****A Comprehensive Timechart of Biblical History: Tracing the Journey Through Sacred Times****

timechart of biblical history offers an intriguing way to visualize and understand the vast timeline covered in the Bible. For many, the Bible is not only a spiritual text but also a historical document that spans thousands of years. Mapping out biblical events in chronological order helps both scholars and enthusiasts grasp the flow of stories, major occurrences, and cultural shifts that shaped ancient civilizations and faith traditions. In this article, we'll explore a detailed timechart of biblical history, uncover key events, and delve into how this timeline connects to archaeology, ancient Near Eastern history, and theological insights.

Understanding the Basics: What Is a Timechart of Biblical History?

Before diving into specific dates and events, it's important to clarify what a timechart of biblical history entails. Essentially, it is a chronological framework that organizes biblical narratives, genealogies, and historical markers into a timeline. This timeline typically starts with the earliest accounts in Genesis and progresses through the major epochs such as the Patriarchal period, Exodus, the era of the Judges, the United Monarchy under Kings Saul, David, and Solomon, the Divided Kingdom, exile periods, and finally the New Testament era.

A well-constructed timechart helps readers:

- Visualize the sequence of biblical events.
- Correlate biblical history with external historical records.
- Understand the context behind prophetic writings and covenantal themes.
- Track the development of Israelite society and faith.

Key Periods in the Timechart of Biblical History

Creation to the Flood: The Primeval History

The biblical timeline begins with the creation narrative found in Genesis. The timeframe here is symbolic and theological, rather than strictly historical, but it sets the foundation for understanding humanity's origins and God's relationship with creation.

- ****Creation of the World:**** Traditionally dated to an ancient, unspecified era; some chronologists place it around 4000-5000 BCE based on biblical genealogies.

- **The Fall and Early Humanity:** Adam and Eve's story, the spread of humanity, and the onset of sin.
- **The Flood:** A cataclysmic event involving Noah's ark, often linked to ancient flood myths. Some scholars attempt to correlate this with Mesopotamian flood traditions, placing it around 3000-2500 BCE.

The Patriarchal Era: Abraham, Isaac, and Jacob

This era is pivotal because it introduces the covenant relationship between God and the ancestors of Israel.

- **Abraham's Call:** Around 2000-1800 BCE, Abraham is called from Ur to Canaan, marking the beginning of the Israelite lineage.
- **Isaac and Jacob:** Successors who maintain and develop the covenant promises.
- **Joseph in Egypt:** Jacob's son Joseph is sold into Egypt, setting the stage for the Israelites' eventual migration and enslavement.

Exodus and Wilderness Wandering

The Exodus is one of the most significant events in biblical history, recounting the liberation of the Israelites from Egyptian bondage.

- **The Exodus Event:** Traditionally dated to around 1446 BCE or alternatively the 13th century BCE (circa 1250 BCE), depending on interpretation.
- **Moses and the Law:** Receiving the Ten Commandments at Mount Sinai.
- **Wandering in the Desert:** The Israelites' 40 years of journeying before entering the Promised Land.

Settlement and Judges Period

Following the Exodus, Israel enters a time of tribal confederation and decentralized leadership.

- **Conquest of Canaan:** Under Joshua, tribes settle in the land.
- **Period of the Judges:** A cyclical pattern of Israel's faithfulness, apostasy, oppression, and deliverance by leaders called Judges.
- This era spans roughly from 1400 BCE to 1050 BCE.

The United Monarchy: Saul, David, and Solomon

The establishment of a monarchy represents a major shift in Israel's political and religious life.

- **King Saul:** The first king, around 1050 BCE.
- **King David:** Expands the kingdom and establishes Jerusalem as the capital (circa 1000 BCE).
- **King Solomon:** Known for wisdom and temple construction (circa 970-930 BCE).

The United Monarchy period is often seen as Israel's golden age in biblical history.

The Divided Kingdom and Exile

After Solomon's reign, the kingdom splits into Israel (Northern Kingdom) and Judah (Southern Kingdom).

