

the prism of lyra an exploration of human galactic heritage

The Prism of Lyra: An Exploration of Human Galactic Heritage

the prism of lyra an exploration of human galactic heritage invites us into a fascinating journey through the cosmic roots and celestial connections that might define humanity's place in the universe. This concept transcends ordinary history or anthropology, reaching into the stars to explore the possibility that our origins, culture, and spirituality are intertwined with the vast galactic neighborhood, particularly the Lyra constellation. Delving into this subject opens a window into ancient myths, astral archetypes, and theories that challenge conventional ideas about human evolution and cosmic ancestry.

Understanding the Prism of Lyra

At its core, the prism of Lyra refers to a multifaceted perspective on human history that includes extraterrestrial influence, interstellar communication, and spiritual evolution linked to the Lyra star system. The idea suggests that humanity's development is not isolated to Earth alone but is part of a broader galactic heritage.

The Significance of Lyra in Human Mythology

Lyra, a small constellation representing the lyre of Orpheus in Greek mythology, has long been associated with music, harmony, and transcendence. Many ancient cultures viewed the stars of Lyra as symbolic guides or origins of sacred knowledge. Some modern thinkers propose that these myths encode memories of cosmic visitors or ancient starseed origins, hinting that our ancestors might have had contact with beings from this part of the galaxy.

Why a "Prism"?

The term "prism" is metaphorically powerful. Just as a prism refracts light into a spectrum of colors, the prism of Lyra symbolizes how human galactic heritage can be refracted into various aspects: cultural, spiritual, genetic, and cosmic. By examining history through this prism, we gain a multidimensional understanding of human identity—one that incorporates science, spirituality, and cosmic philosophy.

Tracing the Galactic Heritage of Humanity

To explore human galactic heritage, we must look beyond traditional archaeology and genetics, incorporating a range of disciplines including astroarchaeology, ancient astronaut theory, and

comparative mythology.

Astroarchaeology and Celestial Alignments

Many ancient structures around the world align with stars in the Lyra constellation. Temples, pyramids, and megalithic sites often correspond with celestial events linked to Vega—the brightest star in Lyra. These alignments suggest that ancient civilizations had profound astronomical knowledge and possibly a spiritual connection to Lyra, reinforcing the idea of a cosmic heritage.

Ancient Astronaut Theories

The prism of Lyra also resonates with hypotheses that propose extraterrestrial visitors influenced early human civilization. Proponents argue that advanced beings from Lyra may have contributed to the development of human DNA, technology, and cultural myths. While controversial, these theories encourage us to consider humanity's origins as part of a larger interstellar narrative.

The Starseed Concept

In New Age and metaphysical circles, the idea of starseeds—souls originating from other star systems—is prevalent. Lyra is often cited as one of these starseed sources. This belief posits that certain humans carry genetic or energetic imprints from Lyra, which influence their spiritual mission and awakening on Earth.

The Role of Lyra in Spiritual and Esoteric Traditions

The prism of Lyra extends beyond physical origins to encompass spiritual evolution. Many esoteric teachings link human consciousness expansion with the energy of Lyra.

Lyra's Vibrational Energy and Human Consciousness

It is believed that the vibrational frequency of Lyra's stars can impact human brainwaves, promoting states of higher awareness, creativity, and empathy. Meditation and sound healing practices sometimes use frequencies inspired by Lyra to facilitate spiritual breakthroughs.

Symbolism and Archetypes

Lyra's symbolism—the lyre, music, harmony—serves as an archetype for balance between mind and spirit. Exploring these archetypes helps individuals understand their own inner cosmic connection and the universal harmony that may underpin human life.

Scientific Perspectives and Cosmic Connections

While much of the prism of Lyra's exploration is speculative or metaphysical, there are scientific angles worth considering that contribute to our understanding of human galactic heritage.

The Vega Star System

Vega, the brightest star in Lyra, is one of the closest stars to Earth and has been studied extensively by astronomers. Its age, composition, and position in the Milky Way make it a candidate for early planetary formation, raising questions about potential life-supporting planets and possible interactions with Earth.

Genetic Links and Cosmic Influence

Recent studies in astrobiology and genetics speculate on panspermia—the hypothesis that life's building blocks may have traveled through space. While not directly linked to Lyra, this idea supports the notion that Earth and its inhabitants may share a broader cosmic ancestry.

