Nina Rosenstand The Moral of the Story: Understanding Ethics Through Literature

nina rosenstand the moral of the story is more than just a phrase; it opens the door to a fascinating exploration of ethics, morality, and human behavior through the lens of literature. Nina Rosenstand, a distinguished scholar and author, has long contributed to our understanding of how stories shape moral reasoning and cultural values. Her work delves deeply into the intersection of narrative and ethical reflection, making her insights invaluable for students, educators, and anyone interested in the power of storytelling to convey profound lessons.

In this article, we'll unpack the core themes of Nina Rosenstand's perspectives on morality in stories, exploring how narratives serve as a mirror for our ethical dilemmas and social norms. We'll also examine why the moral of a story remains a crucial concept in both classical and contemporary literature, and how Rosenstand's analyses help us better appreciate the moral dimensions embedded in the stories we tell and consume.

Who Is Nina Rosenstand and Why Does Her Work Matter?

Nina Rosenstand is a prominent figure in the field of literature and ethics, best known for her book **The Moral of the Story: An Introduction to Ethics**. Her approach is unique because she doesn't treat ethics as abstract philosophy alone; instead, she grounds moral questions in real-life scenarios and literary narratives. This method makes ethics accessible and relatable, emphasizing how stories influence our understanding of right and wrong.

Rosenstand's work is especially significant in educational settings. By weaving ethical discussions into literature classes, she encourages students to engage critically with characters' decisions and the consequences they face. This approach not only enhances literary appreciation but also fosters ethical awareness, helping readers develop empathy and moral reasoning skills.

The Moral of the Story: More Than Just a Lesson

When we talk about the "moral of the story," we often think of a simple takeaway or a neat lesson at the end of a fable. However, Rosenstand challenges this simplistic view by highlighting the complex ways stories communicate ethical ideas. According to her, stories do not just preach morals; they invite readers to wrestle with conflicting values and ambiguous situations.

Ethical Ambiguity in Literature

One of the most compelling aspects of Rosenstand's analysis is her focus on

ethical ambiguity. Unlike straightforward moral tales, many literary works present characters who face difficult choices without clear right or wrong answers. These narratives require readers to reflect deeply on their own values and the societal context in which the story unfolds.

For example, classic novels like **Crime and Punishment** or **To Kill a Mockingbird** don't just offer a moral conclusion; they explore themes of justice, guilt, and social responsibility in ways that challenge readers to question simplistic judgments. Rosenstand's work encourages us to appreciate these complexities, recognizing that the "moral of the story" can be multifaceted and open to interpretation.

Stories as Ethical Laboratories

Rosenstand also describes stories as "ethical laboratories," spaces where readers can safely examine moral dilemmas without real-world consequences. This perspective underscores the educational value of literature: through engagement with diverse narratives, readers can practice empathy and ethical reasoning.

By placing ourselves in the shoes of various characters, we experience different viewpoints and cultural norms. This experiential learning broadens our moral horizons, helping us become more thoughtful and compassionate individuals.

How to Identify the Moral of the Story According to Nina Rosenstand

Understanding the moral of a story isn't always straightforward. Rosenstand offers several practical tips for readers aiming to uncover the ethical core of narratives:

- **Focus on Character Decisions:** Analyze the choices characters make and the consequences they face. What values are at stake?
- **Consider Cultural Context:** Reflect on the societal norms and historical background influencing the story. How do these shape the moral questions posed?
- **Look for Conflicting Values:** Notice moments where characters grapple with competing ethical principles, such as loyalty versus justice.
- **Question Your Own Reactions:** Pay attention to your emotional responses and judgments. What do they reveal about your moral framework?
- **Engage in Discussion:** Sharing interpretations with others can uncover different perspectives and deepen understanding.

This approach aligns with Rosenstand's broader goal of promoting active moral inquiry rather than passive acceptance of prescribed lessons.

The Role of Ethics in Contemporary Storytelling

In today's media-saturated world, the moral of the story remains a vital concept, though it often appears more nuanced or contested than in traditional fables. Nina Rosenstand's insights help us navigate this complexity by emphasizing the ongoing dialogue between stories and ethical reflection.

Modern Narratives and Moral Complexity

Contemporary novels, films, and even video games frequently present morally ambiguous scenarios that challenge audiences to think critically. Unlike the clear-cut morals of Aesop's fables, these stories reflect the pluralistic and often contradictory nature of modern societies.