- **Northern Kingdom (Israel):** Falls to Assyria in 722 BCE.
- **Southern Kingdom (Judah):** Conquered by Babylon in 586 BCE, leading to the Babylonian Exile.
- The exile period is crucial for prophetic literature and the shaping of Jewish identity.

Return from Exile and Second Temple Period

- **Persian King Cyrus the Great:** Decrees the return of exiles around 538 BCE.
- **Rebuilding the Temple:** Completed in 516 BCE, marking the beginning of the Second Temple era.
- This period includes the ministries of Ezra and Nehemiah and sets the stage for the later emergence of sects like the Pharisees and Sadducees.

The Intertestamental and New Testament Era

Between the Old and New Testaments lies the "silent" period that includes significant historical developments.

- **Hellenistic Influence:** Following Alexander the Great's conquests (around 330 BCE).
- **Roman Rule:** Beginning in the 1st century BCE, under which Jesus of Nazareth is born.
- **Life of Jesus and the Early Church:** The New Testament period, roughly from 4 BCE to the late 1st century CE.

Using a Timechart of Biblical History for Study and Teaching

Incorporating a timechart into biblical study or teaching can transform how one interacts with Scripture. Here are some practical tips:

- **Visual Aid:** Use timelines or chronological charts to track events and characters. This can clarify confusing overlaps or genealogies.
- **Contextual Connections:** Relate biblical events to known historical markers, such as Assyrian or Babylonian invasions, to deepen understanding.
- **Thematic Exploration:** Follow themes like covenant, exile, prophecy, and restoration across different time segments.
- **Cross-Referencing:** Compare biblical dates with archaeological findings to appreciate the historical reliability and cultural background.

Challenges in Constructing a Biblical Timechart

Crafting an accurate timechart of biblical history is not without its difficulties:

- **Chronological Variations:** Different biblical books sometimes give conflicting ages or reign lengths.
- **Symbolic Numbers:** Numbers like 40 or 70 often carry symbolic meaning rather than literal time spans.
- **Lack of External Confirmations:** Some events, especially early ones, lack archaeological evidence or external historical records.
- **Interpretive Differences:** Scholars debate the dating of key events such as the Exodus or the United Monarchy.

Despite these challenges, many timelines offer approximate frameworks that serve as valuable educational tools.

The Importance of Biblical History in Modern Faith and Scholarship

Understanding the timechart of biblical history enriches both faith and academic study. It helps believers see the unfolding narrative of God's interaction with humanity and appreciate the depth of Scripture's historical roots. For historians and archaeologists, it provides a foundation to explore the ancient world and its cultures.

Moreover, knowing the sequence of biblical events can illuminate the progression of theological ideas—from creation and fall to redemption and restoration. This chronological perspective invites readers to engage with the Bible as a living document shaped by real people and moments in time.

Whether you're a student, teacher, or curious reader, exploring the timechart of biblical history opens a window into a world where faith and history intersect, offering insights that continue to inspire and challenge today.

Timechart of Biblical History: An Analytical Overview

timechart of biblical history serves as a vital tool for scholars, theologians, and history enthusiasts aiming to unravel the complex chronology and interwoven events documented within the Bible. Unlike conventional historical timelines, biblical history spans millennia and intertwines religious narratives with archaeological findings, cultural transformations, and geopolitical shifts. This article delves into the structure and significance of a

timechart of biblical history, exploring how it synthesizes scriptural events with historical data to provide a cohesive chronological framework.

Understanding the Timechart of Biblical History

A timechart of biblical history is more than a mere chronological listing of events; it is an analytical framework that contextualizes biblical narratives within the broader spectrum of ancient history. The Bible, comprising the Old and New Testaments, contains accounts ranging from creation myths to the early Christian era, making the task of mapping these stories onto a historical timeline both challenging and intriguing.

Biblical chronology is often divided into distinct eras: the Patriarchal period, the Exodus and settlement in Canaan, the era of the United Monarchy, the Divided Kingdoms, the Exilic and Post-Exilic periods, and finally the intertestamental and New Testament times. Each era corresponds with significant religious developments and socio-political transformations that shaped the ancient Near East.