How Embracing the Prism of Lyra Can Enrich Our Worldview

Exploring the prism of Lyra as an exploration of human galactic heritage invites us to rethink identity, history, and spirituality on a cosmic scale. This expanded worldview emphasizes interconnectedness—not just among humans, but across the stars.

Encouraging Curiosity and Open-Mindedness

Whether one accepts the literal truth of galactic heritage or not, considering these ideas encourages curiosity and open-mindedness. It challenges us to look beyond the familiar and embrace mystery, which can lead to personal and collective growth.

Inspiring Creativity and Innovation

The fusion of ancient wisdom, cosmic science, and spiritual insight found in the prism of Lyra can inspire artists, scientists, and thinkers alike. Imagining humanity's galactic roots fosters creativity and innovation, fueling new ways to solve earthly challenges.

Fostering a Sense of Unity

Recognizing a shared cosmic heritage can help bridge divides on Earth. It reminds us that we are part of a vast, interconnected universe, encouraging empathy, cooperation, and stewardship of our planet.

The prism of Lyra an exploration of human galactic heritage is more than a theory—it's a lens through which we can see ourselves as cosmic beings with deep ties to the stars. As our understanding of the universe expands, so too does the story of who we are, where we came from, and where we might be headed among the endless galaxies.

Frequently Asked Questions

What is the main theme of 'The Prism of Lyra: An Exploration of Human Galactic Heritage'?

The main theme of 'The Prism of Lyra' revolves around exploring humanity's cosmic origins and galactic heritage, suggesting that humans have extraterrestrial ancestry and are part of a larger interstellar civilization.

Who is the author of 'The Prism of Lyra' and what is their background?

The author of 'The Prism of Lyra' is Lyssa Royal, who is known for her work in metaphysics, channeling, and exploring cosmic consciousness and extraterrestrial connections.

How does 'The Prism of Lyra' describe human origins?

The book proposes that human origins are linked to various star systems, particularly the Lyra constellation, and that humans are descendants of multiple extraterrestrial races who have contributed to our genetic and spiritual evolution.

What role do extraterrestrial beings play according to 'The Prism of Lyra'?

According to the book, extraterrestrial beings have played a significant role as ancestors, guides, and spiritual teachers, influencing human development and helping to awaken humanity's higher consciousness.

Why has 'The Prism of Lyra' gained popularity in metaphysical and UFO communities?

The book has gained popularity because it offers a comprehensive narrative that connects ancient myths, channeling, and galactic history, providing a framework for understanding human identity beyond Earth and resonating with those interested in spirituality and extraterrestrial life.

Additional Resources

The Prism of Lyra: An Exploration of Human Galactic Heritage

the prism of lyra an exploration of human galactic heritage invites a deep reflection on humanity's origins, cosmic connections, and the enduring mysteries surrounding our place in the universe. This intriguing concept, rooted in both scientific inquiry and speculative frameworks, challenges conventional archetypes of human history by suggesting a broader galactic context. By examining the prism of Lyra through various lenses—astronomical, mythological, and esoteric—this exploration unravels layers of human identity that transcend terrestrial boundaries.

Understanding the Prism of Lyra

At its core, the prism of Lyra refers to a multidimensional perspective on human ancestry, positing that our evolutionary past and cultural heritage might be intrinsically linked to the Lyra star system. Situated in the northern celestial hemisphere, Lyra is a small but prominent constellation, home to Vega, one of the brightest stars visible from Earth. Historically, Vega has held significant importance across civilizations, often symbolizing a celestial beacon or a focal point in ancient star maps.

The prism analogy is particularly apt: just as a prism refracts light into a spectrum of colors, the prism of Lyra suggests that our human heritage, when viewed through the right "cosmic lens," reveals a spectrum of influences shaped by interstellar origins, cosmic events, and galactic migrations. This approach encourages a multidisciplinary analysis—combining astronomy, anthropology, and even metaphysical studies—to appreciate the potential depth of our galactic heritage.

The Astronomical Significance of Lyra

Lyra's astronomical characteristics have made it a subject of interest in various scientific fields. Vega, its most notable star, is approximately 25 light-years from Earth and serves as a critical calibration point in photometric systems due to its brightness and relative proximity. Beyond Vega, Lyra contains several deep-sky objects such as the Ring Nebula (M57), symbolizing cosmic cycles of birth, death, and transformation.

