challenge the audience with complex puzzles and psychological twists.

Can you recommend movies like 'The Exam' that explore themes of corporate or organizational control?

Movies like 'The Exam' that delve into corporate control and manipulation include 'The Circle', 'The Platform', and 'Snowpiercer', where the characters confront oppressive systems.

Which movies resemble 'The Exam' in portraying ethical dilemmas under pressure?

Films such as 'Saw', 'Exam', and '12 Angry Men' portray characters facing intense ethical dilemmas under pressure, testing their morals and decision-making.

Are there any low-budget films like 'The Exam' that deliver strong suspense?

Yes, low-budget suspense films like 'The Exam', 'Cube', and 'Buried' demonstrate how limited settings and budgets can still create gripping tension.

What movies like 'The Exam' feature a small group of characters with hidden motives?

Movies featuring small groups with hidden agendas similar to 'The Exam' include 'The Hateful Eight', 'Clue', and 'Exam', where trust is constantly questioned.

Can you suggest films like 'The Exam' that have a twist ending?

Films that deliver twist endings akin to 'The Exam' include 'The Usual Suspects', 'Shutter Island', and 'Exam', surprising the audience with unexpected revelations.

Movies Like The Exam: Exploring Psychological Thrillers and Mind Games in Cinema

Movies like *The Exam* have carved a unique niche within the psychological thriller genre, captivating audiences with their intense focus on human behavior under pressure, confined settings, and high-stakes scenarios. The 2009 British thriller, *The Exam*, directed by Stuart Hazeldine, stands out for its minimalist yet compelling narrative—a group of candidates locked in a room facing an enigmatic test

that challenges not only their intellect but their morality and instinct for survival. This specific blend of psychological tension, intellectual puzzles, and claustrophobic atmosphere has inspired a wave of films that share similar themes and stylistic elements.

In this article, we delve into the characteristics that define movies like *The Exam*, analyze why they resonate with viewers, and highlight some noteworthy examples that explore human psychology, strategic thinking, and social dynamics in controlled environments. We will also discuss how these films balance suspense and intellectual engagement, providing a rich viewing experience for fans of cerebral thrillers.

The Anatomy of Movies Like *The Exam*

At the core of movies like *The Exam* lies an intricate interplay between psychological pressure and intellectual challenge. These films typically feature a limited number of characters placed in confined spaces—often rooms, buildings, or isolated environments—where they must confront puzzles, moral dilemmas, or competitive scenarios. The tension is heightened by time constraints, secrecy, and the looming threat of failure or elimination.

Unlike action-heavy thrillers, this subgenre leans heavily on character dynamics, dialogue, and mental acuity. The narrative often unfolds through sparse settings, relying on sharp writing and performances to build suspense. This minimalist approach forces viewers to focus on the psychological chess game between characters, making every word and gesture laden with significance.

Moreover, movies like *The Exam* often explore themes such as trust and betrayal, ethical boundaries, and the limits of human endurance under pressure. These thematic elements contribute to the films' appeal, inviting audiences to question what they would do in similar high-stress scenarios.

Key Features and Narrative Devices

- **Confined Settings:** The use of closed environments intensifies claustrophobia and forces character interaction.
- **Limited Cast:** Smaller ensembles allow for in-depth character exploration and interpersonal tension.
- **Intellectual Challenges:** Puzzles, tests, or games serve as the central plot device.
- **Time Pressure:** Deadlines add urgency and exacerbate psychological strain.
- **Moral and Ethical Dilemmas:** Characters must make choices that reveal their true nature.
- **Minimalist Production:** Often low-budget with focused storytelling over spectacle.

Notable Films Sharing Similar Themes and Style

For viewers intrigued by *The Exam*, several films offer comparable experiences by blending psychological tension, mystery, and intellectual rigor. Below is a curated list of movies that echo the spirit of *The Exam* in various ways.