Key Features of a Biblical Timechart

1. **Chronological Anchors:** These include events such as the Flood, the Exodus, the reigns of Kings David and Solomon, and the Babylonian Exile. These anchors help historians synchronize biblical events with external historical records.
2. **Integration with Archaeology:** Recent archaeological discoveries often corroborate or challenge biblical timelines, necessitating updates and revisions in a timechart of biblical history.
3. **Cultural Context:** The chart situates biblical events alongside parallel developments in surrounding civilizations like Egypt, Assyria, Babylon, Persia, and Rome.
4. **Textual Sources:** The timechart is constructed by analyzing biblical texts alongside other ancient documents like the Dead Sea Scrolls, the Mesha Stele, and contemporary inscriptions.

Chronological Breakdown of Biblical History

The Patriarchal Period (circa 2000-1500 BCE)

This epoch is traditionally associated with the lives of Abraham, Isaac, Jacob, and Joseph. The timechart of biblical history places these figures within the Middle Bronze Age, a period marked by nomadic tribes and emerging city-states in the Near East. While archaeological evidence for specific patriarchs remains debated, the era sets the foundation for the covenantal themes central to biblical theology.

The Exodus and Settlement (circa 1500-1200 BCE)

The Exodus narrative, detailing the Israelites' liberation from Egypt and entry into Canaan, is a cornerstone of biblical history. Dating this event has been a subject of scholarly debate, with proposed timelines ranging from the 15th to the 13th centuries BCE. The timechart reflects these competing theories by presenting parallel models, recognizing the lack of unequivocal archaeological proof.

The United Monarchy and Divided Kingdom (circa 1050-586 BCE)

This period encompasses the reigns of Saul, David, and Solomon, followed by the split into the northern kingdom of Israel and southern kingdom of Judah. The timechart aligns these events with the Iron Age, a time of geopolitical complexity involving Assyrian and Babylonian expansion. The fall of Israel in 722 BCE and Judah in 586 BCE are critical markers that are supported by both biblical accounts and external records like Assyrian annals and Babylonian Chronicles.

The Exilic and Post-Exilic Periods (586-332 BCE)

Following the destruction of Jerusalem and the temple, the timechart of biblical history highlights the Babylonian Captivity and subsequent Persian rule under Cyrus the Great, who authorized the return of exiles. This era is crucial for understanding the development of Jewish identity, religious reforms, and the compilation of significant biblical texts.

The Intertestamental Period and New Testament Era (332 BCE-100 CE)

The intertestamental period, often referred to as the Second Temple period, includes Persian, Hellenistic, and early Roman influences. The timechart integrates the rise of Greek culture under Alexander the Great, the Maccabean Revolt, and the eventual Roman occupation. The New Testament events, including the life and ministry of Jesus Christ, the spread of early Christianity, and the apostolic age, culminate this extensive timeline.

Challenges in Constructing a Timechart of Biblical History

Constructing an accurate and reliable timechart of biblical history is fraught with difficulties stemming from textual ambiguities, translation variations, and conflicting data between biblical narratives and archaeological findings. For instance, the dating of the Exodus or the historicity of the United Monarchy remains debated among experts.

Additionally, the symbolic and theological nature of some biblical texts complicates the effort to treat them as strict historical records.

Moreover, the integration of biblical history with external sources requires careful cross-examination. While inscriptions and artifacts provide valuable corroboration, they sometimes contradict biblical chronologies, necessitating cautious interpretation.

Benefits of Using a Timechart in Biblical Studies

- **Enhanced Comprehension:** Visualizing events in chronological order aids in understanding the progression and causality within biblical narratives.
- **Interdisciplinary Insights:** Combining archaeology, linguistics, and history enriches the study of biblical texts.
- **Educational Utility:** Timecharts serve as effective teaching tools for students and scholars alike.
- **Comparative Analysis:** Aligning biblical events with contemporaneous historical developments provides a broader perspective on ancient civilizations.