Rosenstand's framework encourages readers to embrace this complexity, recognizing that the value of a story's moral lies in its ability to provoke thought and discussion rather than deliver simple answers.

Media Literacy and Moral Reasoning

Another important implication of Rosenstand's work is the enhancement of media literacy. As consumers of diverse narratives, we must develop skills to discern underlying ethical messages and question the values being promoted.

By applying the principles outlined in **The Moral of the Story**, readers and viewers can become more critical and reflective, better equipped to understand how stories shape public opinion and personal beliefs.

Applying Rosenstand's Ideas Beyond Literature

While Nina Rosenstand's main focus is literature, her ideas about the moral of the story have far-reaching applications. In everyday life, from news consumption to interpersonal communication, stories are a fundamental way humans make sense of the world.

Storytelling in Education and Leadership

Educators and leaders can use Rosenstand's insights to foster ethical dialogue and decision-making. By encouraging storytelling and moral reflection, they create environments where individuals can explore values collaboratively and thoughtfully.

Personal Growth Through Narrative Reflection

On a personal level, reflecting on the moral of the stories we encounter can enhance self-awareness and ethical maturity. Whether through books, movies,

or conversations, engaging deeply with narratives helps us clarify our own principles and develop compassion for others.

Exploring Nina Rosenstand the moral of the story invites us to see narratives not just as entertainment but as vital tools for ethical exploration. Her work reminds us that every story carries the potential to illuminate human values and challenge our thinking, making the act of reading an essential part of our moral journey.

Frequently Asked Questions

Who is Nina Rosenstand and what is 'The Moral of the Story' about?

Nina Rosenstand is a scholar known for her work in ethics and storytelling. 'The Moral of the Story' explores how narratives shape our moral understanding and the ethical lessons we derive from stories.

What is the central theme of Nina Rosenstand's 'The Moral of the Story'?

The central theme is the relationship between storytelling and morality, highlighting how stories influence ethical reasoning and the development of moral values.

How does Nina Rosenstand explain the role of stories in moral education in 'The Moral of the Story'?

Rosenstand argues that stories serve as powerful tools for moral education by providing relatable scenarios that help individuals reflect on ethical dilemmas and internalize moral principles.

What examples does Nina Rosenstand use in 'The Moral of the Story' to illustrate moral lessons?

She often references classic literature, folklore, and contemporary narratives to demonstrate how different types of stories convey moral lessons across cultures and time periods.

How is 'The Moral of the Story' relevant to modern ethical discussions?

'The Moral of the Story' remains relevant as it addresses how narratives continue to influence public opinion, cultural norms, and personal ethics in a media-saturated society.

Can 'The Moral of the Story' by Nina Rosenstand be

applied in educational settings?

Yes, educators use Rosenstand's insights to incorporate storytelling into ethics curricula, helping students engage with moral concepts through narrative analysis and discussion.

Nina Rosenstand: The Moral of the Story Explored

nina rosenstand the moral of the story is a phrase that invites a deeper examination of the works and perspectives presented by Nina Rosenstand, a prominent figure in the study of literature, ethics, and cultural narratives. Rosenstand's contributions, particularly her analyses on the intersection of storytelling and morality, have sparked significant discourse among academics, educators, and literary critics alike. This article delves into the thematic core of Rosenstand's exploration of moral lessons within narratives, unpacking the layers that define her approach and influence.

Understanding Nina Rosenstand's Approach to Moral Narratives

Nina Rosenstand's scholarship is grounded in the belief that stories serve as a fundamental medium through which moral values and societal norms are conveyed. Her work often underscores the didactic potential embedded within literature, folklore, and modern storytelling, suggesting that every narrative carries an implicit or explicit "moral of the story" that shapes cultural consciousness.

Unlike simplistic moralizing, Rosenstand's analysis treats the moral dimension as multifaceted and sometimes ambiguous. She argues that stories do not merely instruct but also provoke critical reflection. For instance, rather than prescribing clear-cut lessons, narratives might challenge readers to question ethics, identity, and human behavior in complex social contexts.

This nuanced perspective aligns with contemporary literary theory, which recognizes that morals in stories can vary depending on cultural backgrounds, historical periods, and individual interpretations. Rosenstand's work is particularly valuable in educational settings, where she advocates for teaching students how to discern and debate moral implications rather than passively accepting prescribed lessons.