1. *Cube* (1997)

Directed by Vincenzo Natali, *Cube* is a cult classic that places a group of strangers inside a

labyrinthine structure filled with deadly traps. Like *The Exam*, *Cube* features a confined setting and a limited cast forced to work together—or against each other—to survive. The film excels in creating suspense through its enigmatic environment and character-driven psychological drama. Its minimalist production design and focus on problem-solving align closely with *The Exam*'s essence.

2. Exam (2009)

While it may seem redundant, it's worth revisiting *The Exam* itself as a benchmark. The film's success springs from its ability to condense complex psychological and ethical themes into an 80-minute runtime without sacrificing tension or depth. It's a masterclass in economical storytelling that has influenced many subsequent films in the genre.

3. The Platform (2019)

This Spanish sci-fi thriller explores social hierarchy and morality within a vertical prison where food is distributed via a platform descending through levels. Though its scale is larger than *The Exam*'s intimate setting, *The Platform* similarly challenges its characters' ethics and survival instincts. The psychological intensity and philosophical undertones make it a compelling companion piece.

4. Saw (2004)

The *Saw* franchise, particularly its original installment, shares the concept of characters trapped in confined spaces facing deadly tests designed to reveal their true selves. While more graphic and horror-oriented, *Saw*'s psychological manipulation and puzzle elements resonate with fans of *The Exam*'s cerebral tension.

5. Coherence (2013)

Coherence employs a minimalist approach to science fiction and psychological suspense, focusing on a group of friends experiencing strange occurrences during a dinner party. The film's tension arises from interpersonal dynamics and complex narrative puzzles, much like The Exam's emphasis on character interaction and mental challenges.

6. The Circle (2015)

Though more expansive in scope, The Circle similarly involves a group of individuals competing for a coveted position within a mysterious corporation. The film delves into themes of trust, manipulation, and psychological pressure, paralleling The Exam's exploration of corporate and social power structures.

Why Audiences Are Drawn to Psychological Puzzle Thrillers

The enduring appeal of movies like The Exam can be attributed to their unique fusion of suspense and intellectual stimulation. Unlike conventional thrillers that rely on physical action or special effects, these films demand active engagement from viewers, inviting them to solve puzzles alongside the characters or anticipate moral decisions.

This mental involvement fosters a participatory viewing experience, making the tension more palpable. Additionally, the limited settings and focused narratives often lead to a deeper emotional connection with characters, heightening investment in their outcomes.

From a cinematic perspective, these films demonstrate how creativity and strong writing can overcome budgetary constraints, proving that compelling stories don't require elaborate visuals or star-studded casts.

The Balance of Puzzle and Drama

One of the challenges in crafting movies like *The Exam* lies in balancing the intellectual puzzles with authentic character drama. Overemphasis on the puzzle elements can render a film cold or mechanical, while too much focus on interpersonal conflict risks diluting the suspense.

Successful films in this genre maintain a delicate equilibrium, ensuring that the stakes remain both cerebral and emotional. *The Exam*'s screenplay exemplifies this balance, weaving character backstories and ethical quandaries seamlessly into the central test.

Potential Pitfalls in the Genre

Despite their strengths, movies like *The Exam* may face criticism for predictable outcomes or contrived setups. The reliance on confined spaces and limited characters sometimes leads to repetitive scenarios across different films. Moreover, the intellectual puzzles must be carefully constructed to avoid frustrating or alienating audiences.

However, when executed skillfully, these films offer a refreshing alternative to mainstream thrillers, prioritizing thought-provoking narratives over spectacle.

Expanding the Genre: International and Independent Contributions

Psychological puzzle thrillers akin to *The Exam* have flourished in international and independent cinema, where filmmakers often experiment with narrative structures and themes. For example, Korean cinema offers titles like *The Handmaiden* (2016), blending psychological tension with intricate plotting, while European films frequently explore social and existential dilemmas within confined settings.

Independent films also benefit from the genre's low-budget nature, allowing for creative risks and innovation. Platforms like film festivals and streaming services have broadened access to these works, enriching the genre's diversity and appeal.