This constellation's visibility and prominence have made it a natural reference point for ancient navigators and astronomers. Modern astrophysics has also examined Lyra for exoplanetary systems, raising intriguing possibilities about habitable zones and extraterrestrial life, which further fuels speculation about humanity's potential galactic ancestry.

Mythological and Cultural Connections

The prism of Lyra an exploration of human galactic heritage cannot be complete without acknowledging its rich mythological backdrop. In Greek mythology, Lyra represents the lyre of Orpheus, a symbol of harmony and cosmic order. This association extends into various cultures where the constellation is linked to themes of music, spirituality, and celestial communication.

Many ancient civilizations, from the Sumerians to the Egyptians, embedded Lyra and Vega into their cosmologies. Some esoteric traditions even propose that Lyra was the origin point for ancient star seed lineages—hypothetical ancestral beings believed to have contributed to early human development. This blend of mythology and speculative anthropology offers a cultural prism through which to interpret human galactic heritage.

Analyzing Human Galactic Heritage Through Lyra

The proposition that human origins might be connected to Lyra prompts an analysis of genetic, archaeological, and astronomical evidence. While mainstream science predominantly supports an Earth-centric evolutionary model, emerging studies in astrobiology and comparative mythology open the door to broader interpretations.

Genetic and Archaeological Perspectives

Genomic research has revolutionized our understanding of human evolution, revealing complex migration patterns and interbreeding events with archaic hominins like Neanderthals and Denisovans. However, hypotheses linking human DNA to extraterrestrial sources remain controversial and are largely speculative.

Despite this, certain archaeological findings—such as ancient artifacts depicting star constellations and advanced astronomical alignments in megalithic structures—suggest that early human societies possessed sophisticated cosmic knowledge. The prism of Lyra an exploration of human galactic heritage invites a reconsideration of these artifacts as potential evidence of ancient contacts or inspirations stemming from cosmic origins.

Astrobiological Considerations and Exoplanetary Systems in Lyra

Astrobiology's quest to understand life beyond Earth has intensified interest in star systems like Lyra. The discovery of exoplanets orbiting stars within Lyra, including some potentially within habitable zones, supports the possibility of life elsewhere in this region of the galaxy.

While no direct links between these systems and human ancestry exist in empirical terms, the presence of potentially life-supporting planets fuels speculative scenarios about panspermia—the idea that life can be distributed across the galaxy via comets, asteroids, or deliberate seeding.

The Prism of Lyra in Contemporary Discourse

Modern interpretations of the prism of Lyra an exploration of human galactic heritage often appear in interdisciplinary dialogues spanning science fiction, New Age spirituality, and advanced scientific speculation.

Science Fiction and Popular Culture

The motif of Lyra and its supposed galactic influence features prominently in science fiction literature and media. Works exploring human origins frequently employ the Lyra star system as a backdrop for interstellar civilizations, ancient alien interventions, or cosmic destinies. This cultural penetration reflects humanity's fascination with uncovering its cosmic roots and the allure of a broader galactic narrative.

New Age and Esoteric Interpretations

Within New Age circles, the prism of Lyra is often invoked to describe spiritual evolution and galactic ancestry. Adherents claim that understanding Lyra's role in human heritage can unlock latent psychic abilities, ancestral memories, and a greater sense of universal connectedness. While these interpretations lack scientific rigor, they offer meaningful frameworks for personal and collective identity exploration.

Evaluating the Pros and Cons of the Lyra Hypothesis

The prism of Lyra an exploration of human galactic heritage presents tantalizing possibilities but also faces significant challenges.

- **Pros:**

- Encourages multidisciplinary dialogue between astronomy, anthropology, and mythology.
- Stimulates curiosity about humanity's place in the cosmos.
- Highlights ancient astronomical knowledge preserved in cultural artifacts.
- Supports open inquiry into the origins of life and consciousness.

- **Cons:**

- Lacks concrete empirical evidence linking humans directly to Lyra.
- Often conflated with pseudoscientific claims and speculative theories.
- May distract from grounded scientific research focused on terrestrial evolution.
- Vulnerable to misinterpretation in popular and spiritual contexts.