Technological Advances and Digital Timecharts

With the advent of digital humanities, timecharts of biblical history have evolved into interactive platforms incorporating multimedia elements and updated research. These digital tools allow users to explore different hypotheses, filter events by category, and access primary sources linked within the timeline. This dynamic approach aids ongoing scholarly debates and public understanding alike.

Interactive biblical timecharts also facilitate comparative studies with other ancient texts, such as the Epic of Gilgamesh or Egyptian chronicles, highlighting shared motifs and historical intersections.

Conclusion

Exploring the timechart of biblical history reveals a rich tapestry of events that shaped religious thought and ancient societies. While challenges remain in reconciling scriptural accounts with historical data, ongoing research and technological innovation continue to refine our chronological understanding. As a result, timecharts not only provide a structured overview of biblical events but also foster a deeper appreciation of the intricate relationship between faith, history, and culture.

timechart of biblical history: 101 Biblical Words Timothy J. Durden, 2009-10 An ordained minister originally from the Church of God in Christ but now serving as a Pastor in ministry at Christ Assembly Fellowship. Born 9 of 13 brothers and sisters from the deep south of Georgia to the small alleys of Harrisburg, PA to the low income row homes of the projects it was not always easy ascertaining the Truth. My military career in the United States Navy of 24 years quickly exposed me to a myriad of truths and lies. My first experience concerning the Truth of Scripture was meticulously challenged while serving in the United States Navy. I met a Brother in Christ who was much older than I and who had good understanding and knowledge of the Scriptures. His understanding and knowledge was so good that at 19 years old he impressed me immensely. This Brother became my mentor and most definitely of his Bible knowledge. I did not solicit his guidance but it was one of those things that kept drawing me back to what he had to offer in the way of challenging my faith and Bible knowledge. I remember one question he put to me one day he asked what do you know about December 25th? My QUICK response was - of course - it is the birthday of our Lord and Saviour. But his reply seriously challenged and shattered EVERYTHING I believed. I did not speak to him for quite some time because my parents warned me about people like him. But there was that drawing and wanting to know the Truth that took me back to wanting to know his views that subsequently started me on the path of seeking the knowledge of the Truth. I have not ceased since those days of digging up the Truth about God and His Holy Word.

timechart of biblical history: The Holy Bible "Chronicle" of Sequential Biblical Events Robert Killian, 2012-09-27 Most of us have wondered, sometime during our lifetime, about when Adam and Eve were really "expelled from paradise" in the Garden of Eden. Can we find a verifiable and replicable answer to this question? Most of us have questioned, sometime during our lifetime, the "accepted" sequential biblical timeline of Archbishop James Ussher who claimed that 4004 BC was

the actual date for that initial biblical event in our current holy scriptures. Was he right? Most of us have questioned, sometime in our lifetime, how the Hebrew's "accepted" claim that 3761 BC could be the actual date for Adam's "expulsion." Were they right? Can we find a way to reconstruct the complete Hebrew Bible timeline, from Adam's "expulsion" from paradise to our day? Is this possible? Who believes that it can be done? Well, it has been done! Here, is how it is done! To reconstruct the Hebrew Bible timeline, we need to know only the simple math formula that they used! The employment of this simple formula shall enable us to rebuild that same sequential biblical timeline, block by block, in the exact same fashion that the Jewish people "use from the beginning," at Adam's "expulsion" from paradise, in the Garden of Eden. The formula used in reconstructing an "actual count" of the Hebrew Bible is found below: $7 \times 7 = 49 \times 10 = 490 \times 10 = 4,900$ solar years $7 \times 7 = 49 + 1 = 50 \times 10 = 500 \times 10 = 5,000$ lunar years Since both of these 49 solar, and 50 lunar, periods of time contain 18,200 days (approx), we can then "post the number" of any given sequential biblical event in its designated year position on a side-by-side comparison chart. If we "post the number" in this fashion, it will show us exactly when and where, on the timeline chart, there is an error in the sequential computations of any sequential biblical event that is propounded by any biblical chronologist, past or present! In this present book, we find that the Ussher biblical timeline is 112 years "too early." And the Hebrew biblical timeline of Codex Judaica is 131 years "too late." Obviously, 3892 BC is the only "year number" that can work for a verifiable timeline! This book, The Holy Bible "Chronicle" of Sequential Biblical Events, by Robert P. Killian, is the fruit of over seventy-year search for that verifiable and replicable answer to the long-sought question: "Can the Ussher biblical timeline be trusted?"