Streaming Era and Accessibility

The rise of streaming platforms has made movies like *The Exam* more accessible to global audiences. Services such as Netflix, Amazon Prime, and Hulu regularly feature psychological thrillers and cerebral mysteries, facilitating discovery for viewers seeking intellectually engaging content.

This trend has encouraged filmmakers to produce more titles within this niche, expanding the genre's catalog and evolving its thematic and stylistic boundaries.

Final Thoughts on Movies Like *The Exam*

The genre exemplified by *The Exam* continues to resonate because of its incisive exploration of human psychology, strategic thinking, and ethical complexity within confined and high-pressure scenarios. Films that share these elements invite audiences into a cerebral experience that challenges perceptions and emotions alike.

As filmmakers continue to innovate within this framework, movies like *The Exam* stand as important milestones, demonstrating how minimalist storytelling combined with intelligent design can create compelling cinema that lingers in the mind long after the credits roll.

movies like the exam: Censored Screams Tom Johnson, 2006-07-19 As Dracula (1931) and Frankenstein (1931) ushered in the golden age of horror films in the United States, studios and distributors were faced with a major problem in their number one overseas market: the British Board of Film Censors (BBFC) were demanding extensive cuts, enforcing age restrictions, and banning outright many of Hollywood's horror movies. The issue most often used to limit the showing of horror films was their unsuitability to children. With that in mind, the BBFC developed specific film codes--the A (for adults) and the H (for horrific), both of which restricted viewing to those 16 or older--and then applied them liberally. This work examines how and why horror films were censored or banned in the United Kingdom, and the part these actions played in ending Hollywood's golden age of horror.

movies like the exam: Before and Afterlives Christopher Barzak, 2013 Discover the haunting stories of Crawford Award-winning author Christopher Barzak in his new collection Before and Afterlives. These are tales of relationships with unearthly domesticity and eeriness: a woman falls in love with a haunted house; a beached mermaid is substituted for a lost missing daughter; the imaginary friend of a murdered young mother stalks the streets of her small town; a teenage boy is afflicted with a disease that causes him to vanish; a father exploits his daughter's talent for calling ghosts to her; and a wife leaves her husband and children to fulfill her obligations to a world from which she escaped.

movies like the exam: Mississippi Writers Dorothy Abbott, 1985 Fiction recounting the experience of growing up in the Deep South

movies like the exam: Halos and Avatars Craig Detweiler, 2010-01-25 Craig Detweiler's collection of up-to-the-minute essays on video games' theological themes (and yes, they do exist!) is an engaging and provocative book for gamers, parents, pastors, media scholars, and theologians--virtually anyone who has dared to consider the ramifications of modern society's obsession with video games and online media. Together, these essays take on an exploding genre in popular culture and interpret it through a refreshing and enlightening philosophical lens.

movies like the exam: The American Exception, Volume 2 Frank J. Lechner, 2017-01-09 This book examines what makes the United States an exceptional society, what impact it has had abroad, and why these issues have mattered to Americans. With historical and comparative evidence, Frank J. Lechner describes the distinctive path of American institutions and tracks changes in the country's national identity in order to assess claims about America's 'exceptional' qualities. The book analyzes several focal points of exceptionalist thinking about America, including

the importance of US Constitution and the American sense of mission, and explores several aspects of America's distinctive global impact; for example, in economics and film. In addition to discussing the distinctive global impact of the US, this first volume delves into the economy, government, media, and the military and foreign policy.