Exploring these advantages and limitations is crucial for a balanced understanding of the prism of Lyra's place within scientific and cultural discourse.

Future Directions: Research and Exploration

Advancements in space telescopes and exoplanet detection promise to deepen our knowledge of the Lyra star system and its potential for harboring life. Missions such as the James Webb Space Telescope have opened unparalleled windows into distant star systems, enabling astronomers to analyze atmospheric compositions and search for biosignatures.

Simultaneously, interdisciplinary research combining archaeoastronomy, genetics, and cultural studies may shed light on the symbolic importance of Lyra across human history. While the prism of Lyra an exploration of human galactic heritage remains speculative, it underscores the human drive to connect with the cosmos on both scientific and existential levels.

In navigating this complex terrain, it is essential to maintain a critical yet open-minded approach, recognizing the value of both empirical evidence and imaginative inquiry in expanding our understanding of where we come from—and where we might be headed—in the vast expanse of the galaxy.

[The Prism Of Lyra An Exploration Of Human Galactic Heritage](#)

the prism of lyra an exploration of human galactic heritage: [Prism of Lyra](#) Keith Priest, Lyssa Royal, 2011-03-01 The Prism of Lyra is an exploration of Human Galactic Heritage. The Prism of Lyra is a book that examines the idea of creation in a different light. In contrast to the notion that humans are the result of creation, it explores the idea that the collective humanoid consciousness (or soul) created our universe for specific purposes. What are those purposes? Who is involved? These questions and many more are addressed, resulting in startling possibilities. The Prism of Lyra then traces various off-planet races (Lyra, Vega, the Pleiades, Orion, Zeta Reticuli, and more) through their own evolution and ties them into the developing Earth. Highlighted is the realization of our galactic interconnectedness . . . and our shared desire to return home. Explore with us the passage through . . . The Prism of Lyra.

the prism of lyra an exploration of human galactic heritage: *The Prism of Lyra* Lyssa Royal, Keith Priest, 1989

the prism of lyra an exploration of human galactic heritage: The Complete Ascension Index Joshua David Stone, 2001-01-01 This index for the Encyclopedia of the Spiritual Path is a great resource in your search for ascension, self-realization, and ascended-master teachings. These books collectively explore the deepest levels and understanding of ascension through the personal, planetary and cosmic levels, offering the reader tools to work with that span the spectrum of all of the bodies and ultimately bring them into the subtle realms of cosmic ascension. These tools are practical gems for the purification, healing, cleansing, acceleration and ascension process that covers the individual incarnated soul and extends into the vast monadic and cosmic realms.

the prism of lyra an exploration of human galactic heritage: *Signs on the Earth* Richard

Leviton, 2025-09-12 Virgin Mary Apparitions. UFO Sightings. Crop Circles. What do these have in common? Earth-energies expert Richard Leviton is convinced that these three seemingly distinct phenomena are all interconnected. And, he insists, the signs indicate something very real and very important is happening: we're fast approaching the end of the world as we know it--and that might not be such a bad thing. In *Signs on the Earth*, Leviton combines newspaper and firsthand accounts with his own intuitive research to examine the exploding number of such reports from around the world. He focuses his study by selecting a handful of Marian apparition sites, including Lourdes, Fatima, Medjugorje, and others, as well as UFO hot spots such as California's Topanga Canyon and the Hudson River Valley. For his investigation of the crop circle phenomenon, Leviton takes you to Wiltshire, England, an area he calls the crop circle mecca. Encouraging you to think of the Earth as a cosmic bulletin board, Leviton believes that these phenomena are messages from the galaxy and the spiritual worlds offering us an unprecedented opportunity to enter the next level of reality. *Signs on the Earth* shows that these signs are literally directions to a 3-step process for looking within as well as beyond yourself, and unlocking your vast spiritual potential.

the prism of lyra an exploration of human galactic heritage: The Imagination of Pentecost Richard Leviton, 1994 Carlo Pietzner speaks, out of his own ego-directed, inner experiences, about several motifs inherent to inner striving: the problem of self in relationship to the world, the disintegration of the three soul forces, the transition from sense perception to spiritual perception, the reality of evil, the condition of loneliness, and more.