timechart of biblical history: *Behold, I AM* Joyce Lynn Wulf, 2023-11-13 It was a childlike question, but the answer was as stunning as it was profound. If God is light, what do the primary colors of the rainbow's spectrum signify? The Gospel of John declares in eight mysterious signs that God is light and Jesus Christ in the flesh was God sent to bring the light of true life to us. These enigmatic signs of light, semeion, imply the eight signs' significance pointed to something other than what they appeared. The themes of John's eight signs match the themes of the Feasts given to ancient Israel at Mount Sinai and a sequence of YHWH's covenant names. Behold, I AM is a rich, in-depth study into God's Holyday appointed times, His eight Festivals of Light, what they meant then, what they mean today, and how they are fulfilling prophecy.

timechart of biblical history: Ancient Revelations of the Bible A. C. Lenak, 2015-03-19 My reason for writing this book was to understand the Bible more fully. Why did God have so much trouble with His little flock of people? Why did they always disobey Him? Who were the little gods they were always worshipping? That's why I read the book of Enoch that told about the Watchers and detailed their treachery against God. Other books outside the Bible also reveal more details and clear up many of the mysteries that the Bible does not explain. It has increased my faith in God even more.

Espinoza, 2018-10-15 Story, Formation, and Culture brings together a myriad of scholars, researchers, and ministry leaders into conversation about how we can effectively nurture the spirituality of children. Built around the three themes of story, formation, and culture, this volume blends cutting-edge research and insights with attention to how we can bring theory into practice in our ministries with children. The work of children's spiritual formation is often a marginalized component in the church's overall ministry. This volume seeks to equip pastors, leaders, and scholars with cutting-edge research and practices that effectively strengthen their ministries with children.

timechart of biblical history: *Commentary On Genesis 1:1-11:26* D.J. Letscher, 2020-01-28 As no part of the Bible is to be considered more important than any other part and there are no words of Scripture that we can do without, the words of Genesis 1:1-11:26 are not considered any more or less important or noteworthy than another set of eleven chapters randomly found in Scripture. These eleven chapters do, however, form the beginning of God's word to us and we are presented with history on a universal scale. In my opinion, it is the most sensible place to begin learning about our heavenly Father and about His eternal plan. This approach will give a Bible student the fundamental knowledge that is essential to understanding all remaining Scripture. This commentary will cover topics such as: 1. The Creation of the Heaven and the Earth by God in Eternity Past (Gen. 1:1) and the Ruin in which they Ended (Gen. 1:2). 2. The Six Days of Creation in Time Present (Gen. 1:231), Including the (Sixth Day) Creation of all mankind, both male and female (Gen. 1:27), and the Blessing by God of the Seventh Day (Gen. 2:13). 3. The Generations of the Heavens and of the Earth (Gen. 2:4-4:26). 4. The (Sixth Day) Formation of Adam (Gen. 2:7), the Creation of Eve (Gen. 2:22), and Their Stay in the Garden of Eden (2:8-25). 5. The Beguiling of Adam and Eve by Satan (Gen. 3:1-7); the Punishment Determined by God upon Satan, Eve, and Adam (Gen. 3:8-24). 6. The Promise of a Savior (Gen. 3:15). 7. The Birth of Cain and Abel; the Murder of Abel by Cain, and the Lineage of Cain (Gen. 4:1-24). 8. The Lineage of Adam and the Antediluvian, or Pre-Flood, Patriarchs (Gen. 5:1-31). 9. The Fallen Angels and their Progeny; the Giants (Gen. 6:1-7). 10. Grace found only in Noah (Gen. 6:8). 11. The Pedigree of Noah; the Ark, and the Flood (Gen. 6:9-9:29). 12. The Generations of the Sons of Noah (Gen. 10:1-31). 13. Nimrod and the Tower of Babel (Gen. 11:1-9). 14. The Generations of Shem (Gen. 11:10-26). In addition, below each verse of the eleven chapters covered selected words will be highlighted and both the equivalent Hebrew translation of the word, as well as its definition will be given. *Definitions given are from The New Strong's Exhaustive Concordance of the Bible

