Basic Gameplay Mechanics

Each level shows a blank ball and a target design on the side. Players have access to a toolbox containing various items such as:

- Paintbrushes with different colors
- Stickers and decals
- Tools to flip or rotate the ball
- Erasers or removal tools

- ****Plan your moves****: Think a few steps ahead before applying a tool. Some levels require a specific sequence to avoid ruining the design.
- ****Use the undo button****: If you make a mistake, don't hesitate to undo your last action.