the prism of lyra an exploration of human galactic heritage: Crystal Skulls Jaap van Etten, 2013-01-01 Crystal skulls invoke a sense of mystery. What was their role in ancient times? Are they important for us in current times? Can they assist us on our spiritual journey? How? Although much has been written about them, many questions still linger. This book addresses many of these lingering questions on practical, subtle-energy, and spiritual levels. This long-awaited sequel to *Crystal Skulls: Interacting with a Phenomenon* weaves practical information on crystal skulls with meditations to provide a deeper understanding of the role of crystal skulls in expanding the consciousness of individuals and humankind as a whole. Filled with useful guidance for both beginners and those who have worked with crystal skulls for long periods of time, *Crystal Skulls: Expand Your Consciousness* addresses essential issues: what material crystal skulls should be made from, what size to choose, how to clean them, and what to do with them. The most important part of the book addresses awakening the potential of a crystal skull. Learn about the energies of these awakened crystal skulls and the effects they have on the spiritual development of individuals and the collective consciousness of humanity. This book invites you on a journey of awakening the potential of your crystal skulls -- and consequently awakening yourself. Several meditations are given to support this journey along with descriptions of the known ancient and old crystal skulls, making this book a must have for anyone interested in crystal skulls and in the journey of spiritual development.

the prism of lyra an exploration of human galactic heritage: Soul Companions Karen Sawyer, 2012-11-01 You are never alone... whatever your nationality, religion or belief, you have a spirit guide to assist your journey through life. A spirit guide doesn't have to be dead - everything that lives has a spirit that could potentially be a spiritual guide including pets and animals, plants, and elemental and otherworldly spirit allies. We can also be our own guides, and be guides to other people. This collection of spirit guide encounters from around the world will inspire you in your own quest for spirit guide contact with practical 'how to' advice. Learn how to recognise the signs and talk with the spirit beings guiding your life. This diverse collection of over 40 experiences, united in one book, will inspire you on your spiritual path to know that you are not alone, but that we are 'all-one'.

the prism of lyra an exploration of human galactic heritage: The UFO Bible Rafal Col, The UFO Bible, Volume 1, is about everything you want to know about UFOs, and the background about them. Everything from organizations who deal with UFOs, Alien races, terminology, theories, conspiracies, what does religion tell us about UFOs, facts, then and now, UFO Design, plus so much more in this first volume of the UFO Bible!

the prism of lyra an exploration of human galactic heritage: *Apocalypse or a Golden Age?* ,

the prism of lyra an exploration of human galactic heritage: *The Return of the Rebel*

Angels Timothy Wyllie, 2011-08-23 Furthers the revelations of The Urantia Book, providing a beautiful vision of our coming return to the Multiverse • Offers angelic reassurance that “Armageddon has been canceled” and that the coming transition will be gentle and the future positive • Explains Lucifer’s angelic rebellion, its impact on the past 200,000 years, and the transformation of consciousness on the horizon as the fallen angels return • Shares the author’s spiritual wisdom gained through extensive travels and encounters with angels, ETs, and other enlightened beings As recorded in The Urantia Book, two hundred millennia ago 37 planets, including our own, were quarantined from the rest of the Multiverse to quell the spread of the Lucifer rebellion within the angelic hierarchy. Now, after eons of isolation, the fallen angels have been forgiven and Earth’s connection with the Multiverse is being restored, initiating a massive transformation of consciousness as we reconnect with angelic guides, extraterrestrial beings, and our spiritual heritage as sacred vessels for God’s presence. Providing an update to The Urantia Book through angelic transmissions he has received and remarkable spirits he has met, Timothy Wyllie investigates the underlying motives of the angelic rebellion and the impact it has had on our planet for the past 200,000 years. Offering a profoundly optimistic vision of the future and reassurance that the coming spiritual transition will be gentle, Timothy Wyllie describes his encounters with angels, ETs, and other enlightened beings around the world, including how he made contact with his own guardian angels, met the man who may have been Grand Master of the Priore de Zion, fell in love with a beautiful Cathar reincarnate in Provence, and officiated at the 1981 Conference in Spirit inside the Great Pyramid of Giza. He explores different planetary cosmologies, authentic extraterrestrial intelligence, entheogenic revelations, and the spiritual implications of the Holographic Paradigm, weaving together a coherent and provocative understanding of the current state of our planet within the larger context of a benevolent and caring Multiverse.

