**red dead redemption 2 the complete official guide: Rockstar Games and American History** Esther Wright, 2022-08-22 For two decades, Rockstar Games have been making games that interrogate and represent the idea of America, past and present. Commercially successful, fan-beloved, and a frequent source of media attention, Rockstar's franchises are positioned as not only game-changing, ground-breaking interventions in the games industry, but also as critical, cultural histories on America and its excesses. But what does Rockstar's version of American history look like, and how is it communicated through critically acclaimed titles like *Red Dead Redemption*

(2010) and L.A. Noire (2011)? By combining analysis of Rockstar's games and a range of official communications and promotional materials, this book offers critical discussion of Rockstar as a company, their video games, and ultimately, their attempts at creating new narratives about U.S. history and culture. It explores the ways in which Rockstar's brand identity and their titles coalesce to create a new kind of video game history, how promotional materials work to claim the authenticity of these products, and assert the authority of game developers to perform the role of historian. By working at the intersection of historical game studies, U.S. history, and film and media studies, this book explores what happens when contemporary demands for historical authenticity are brought to bear on the way we envisage the past - and whose past it is deemed to be. Ultimately, this book implores those who research historical video games to consider the oft-forgotten sources at the margins of these games as importance spaces where historical meaning is made and negotiated. **red dead redemption 2 the complete official guide: La saga Red Dead** Romain Dasnoy, 2020-05-25 La Saga Red Dead. Vengeance, Honneur et Rédemption permet de comprendre en plusieurs temps le phénomène généré par cette saga de western. Aujourd'hui, elle inspire même certains réalisateurs et scénaristes de films ou de séries, à l'image de Westworld (HBO). Le livre revient sur les coulisses du développement en parallèle de celui du mastodonte GTA, qui a su mettre en place des techniques innovantes pour concevoir des mondes ouverts au réalisme troublant. S'ensuit un décryptage de son scénario et de sa narration, au regard de son pendant cinématographique, et une analyse de ses nombreux thèmes, depuis la moralité variable à l'époque de la conquête de l'Ouest aux piliers du genre western. Le chapitre sur les mondes ouverts permet quant à lui de comprendre en quoi Red Dead est une saga qui se situe bien au-dessus de la mêlée, grâce à une expérience de jeu grandiose, et d'en expliquer l'emprise qu'elle a sur les joueurs. La dernière partie s'applique à décortiquer les rapports entre les personnages, qui font le lien entre les nécessités du gameplay et celles du scénario, pour enfin expliquer en quoi la saga est peut-être une évolution du western que seul le jeu vidéo pouvait offrir.

**red dead redemption 2 the complete official guide: The Walkthrough** Doug Walsh, 2019-05-16 The Walkthrough offers a rare peek behind the curtain of the secretive video game industry from an unlikely perspective, that of a career strategy guide writer. One part memoir and one part industry tell-all, The Walkthrough takes players on an entertaining march through gaming's recent history, from the dawn of the PlayStation to the Xbox 360 and Nintendo Switch. Follow along as Walsh retraces his career and reveals how the books were made, what it was like writing guides to some of the industry's most celebrated — and derided — titles, and why the biggest publishers of guidebooks are no longer around. Walsh devotes entire chapters to many of gaming's most popular franchises, including Tony Hawk's Pro Skater, Gears of War, and Diablo, among others. From inauspicious beginnings with Daikatana to authoring the books for the entire Bioshock trilogy, with plenty of highs, lows, and Warp Pipes along the way, Walsh delivers a rare treat to twenty-first century gamers. The Walkthrough is sure to satisfy the curiosity of anyone who grew up with the works of BradyGames and Prima Games sprawled across their laps. With over one hundred books to his credit, and countless weeks spent at many of the most famous studios in North America, he is uniquely qualified to give an insider's perspective of a little-known niche within the multi-billion-dollar industry.