movies like the exam: *Medicine's Moving Pictures* Leslie J. Reagan, Nancy Tomes, Paula A. Treichler, 2007 Original essays by leading media scholars and historians of medicine that explore the rich history of health-related films. This groundbreaking book argues that health and medical media, with their unique goals and production values, constitute a rich cultural and historical archive and deserve greater scholarly attention. Original essays by leading media scholars and historians of medicine demonstrate that Americans throughout the twentieth century have learned about health, disease, medicine, and the human body from movies. Heroic doctors and patients fighting dread diseases have thrilled and moved audiences everywhere; amid changing media formats, medicine's moving pictures continue to educate, entertain, and help us understand the body's journey through life. Perennially popular, health and medical media are also complex texts reflecting many interests and constituencies including, notably, the U.S. medical profession, which has often sought, if not always successfully, to influence content, circulation, and meaning. *Medicine's Moving Pictures* makes clear that health and medical media representations are more than illustrations, shows their power to shape health perceptions, practices, and policies, and identifies their social, cultural, and historical contexts. Contributors: Lisa Cartwright, Vanessa Northington Gamble, Rachel Gans-Boriskin, Valerie Hartouni, Susan E. Lederer, John Parascandola, Martin S. Pernick, Leslie J. Reagan, Naomi Rogers, Nancy Tomes, Paula A. Treichler, Joseph Turow Leslie J. Reagan is an Associate Professor at the University of Illinois, Urbana-Champaign; Nancy Tomes is a Professor at Stony Brook University; Paula A. Treichler is a Professor at the University of Illinois, Urbana-Champaign.

movies like the exam: *Jazz, Rock, and Rebels* Uta G. Poiger, 2000-03-03 This significant contribution to German history pioneers a conceptually sophisticated approach to German-German relations. Poiger has much to say about the construction of both gender norms and masculine and feminine identities, and she has valuable insights into the role that notions of race played in defining and reformulating those identities and prescriptive behaviors in the German context. The book will become a 'must read' for German historians.—Heide Fehrenbach, author of *Cinema in Democratizing Germany* Poiger breaks new ground in this history of the postwar Germanies. The book will serve as a model for all future studies of comparative German-German history.—Robert G. Moeller, author of *Protecting Motherhood* *Jazz, Rock, and Rebels* exemplifies the exciting work currently emerging out of transnational analyses. [A] well-written and well-argued study.—Priscilla Wald, author of *Constituting Americans*

movies like the exam: *Baseball in the Classroom* Edward J. Rielly, 2014-09-17 As scholarly interest in baseball has increased in recent years, so too has the use of baseball both as subject and as teaching method in college courses. In addition to lecturing on baseball history, professors are more frequently using baseball as a pedagogical tool to teach other disciplines. Baseball's interdisciplinary appeal is evident in the myriad ways that diverse college faculty have made use of it in the classroom. In this collection of essays, professors from different disciplines explain how they have used baseball in higher education. Organized by academic field, essays offer insight into how baseball can help teach key issues in archival research, business, cultural studies, education, experiential learning, film, American history, labor relations, law, literature, Native American studies, philosophy, public speaking, race studies and social history.

movies like the exam: *Contemporary Introduction to Sociology* Jeffrey C. Alexander, Kenneth Thompson, Laura Desfor Edles, 2016-01-08 The first edition of *A Contemporary Introduction to Sociology* was the first truly new introductory sociology textbook in decades. Written by two leading sociologists at the cutting edge of theory and research, the text reflected the idioms and interests of contemporary American life and global social issues. The second edition continues to invite students to reflect upon their lives within the context of the combustible leap from modern to postmodern life.

The authors show how culture is central to understanding many world problems as they challenge readers to confront the risks and potentialities of a postmodern era in which the futures of both the physical and social environment seem uncertain. As culture rapidly changes in the 21st century, the authors have broadened their analysis to cover developments in social media and new data on gender and transgender issues.

movies like the exam: BATCHMATES Ajit Kumar Jha, 2023-07-20 This is the story of a group of boys in a Sainik School and their interaction with teachers and authorities. They join the school in class fifth from where their process of learning and unlearning begins they are wayward, rude, and defy rules at times the arrival of a new Principal in this school, however, brings about a paradigm shift in their lives. This amazing Principal bans punishments and offers students to carry books in the exams. He brings to this remote and isolated school some of the who's who from India and abroad. The school becomes exemplary with several awards and trophies, and the boys are successful. The ideas of this Principal, a legion, and his experiments with the boys are now adopted by the CBSE and some of the best schools in India. What is your secret of success? This is the prime lesson he gives to the boys.