the prism of lyra an exploration of human galactic heritage: *Beyond the Bleep* Alexandra Bruce, 2005-09-01 What the Bleep Do We Know!? is the biggest New Age movie phenomenon . . . EVER! This outrageous film plunges you into a world where quantum uncertainty is demonstrated—where neurological processes and perceptual shifts are engaged and lived by its protagonist—where everything is alive, and reality is changed by every thought. What the Bleep Do We Know!? gives voice to the modern-day radical souls of science, bringing their genius to millions. What the Bleep Do We Know!? says that science and spirituality are not different modes of thought, but are in fact describing the same thing. And it brings the power back to the individual man and woman as it demonstrates creation as the god-like capacity of every individual. In *Beyond the Bleep*, Alexandra Bruce illuminates the personalities and teachings of the physicists, neurologists, anesthesiologists, physicians, spiritual teachers, mystics, and scholars in the film, as well as the filmmakers, helping the reader sort through their wilder and woollier theories with simple explanations of the cutting-edge science on which they are based. The phenomenon of the movie is only just beginning, spreading outwards from the yoga studios and health food stores of the Pacific Northwest across America and the world. There is a huge demand for more information on the topics presented in the film; *Beyond the Bleep* is the place to start.

the prism of lyra an exploration of human galactic heritage: *Wake Up and Eat the Kale* Wendy Marie Banting, 2014-02 In 2010, Wendy Banting was diagnosed with advanced aggressive breast cancer. In that life-defining moment, she felt strongly that she needed to leave the traditional medical model of treating cancer in favour of a more natural approach. In the pioneering spirit of her famous relative Sir Frederick Banting, discoverer of insulin, who was also working towards a cure for cancer in his last days, she has forged a new vision and model to address cancer as it becomes more prevalent. Wendy believes that the possibility of healing naturally lies within each person. Discover the steps Wendy took to cure her own cancer, without surgery, chemotherapy, or radiation.

the prism of lyra an exploration of human galactic heritage: *The Truth Behind the*

Christ Myth Mark Amaru Pinkham, 2002-04 Return of the Serpents of Wisdom and Conversations With the Goddess author Pinkham tells us the Truth Behind the Christ Myth and presents radically new information regarding Jesus Christ and his ancient legend, includes: The legend of Jesus Christ is based on a much earlier Son of God myth from India, the legend of Murrugan, the Peacock Angel; The symbol of the Catholic Church is Murrugan's symbol, the peacock, a bird native to south-east Asia; Murrugan evolved into the Persian Mithras, and Mithras evolved into Jesus Christ Saint Paul came from Tarsus, the centre of Mithras worship in Asia Minor. He amalgamated the legend of the Persian Son of God onto Jesus' life story; The Three Wise Men were Magi priests from Persia who believed that Jesus was an incarnation of Mithras; While in India, Saint Thomas became a peacock before he died and merged with Murrugan, the Peacock Angel; The Emperor Constantine, the first 'Christian' Emperor of the Roman Empire, was a lifelong devotee of Mithras. He was baptised Christian on his deathbed; The myth of the One and Only Son of God originated with Murrugan and Mithras.

the prism of lyra an exploration of human galactic heritage: Universal Truth Dr. Peter C. Rogers, 2011-10-18 This book unlocks many of the mysteries held throughout ancient times by introducing the reader to concepts and beliefs predating organized religion. Universal Truth is an expose of hidden knowledge and truths practiced by adepts and spiritual masters since the beginning of time as we know it. In this book, Dr. Rogers researches countless subjects dealing with metaphysical teachings to help readers gain a better understanding of the world in which live and the laws that govern it. Universal Truth is the key to the kingdom for anyone who's not afraid to venture beyond the known into a world of secrecy and mystery that lay hidden from the common person. But, be for-warned, this is not a book for the religious at heart nor the conditioned thinker but rather this is a book for the open-minded and the brave spirited. You wont believe what's been hidden from you by the Church, the world governments and the powers that be. This is truly a masterpiece and a cornucopia of light for the ardent seeker of wisdom.