The Role of Context in "The Moral of the Story"

One of the key insights from Nina Rosenstand's examination is the importance of context in determining the moral takeaway from a story. She emphasizes that the "moral of the story" is not universal or static; it evolves with shifts in societal values and the reader's perspective.

For example, classic fairy tales such as those collected by the Brothers Grimm have been reinterpreted over time. What was once seen as a simple cautionary tale may now be analyzed through lenses of gender studies or

postcolonial critique. Rosenstand encourages readers to recognize this fluidity and to appreciate how the moral lessons in stories reflect broader cultural dynamics.

Integrating Ethical Inquiry in Literary Studies

Rosenstand's influence extends beyond literary analysis into the domain of ethical inquiry. She posits that literature serves as a testing ground for ethical dilemmas, allowing readers to navigate complex moral terrain safely. This approach is instrumental in fostering empathy and moral reasoning skills.

By engaging with diverse narratives, readers encounter perspectives and situations that challenge their preconceived notions. Rosenstand's framework thus promotes an interactive dialogue between text and reader, where the "moral of the story" emerges through critical engagement rather than didactic instruction.

Comparative Insights: Rosenstand and Other Moral Theorists in Literature

When situating Nina Rosenstand's views alongside other scholars, it becomes clear that her approach is distinctive in its balance between moral instruction and interpretive openness. Unlike traditional moralists who emphasize clear ethical lessons, Rosenstand embraces ambiguity and multiplicity.

For example, while theorists like Martha Nussbaum highlight literature's role in cultivating compassion, Rosenstand adds to this by focusing on how stories shape communal identities and power structures. Her perspective dovetails with narratologists who explore the function of storytelling in societal cohesion and change.

Features of Rosenstand's Methodology

- ****Interdisciplinary Analysis:**** Rosenstand draws on anthropology, philosophy, and literary studies to contextualize moral narratives.
- ****Emphasis on Reader Response:**** She foregrounds the reader's role in constructing meaning, highlighting variability in moral interpretation.
- ****Cultural Sensitivity:**** Her work is attentive to how different cultures produce and receive moral stories.
- ****Educational Application:**** Rosenstand advocates for incorporating moral inquiry into literature curricula to enhance critical thinking.

Pros and Cons of Rosenstand's Perspective on Moral Stories

Evaluating Nina Rosenstand's contribution reveals several strengths and potential limitations:

- **Pros:** Encourages deeper engagement with texts; fosters ethical reflection; adaptable across cultures; bridges multiple disciplines.
- **Cons:** Ambiguity in moral lessons may frustrate readers seeking clear guidance; complexity might challenge casual readers or younger audiences.

These considerations illustrate the balance Rosenstand strikes between enriching literary discourse and maintaining accessibility.

Applications in Modern Education and Media

The relevance of Nina Rosenstand's insights extends into contemporary educational practices and media analysis. In classrooms, her approach underpins curricula that encourage students to critically analyze stories from diverse traditions, evaluating the ethical dimensions and societal impacts.

Moreover, in an age dominated by multimedia storytelling, Rosenstand's framework aids in understanding how films, television shows, and digital narratives communicate moral values. This is especially pertinent in evaluating the role of popular culture in shaping public perceptions and ethical debates.

Final Reflections on Nina Rosenstand's Moral of the Story

Exploring the phrase "nina rosenstand the moral of the story" reveals a rich intellectual tradition that challenges simplistic interpretations of narrative morals. Rosenstand's work invites readers and scholars to engage with stories as dynamic sites of moral reflection, cultural negotiation, and ethical inquiry.

Her contributions continue to influence how literature is taught and understood across disciplines, emphasizing that the moral of any story is less about fixed lessons and more about ongoing dialogue between text, context, and community. This perspective not only enriches literary analysis but also encourages a more thoughtful and inclusive approach to interpreting the stories that shape our world.

nina rosenstand the moral of the story: The Moral of the Story Nina Rosenstand, 2005-05 Moral of the Story, 5/e by Nina Rosenstand offers a remarkably effective approach that helps students understand and evaluate moral issues.