timechart of biblical history: A Kingdom of the Truth or Deception? David K. Hebert Th.D., 2024-12-18 This book has been the culmination of over forty years of study on the concept of defending the Christian faith against false religions and cults that oppose that faith by exposing them. Since 2007, the study took on a more academic-researched scholarly tone while writing one chapter in the doctoral work. It was during that time frame that studying the false religions and cults took on a more focused biblical, historical, and Christian orthodox direction. So the foundation of this book uses the Parable of the Wheat and the Weeds (Tares) in Matthew 13:24-30, 36-43 and a clear understanding of the core orthodox Christian beliefs as the standard for Christians to compare the kingdom of God versus the kingdom of darkness (and God's truth versus Satan's lies/error) throughout biblical history, from the Garden of Eden to the present day, especially as the day of Jesus Christ's return so rapidly approaches.

timechart of biblical history: From the First Rising Sun Charla Jean Morris, 2011-08-10 While in medical school (which I did not have the privilege of completing), once a week we had a small group discussion class called Focus On Problems. Each group had a leader, a member of the medical school staff or someone closely associated with the school, usually an MD or Ph.D. Our group leader was Dean of the Medical School, H. David Wilson, MD. One class period focused on working with patients of different ethnic backgrounds. Dr. Wilson asked me what were some of the traditions of my tribe in regard to medicine that would be helpful for a doctor to know. My reply was that I had been raised like a white, that I had grown up learning about various herbal and natural remedies, but that I knew nothing about the specific medical traditions, ceremonial or secular, of my people. I had always longed to know of the traditions of my people before that, but circumstances of my family history had not allowed it. That question in the Focus On Problems class caused that longing to intensify into a sharp pang of longing that would not be satisfied until many years later. While in the first two years of medical school as a nontraditional student, I was in an environment that encouraged the development of the knowledge of Native American traditions. We had Native American speakers that came and elaborated on Native American traditions. One area that was

lacking was tribal histories, but what academics label prehistory. I commented to her that when white man came, they did all they could to destroy our social and religious fabric, so the old traditions were not passed down to most of the remaining members of the tribes. Now we know nothing of our old history. There is nothing left. The white side of my family history is easy to know, but not my Cherokee and Choctaw side. She replied by saying that, yes, many of our peoples have lost their old traditions, and it is sad.

timechart of biblical history: *Pourquoi la Science et la Foi vont de Pair* Malcolm A. Jeeves, 2023-04-12 Lorsque nous essayons de nous comprendre et de comprendre le monde dans lequel nous vivons, nous nous tournons souvent d'abord vers la science - et ensuite, s'il reste des lacunes dans notre compréhension, nous essayons de les combler en nous référant à Dieu et à notre foi. Cette approche, que nous appelons le dieu des lacunes, a une longue histoire et, malheureusement, elle est encore bien vivante aujourd'hui. Ce livre a été écrit pour offrir une approche alternative en posant cette question fondamentale : comment les chrétiens ayant reçu une éducation formelle peuvent-ils maintenir leur honnêteté intellectuelle et en même temps être fidèles à la fois à l'Écriture et à la science ? Ce livre donne des exemples de quelques-uns des problèmes les plus épineux qui se posent aujourd'hui dans le domaine de la science et de la foi, et propose des moyens de réfléchir de manière constructive à chacun d'entre eux. Malcolm A. Jeeves est professeur émérite de psychologie à l'université de St Andrews, en Écosse, ancien président de la Société royale d'Édimbourg et de l'Académie nationale d'Écosse, et membre de l'Académie des sciences médicales et de la Société britannique de psychologie. Pionnier de la psychologie cognitive, de la neuropsychologie et de la psychologie évolutionniste, il est l'auteur de nombreux ouvrages sur la science et la foi.