movies like the exam: *Bloody Murder* Michelle Ann Abate, 2013-03 Off with her head! decreed the Queen of Hearts, one of a multitude of murderous villains populating the pages of children's literature explored in this volume. Given the long-standing belief that children ought to be shielded from disturbing life events, it is surprising to see how many stories for kids involve killing. *Bloody Murder* is the first full-length critical study of this pervasive theme of murder in children's literature. Through rereadings of well-known works, such as *Alice's Adventures in Wonderland*, the *Nancy Drew Mystery Stories*, and *The Outsiders*, Michelle Ann Abate explores how acts of homicide connect these works with an array of previously unforeseen literary, social, political, and cultural issues. Topics range from changes in the America criminal justice system, the rise of forensic science, and shifting attitudes about crime and punishment to changing cultural conceptions about the nature of evil and the different ways that murder has been popularly presented and socially interpreted. *Bloody Murder* adds to the body of inquiry into America's ongoing fascination with violent crime. Abate argues that when narratives for children are considered along with other representations of homicide in the United States, they not only provide a more accurate portrait of the range, depth, and variety of crime literature, they also alter existing ideas about the meaning of violence, the emotional appeal of fear, and the cultural construction of death and dying.

movies like the exam: *Dear Shah Rukh: In Your Shadows, I Found My Light: A Memoir of Hope, Healing, and the Man Who Inspired It All* Priyanka Srivastava, 2025-08-06 Book Synopsis What if your first love was someone you had never met but who touched every aspect of your life? For Priyanka, that first love was Shah Rukh Khan. He became more than just an actor on the screen for her from the moment she first saw him. Riding a bike with a naughty smile in the song *Koi Na Koi Chaiye*, he swept her heart away. Since then, he became her companion and her inspiration through the unpredictable journey of life. For Priyanka, Shah Rukh Khan was a synonym for hope, resilience and unconditional love. Unknowingly, Shah Rukh Khan has shaped her life's most pivotal moments, and with this book, Priyanka wants to express her gratitude to her childhood crush, her emotional anchor, and her beacon of hope. In this deeply personal and heartwarming book, she has woven together nostalgia, life lessons and more in a series of intimate letters. Each letter touches upon a different phase of her life, sometimes humorous, sometimes challenging, but in each letter, her love for Shah Rukh Khan and his influence on her life shine through. Her childhood adventures, adolescent dreams, struggles of career and marriage and moments of loss and healing are both relatable and profound. In these letters, she depicts how Shah Rukh Khan's presence in her life turned everyday moments into something extraordinary. She paints a vivid picture of how Shah Rukh Khan became a part of her success story and how a silent screening of one of his movies

reignited her will to live when she had given up on life. These letters also explore a deeper curiosity. The curiosity about who the man is behind the superstar Shah Rukh Khan? Why is his presence universally comforting? And why does someone she has never met feel like home? We have grown up watching SRK, and whether you are a lifelong SRK admirer or not, Priyanka's honest, humorous and heart-touching letters will take you on a journey of love, longing and the beauty of believing in dreams. Because sometimes, a stranger on a screen can touch your heart in ways you never expected. And those feelings last a lifetime.

movies like the exam: The Entertainment Marketing Revolution Al Lieberman, Patricia Esgate, 2002 Entertainment is now a \$500 billion industry that reaches into every corner of human life. The Entertainment Marketing Revolution: Bringing the Moguls, the Media, and the Magic to the World profiles that industry, from film to print, music to theme parks--and shows exactly how to find and reach your market in today's insanely competitive marketplace. Discover the driving forces, key synergies, new opportunities, and advanced marketing techniques today's top companies are riding to success... and learn how to create tomorrow's blockbuster properties, starting today.