nina rosenstand the moral of the story: Ethics John Mizzoni, 2010-09-02 Ethics: The Basics provides beginning students with a solid grounding in basic ethical principles, theories and

traditions, as well as a set of conceptual tools necessary to think about ethics and make ethical decisions. Introduces ethical concepts, theories, and traditions in an unusually reader-friendly manner Considers western and non-western ethical viewpoints and religious interpretations of ethical concepts Includes end of chapter summaries, case studies, review questions, diagrams and an appendix containing definitions of all the ethical concepts, principles, theories, and traditions introduced in the book

nina rosenstand the moral of the story: Looseleaf for The Moral of the Story: An Introduction to Ethics Nina Rosenstand, 2020-04-27 The Moral of the Story, 9e continues to bring understanding to difficult concepts in moral philosophy through storytelling and story analysis. To help students apply theories practically, each chapter concludes with a section of Primary Readings with excerpts from classical and contemporary texts, along with a section of Narratives, a collection of stories that illustrate the moral issues raised in the chapter. Study questions are also included throughout the edition. New popular television shows and movies (e.g. The Handmaid's Tale, The Good Place, Green Book) are related to chapter themes throughout this new edition. The text continues to illustrate moral issues through stories, including many that come from popular culture or current events.

nina rosenstand the moral of the story: Moral Theory at the Movies Dean Kowalski, 2011-12-08 Moral Theory at the Movies provides students with a wonderfully approachable introduction to ethics. The book incorporates film summaries and study questions to draw students into ethical theory and then pairs them with classical philosophical texts. The students see how moral theories, dilemmas, and questions are represented in the given films and learn to apply these theories to the world they live in. There are 36 films and a dozen readings including: Thank you for Smoking, Plato's Gorgias, John Start Mill's Utilitarianism, Hotel Rwanda, Plato's Republic, and Horton Hears a Who. Topics cover a wide variety of ethical theories including, ethical subjectivism, moral relativism, ethical theory, and virtue ethics. Moral Theory at the Movies will appeal to students and help them think about how philosophy is relevant today.

nina rosenstand the moral of the story: The Moral of the Story Nina Rosenstand, 2003 This popular text uses examples from fiction and film to show how ethical theories can be applied. By linking abstract theory to real life through storytelling and story analysis, Rosenstand offers a remarkably effective way of helping students understand and evaluate moral issues.

nina rosenstand the moral of the story: Bioethics in Canada, Third Edition Carol Collier, Rachel Haliburton, 2021-03-25 Now in its third edition, Bioethics in Canada: A Philosophical Introduction offers a comprehensive overview of the philosophical, historical, and medical concepts shaping contemporary debates on biomedical issues. The text opens with an introduction to moral theory and bioethical principles, followed by application of these theories and principles to real world ethical conflicts involving abortion, distributive justice, genetics, reproductive technology, and other vital topics. A landmark case opens each chapter, illuminating the many issues involved in these debates, as well as the philosophical assumptions that shape them. Thoroughly updated to reflect recent political, medical, and cultural changes, this third edition features new sections on Medical Assistance in Dying (MAiD), the moral philosophy of liberalism in bioethics, the Mad movement, CRISPR and gene editing, and expanded content on mental health, rural and remote communities, and codes of conduct and codes of ethics. Accessibly written with newly added case studies in the health care workplace, this text is an insightful resource for courses in the disciplines of philosophy, health studies, medicine, and nursing, providing a strong ethical foundation in an ever-changing field.

nina rosenstand the moral of the story: Preaching with Humanity Geoffrey Stevenson, Stephen Wright, 2008 How can 'old-fashioned' preaching survive in today's culture? How can we preach with humanity, not to it or at it? Whether you're a new enthusiast or an experienced practitioner, this book will help you in the life-long process of becoming a preacher with humanity.

nina rosenstand the moral of the story: The Message Behind the Movie—The Reboot Douglas Beaumont, 2022-04-11 When it comes to movies, people of faith often focus on negative

assessments of the film industry and certain style elements that they find objectionable, such as violence, nudity, or harsh language. While these criticisms are important, they are not the whole story. A film's message and its method are not always the same thing. By discussing the cinematic techniques and the genre considerations filmmakers use to communicate their ideas, this book helps Catholics and other Christians to become informed viewers. Douglas Beaumont shows how to evaluate the stories that movies tell and how to discern what they say about reality, God, and what it means to be human. At the same time, he illustrates how movie watchers can engage in thoughtful, lively discussions about not only film but also the big questions in life.