the prism of lyra an exploration of human galactic heritage: Self Love and the Healing of Our Animal Friends Betsy Adams, 2012-02-15 If you feel you really love animals, this book is for you. If you feel how much your animals love you, this book is for you. Our feelings profoundly affect the health of our animals as well as our own health - physically, emotionally, mentally and Spiritually. When we Heal these feelings by Feeling the Love We Already Are, tremendous, life-changing events occur. Our animals health is dramatically improved, as is our own. We are tremendously powerful creators of our own reality, and by turning to Feeling the Love We Already Are, we can help create Health for our animals, for ourselves, for Earth and this Universe we all live in together. Ultimately, surrendering to the Love We Are is the most Healing of all, and the most Healing for all. Through stories, examples, metaphysical and Spiritual messages and exercises, this book explores how to help Heal our animals and ourselves. As free will beings, we are able, with the help of God, to Heal. This is true for our animals as well as for each of us. In this time of Earth Changes and Natures Healing, the animals are Healing too. As are we all, if we so choose.

the prism of lyra an exploration of human galactic heritage: By the Light of the Star Nick Ashron, 2007-12-19 Nick Ashron is a Psychic Artist and Visionary Musician who is fast gaining recognition in the 'Spiritual' arena having featured frequently in 'New Age' magazines and on television. In this book he shares the wisdom and insights that unfolded on his Spiritual journey that came from Spiritual Guidance and resulted in the inspirations for not only his Psychic Art and Music, but also for understanding a bigger picture of reality. The book aims to provide profound practical tools that can be applied in every day life in order to transform the individual's personal reality, and empower them to become the 'master' of their own reality - by becoming a Co-Creator with the Divine Universal Creator - the Source of All-Being.....BECOME THE LIGHT OF YOUR OWN STAR!

the prism of lyra an exploration of human galactic heritage: Principles and Applications of the Twelve Universal Laws, 1996-01-01 God designed twelve basic laws for us to follow. This workbook offers definitions of the twelve laws along with exercises, activities, and meditations to give you a better understanding of these laws and how to apply them to your daily life. This book is

great for adults and teens looking for positive change in their lives.

the prism of lyra an exploration of human galactic heritage: *Origins and the Next 50 Years*
Robert Shapiro, 1997-01-01 The accounts given by extraterrestrials in this volume are about events that occurred in our solar system many millions of years ago. In that ancient time the solar system consisted of four planets and four radiar systems that orbited the central sun. The four planets of the solar system are known today as Venus, Earth, Mars and a now-totally shattered world that was called Maldec. The term radiar applies to the astronomical bodies we presently call Jupiter, Saturn, Uranus and Neptune. The original satellites of these radiars are generally called moons by Earth astronomers, but the extraterrestrials prefer to call them planetoids. This book reflects the personal views of a number of different types of extraterrestrials regarding the state of the local solar system and the state of the Earth.

the prism of lyra an exploration of human galactic heritage: *The Soul Remembers* Carlos Warter, 1992-06-01 A Parable on Spiritual Transformation What is the purpose of human life? Who am I? What is the reality of this world I find myself in? Why do I find myself in the midst of certain troublesome circumstances? Who among us has not pondered some of these questions at times? On the outermost level, this book is a teaching metaphor similar to those used in all sacred traditions. But behind the parable is cosmic perspective on essence, individuality, and relationships. There is a view of human purpose, soul design, and divine direction that leads to a new look at the origin of suffering, healing, and the evolutionary dimensional shift. Through the voices of archetypes of consciousness, the book subliminally explores paths to power, love, beauty, strength, and mysticism. It moves through different dimensions of reality while simultaneously focusing on the mental, emotional, and physical aspects of life as instruments of expression that can be tuned to a higher purpose. The Soul Remembers is the expression of a spiritual journey that has assisted thousands in their own processes of self-remembrance, encouraging them to live more deeply and become personally responsible for cocreating heaven on earth.

the prism of lyra an exploration of human galactic heritage: *ETs and the Explorer Race*
Robert Shapiro, 1996-01-01 In ETs and the Explorer Race, Robert Shapiro channels Joopah, a Zeta Reticulan now in the ninth dimension, who continues the story of the great experiment -- the Explorer Race -- from the perspective of his race. The Zeta would have been humanity's future selves had not humanity re-created the past and changed the future. Fascinating information on: The true nature of the Zetas Abduction and contacts Who the different Grays are The three Zeta-human hybrid races How the hybrids will interact with Earth Our extraterrestrial chromosomes