timechart of biblical history: *A Worldview Approach to Science and Scripture* Carol Hill, 2019-11-19 Geologist Carol Hill examines how numerous apparent conflicts between Scripture and science can be resolved by understanding the ancient worldview of the scriptural authors and how it differs from our modern, scientific worldview. This framework opens the door to clearing up longstanding questions, such as:

- Are the Genesis patriarchs' ages real numbers?
- Are the days of creation actual 24-hour days?
- Where was the Garden of Eden located?
- Was Noah's flood global or local?
- Were Adam and Eve real people?
- Is evolution a belief or a fact?

With photographs and diagrams throughout, Hill explores the meaning of the relevant biblical passages, the scientific data, and how the worldview approach addresses seeming contradictions. Anyone who has wrestled with these questions will find *A Worldview Approach to Science and Scripture* to be an invaluable resource for understanding the interplay between faith and the world.

Carol Hill takes both Scripture and science seriously, affirming the inspiration of the Bible and the evidence for biological evolution. --Deborah Haarsma, President of BioLogos

This is one of the best one-volume works on the creation/evolution dialogue in print. --Kenneth Keathley, Southeastern Baptist Theological Seminary

Carol Hill's worldview approach brings the reader face-to-face with archeological, biblical, and scientific data that enable one to gain a new appreciation for what the Bible is trying to teach. This approach is a very helpful tool! --James K. Hoffmeier, Trinity Evangelical Divinity School

timechart of biblical history: MOSES DRAWN OUT Terry A. Roberts, 2024-08-21 Moses was born a slave in the Goshen ghetto. An adopted prince of Egypt and perhaps an esteemed son of Pharaoh. Perhaps a mumble-mouth stuttering Semitic step-son whom the Pharaoh was too willing to kill. A murderer, a fugitive and a fleeing felon. A simple Midian shepherd. A reluctant prophet. Split the Red Sea with God's staff. Spoke face-to-face with God. An author of the world's most beloved book. General of a slave nation. Perhaps a failed father and distant husband. God called Moses to HIS higher calling. God calls all of us to HIS higher calling if only we would follow HIM in our faith. "My friend, Terry A. Roberts, wrote MOSES DRAWN OUT. It is a book of careful study, biblical accuracy, and practical help - enjoy!" -Doctor David A. Rakes - Retired SBC Pastor, Fairborn, Ohio. "Moses is considered one of the most important faith leaders in world history. Terry A. Roberts has

been able to challenge those who question the Bible by writing about Moses and how his story continues to this day. The nation of Israel is the story of Moses.” -David H. Foster, Sr. - Adjunct Professor of Business, Thomas More University. Crestview Hills, Kentucky. “I loved Terry A. Roberts’ boots-on-the-ground commentary. The reader feels like they are walking alongside Moses and experiencing the sand, mountains, rivers, fears, excitement and the atmosphere of the biblical story.” -Pastor James M. “Jim” Gifford – Retired SBC Pastor, Kettering, Ohio.

There are articles introducing the Old and New Testaments, specifically the Pentateuch, the Historical Books, the Wisdom and Poetry Books, the Prophets, the Gospels and the Acts of the Apostles, the Letters, and Revelation. The history and differences of translations are discussed, and other tools to help you unlock the Bible are introduced. Additional aids include maps, charts, a timeline, and a glossary. Together these aids further investigate the Bible and the world in which it was written, as well as the progression of scholarship that helps us understand the Bible today.

timechart of biblical history: Why Science and Faith Belong Together Malcolm A. Jeeves, 2021-02-25 As we try to understand ourselves and the world we live in, all too often we look first to science--and then, if gaps remain in our understanding, we try to fill the gaps with reference to God and our faith. Such a god-of-the-gaps approach has a long history and is sadly alive and well today. This book was written to provide an alternative approach, posing this basic question: How can educated Christians maintain their intellectual honesty and, at the same time, be faithful both to Scripture and to science? This book provides examples of some of the liveliest science vs. faith issues today and suggests ways to think constructively about each of them.