nina rosenstand the moral of the story: The Origins of Morality Daniel A. Briggs Ph.D., 2012-04-23 The Origins of Morality juxtaposes nature and divinity, theory and faith, and science and theology, provoking intense curiosity about threads woven into the fabric of ethics and belief systems by humankind over the ages. Daniel Briggs critically analyzes classic and contemporary theories in science, biology, philosophy, psychology, sociology, and theology to present fresh insight into the derivation of value systems and mores from the beginning of recorded time to the present day. Tempered by the writings of renowned theorists such as Einstein, Hawking, Darwin, Freud, and Adler against a backdrop of writings attributed to the Divine, Briggs helps the reader traverse a web of complex concepts ranging from the big bang theory and the cosmological constant to Darwinism and intelligent design, iron logic and faith to formulate a cogent view of morality. Briggs balances secular and spiritual elements, examining contentious and divergent views on the foundations underlying humanity and morality to present objective information that allows readers to formulate their own conclusions. Although written in scholarly fashion, The Origins of Morality includes references and a glossary making it suitable for a wide audience of readers. The book will be of particular interest to academicians, psychologists, scientists, sociologists, theologians, students and those individuals seeking answers to fundamental questions about the origins of human belief systems. Rather than repeating content from works, Briggs refers readers interested in exploring certain areas in more detail to other books he has published on related or tangential topics. Briggs has written an intellectually stimulating and thought provoking book that challenges readers to question answers proffered by scientific theory and religion, to draw their own conclusions. The Origins of Morality is highly recommended for those who want to get past philosophical rhetoric and confusing scientific theories to formulate their own answer to the question, What is morality? How will you answer this question after reading The Origins of Morality? Judy Bullock, Ph.D. Professor at American Intercontinental University Atlanta, Georgia, USA

nina rosenstand the moral of the story: Torture, Terrorism, and the Use of Violence, Vol. II (also available as Review Journal of Political Philosophy Volume 6, Issue Number 2) J. Jeremy Wisniewski, 2008-12-18 This journal has been discontinued. Any issues are available to purchase separately.

nina rosenstand the moral of the story: Universal Morality Reconsidered Joseph Bankard, 2014-10-17 Like many contemporary issues, moral discourse finds itself in the middle of a great divide. On one side of the chasm sits much of contemporary Western philosophy, moral psychology and the social sciences, which often view morality as a purely natural phenomenon. This view argues that human morality can be fully explained by appealing to naturalistic processes such as kin selection, reciprocal altruism, cultural evolution, and various models of social contract theory. In this context, God's e...

nina rosenstand the moral of the story: Understanding Peace Michael Allen Fox, 2013-11-12 Understanding Peace: A Comprehensive Introduction fills the need for an original, contemporary examination of peace that is challenging, informative, and empowering. This well-researched, fully documented, and highly accessible textbook moves beyond fixation on war to highlight the human capacity for nonviolent cooperation in everyday life and in conflict situations. After deconstructing numerous ideas about war and explaining its heavy costs to humans, animals, and the environment, discussion turns to evidence for the existence of peaceful societies. Further topics include the role of nonviolence in history, the nature of violence and aggression, and the

theory and practice of nonviolence. The book offers two new moral arguments against war, and concludes by defining peace carefully from different angles and then describing conditions for creating a culture of peace. *Understanding Peace* brings a fresh philosophical perspective to discussions of peace, and also addresses down-to-earth issues about effecting constructive change in a complex world. The particular strength of *Understanding Peace* lies in its commitment to reflecting on and integrating material from many fields of knowledge. This approach will appeal to a diverse audience of students and scholars in peace studies, philosophy, and the social sciences, as well as to general-interest readers.

nina rosenstand the moral of the story: Business Ethics and Social Responsibility' 2007 Ed. , 2007

nina rosenstand the moral of the story: The Message Behind the Movie Douglas M. Beaumont, 2009-05-01 Some Christians denounce nearly every move that Hollywood produces; others celebrate even the most morally and artistically questionable. While most Christians can agree on the cultural importance of films, very few are able to interpret movies with insight and understanding. Apologetics professor and film lover Doug Beaumont wants moviegoers to become more informed viewers, by better grasping the cinematic techniques and genre considerations that filmmakers use to communicate their central themes. He also wades into hot-button issues of nudity, violence, and language in movies, helping Christians to more carefully evaluate celluloid depictions of sin. Packed with quote and excerpts from many of Hollywood's most successful films-and from some of the indie favorites that have gained cult followings-*The Message Behind the Movie* is a fun and enlightening look at the art from that defines our age.

nina rosenstand the moral of the story: Art in Three Dimensions Noël Carroll, 2010-07-15 This is a collection of essays by one of the most eminent figures in philosophy of art. Carroll argues that philosophers of art need to refocus their attention on the ways in which art enters the life of culture and the lives of individual audience members.

nina rosenstand the moral of the story: Ethics: The Basics, 2nd Edition John Mizzoni, 2017-05-08 Updated and revised, *Ethics: The Basics, Second Edition*, introduces students to fundamental ethical concepts, principles, theories, and traditions while providing them with the conceptual tools necessary to think critically about ethical issues. Introduces students to core philosophical problems in ethics in a uniquely reader-friendly manner Lays out clearly and simply a rich collection of ethical concepts, principles, theories, and traditions that are prevalent in today's society Considers western and non-western viewpoints and religious interpretations of ethical principles Offers a framework for students to think about and navigate through an array of philosophical questions about ethics

nina rosenstand the moral of the story: Art and Ethical Criticism Garry L. Hagberg, 2010-10-18 Through a series of essays, *Art and Ethical Criticism* explores the complex relationship between the arts and morality. Reflects the importance of a moral life of engagement with works of art Forms part of the prestigious New Directions in Aesthetics series, which confronts the most intriguing problems in aesthetics and the philosophy of art today

nina rosenstand the moral of the story: From Question to Quest Santiago Sia, 2010-04-16 In facing up to life and its challenges, questions inevitably arise. Different situations provoke specific questions—mostly trivial but frequently fundamental—always seeking some kind of answer. While the transition from question to quest is a rather natural one for human beings and the need for answers is a serious human demand, the quest itself is significant, precisely because it is a human task. This book offers a number of literary-philosophical enquiries into these challenges of life. But it is the one set of quests—stimulated, deepened and widened by literature and philosophy as well as developed in a literary and philosophical way. Among the topics covered are: the search for meaning in life, the quest for wisdom, the aim of moral striving, the need for community life, the importance of relationships, the challenge of suffering, the desire for deliverance, and the longing for immortality.

nina rosenstand the moral of the story: The Moral Philosophy of John Steinbeck Stephen K.

George, 2005-03-23 More than any other author of the Modern period of American literature, John Steinbeck evidenced a serious interest and background in moral philosophy. His personal reading collection included works ranging from Kant and Spinoza to Taoism and the Bible. Critics also consistently identify Steinbeck as an author whose work promotes serious moral reflection and whose characters undergo profound moral growth. Yet to date there has been no sustained examination of either John Steinbeck's personal moral philosophy or the ethical features and content of his major works. This critical neglect is remedied by a collection of highly readable essays exploring the philosophy and work of one of America's few Nobel Prize winning authors. These thirteen essays, written by experts both within philosophy and Steinbeck studies, examine almost all of Steinbeck's major works. Included in the compilation are five general essays examining Steinbeck's own moral philosophy and eight specific essays analyzing the ethics of various major works.

nina rosenstand the moral of the story: Autonomy and the Situated Self Rachel Haliburton, 2013-11-26 Bioethics tells a heroic story about its origins and purpose. The impetus for its contemporary development can be traced to concern about widespread paternalism in medicine, mistreatment of research subjects used in medical experimentation, and questions about the implication of technological developments in medical practice. Bioethics, then, began as a defender of the interests of patients and the rights of research participants, and understood itself to play an important role as a critic of powerful interests in medicine and medical practice. *Autonomy and the Situated Self* argues that, as bioethics has become successful, it no longer clearly lives up to these founding ideals, and it offers a critique of the way in which contemporary bioethics has been co-opted by the very institutions it once sought (with good reason) to criticize and transform. In the process, it has become mainstream, moved from occupying the perspective of a critical outsider to enjoying the status of a respected insider, whose primary role is to defend existing institutional arrangements and its own privileged position. The mainstreaming of bioethics has resulted in its domestication: it is at home in the institutions it would once have viewed with skepticism, and a central part of practices it would once have challenged. Contemporary bioethics is increasingly dominated by a conception of autonomy that detaches the value of choice from the value of the things chosen, and the central role occupied by this conception makes it difficult for the bioethicist to make ethical judgments. Consequently, despite its very public successes, contemporary bioethics is largely failing to offer the ethical guidance it purports to be able to provide. In addition to providing a critique, this book offers an alternative framework that is designed to allow bioethicists to address the concerns that led to the creation of bioethics in the first place. This alternative framework is oriented around a conception of autonomy that works within the ethical guidelines provided by a contemporary form of virtue ethics, and which connects the value of autonomous choice to a conception of human flourishing.
